II. RISK FACTORS Std. obs. 2 (Consolidated Std. Obs. 8)

A. Standard Risk Factors

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the scheme invests fluctuates, the value of your investment in the scheme may go up or down.
- Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the scheme.
- Bajaj Finserv Nifty 50 ETF is only the name of the scheme does not in any manner indicate either the quality of the scheme or its future prospects and returns.
- The sponsor is not responsible or liable for any loss resulting from the operation of the scheme beyond the initial contribution of Rs. 1,00,000 made by it towards setting up the Fund.
- The present scheme is not a guaranteed or assured return scheme.

B. Scheme Specific Risk Factors

1. Scheme Specific Risk Factors for Bajaj Finserv Nifty 50 ETF

The Scheme is subject to the principal risks described below. Some or all of these risks may adversely affect Scheme's NAV, trading price, yield, total return and/or its ability to meet its objectives.

Passive Investments

The Scheme is not actively managed. The Scheme may be affected by a general decline in the Indian markets relating to its Underlying Index. The Scheme invests in the securities included in its Underlying Index regardless of their investment merit. The AMC does not attempt to individually select stocks or to take defensive positions in declining markets.

2. Risks associated with investing in equities:

While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. The liquidity of the Schemes' investments is inherently restricted by trading volumes in the securities in which it invests.

The value of the Scheme's investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Governments, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Scheme may fluctuate and can go up or down.

Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Scheme's to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities.

The scheme will also be vulnerable to movements in the prices of securities invested by the scheme which again could have a material bearing on the overall returns from the scheme.

Market Risk

The Scheme's NAV will react to the stock market movements. The Investor could lose money over short periods due to fluctuation in the Scheme's NAV in response to factors such as economic and political developments, changes in interest rates and perceived trends in stock prices and market movements, and over longer periods during market downturns.

Market Trading Risks

- **Absence of Prior Active Market:** Although units of the Scheme are listed on the Exchange, there can be no assurance that an active secondary market will develop or be maintained.
- **Lack of Market Liquidity:** Trading in units of the Scheme on the Exchange may be halted because of market conditions or for reasons that in the view of the Market Authorities or SEBI, trading in units of the Scheme is not advisable. In addition, trading in units of the Scheme is subject to trading halts caused by extraordinary market volatility and pursuant to NSE/BSE and SEBI "circuit filter" rules. There can be no assurance that the requirements of the Market necessary to maintain the listing of units of the Scheme will continue to be met or will remain unchanged.
- **Units of the Scheme may trade at Prices other than NAV:** Units of the Scheme may trade above or below its NAV. The NAV of the Scheme will fluctuate with changes in the market value of Scheme's holdings. The trading prices of units of the Scheme will fluctuate in accordance with changes in their NAVs as well as market supply and demand of units of the Scheme. However, given that units can be created and redeemed directly with the Fund if the subscription / redemption amount is greater than Rs. 25 cr., it is expected that large discounts or premiums to the NAVs of the Scheme will not sustain due to arbitrage possibility available.
- **Regulatory Risk:** Any changes in trading regulations by the Stock Exchange/s or SEBI may affect the ability of market maker to arbitrage resulting into wider premium/ discount to NAV. Although, the units are listed on NSE/BSE, the AMC and the Trustees will not be liable for delay in listing of Units of the Scheme on the stock exchanges / or due to connectivity problems with the depositories due to the occurrence of any event beyond their control.
- **Settlement Risk:** In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities as in certain cases, settlement periods may be extended significantly by unforeseen circumstances. Similarly, the inability to sell securities held in the Scheme portfolio may result, at times, in potential losses to the Scheme, and there can be a subsequent decline in the value of the securities held in the respective Scheme's portfolio.
- **Right to Limit Redemptions:** The Trustee, in the general interest of the Unit holders of the Scheme offered in this Document and keeping in view the unforeseen circumstances / unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day. The same shall be in accordance with SEBI Master Circular for Mutual Funds dated May 19, 2023 with respect to Restriction on redemption in Mutual Funds.
- **Portfolio Concentration Risk:** To the extent that the Scheme may concentrate its investments in the securities of certain companies/ sectors, the Scheme will therefore be subject to the risks associated with such concentration. In addition, the Scheme may be exposed to higher levels of volatility and risk than would generally be the case in a more diverse fund portfolio of equity securities. Such risks may impact the Scheme to the extent that it invests in particular companies/sectors even in cases where the investment objective is more generic.
- **Volatility Risk** The equity markets and derivative markets are volatile and the value of securities, derivative contracts and other instruments correlated with the equity markets may fluctuate dramatically from day to day. This volatility may cause the value of investment in the Scheme to decrease.
- **Redemption Risk** All direct transactions in units of the Scheme by MMs/Aps or other eligible investors with the AMC/the Fund shall be at intra-day NAV based on the actual execution price of

the underlying portfolio. Any order placed for redemption or subscription directly with the AMC must be of greater than Rs. 25 Cr. The aforesaid threshold shall not be applicable for Aps/MMs and shall be periodically reviewed. Investors can transact in the units of the Scheme directly with the AMC if the subscription amount is more than Rs. 25 Cr. In the respective creation unit size.

- **Passive Investments** – The Scheme is not actively managed. The Scheme may be affected by a general decline in the Indian markets relating to its Underlying Index. The Scheme invests in the securities included in its Underlying Index regardless of their investment merit. The AMC does not attempt to individually select stocks or to take defensive positions in declining markets.
- **Tracking Error and Tracking Difference Risk** – The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. Under normal circumstances, the AMC will endeavour that the tracking error of the Scheme does not exceed 2% per annum. However, this may vary due to various reasons mentioned below or any other reasons that may arise and particularly when the markets are very volatile.

(Consolidated std. obs. 10)

Factors such as the fees and expenses of the Scheme, Corporate Actions, Cash balance, changes to the Underlying Index and regulatory policies may affect AMC's ability to achieve close correlation with the Underlying Index of respective Scheme. The Scheme' returns may therefore deviate from those of their Underlying Index. "Tracking Error" is defined as the standard deviation of the difference between daily returns of the index and the NAV of the respective Scheme. Tracking Difference" is the annualized difference of daily returns between the Index and the NAV of the scheme (difference between fund return and the index return). Tracking Error and Tracking difference may arise including but not limited to the following reasons:

- Expenditure incurred by the Scheme.
- The funds may not be invested at all times as it may keep a portion of the funds in cash to meet redemptions or for corporate actions of securities in the index.
- Any delay experienced in the purchase or sale of shares due to illiquidity of the market, settlement and realization of sale proceeds and the registration of any securities transferred and any delays in receiving cash and scrip dividends and resulting delays in reinvesting them
- The underlying index reflects the prices of securities at close of business hours. However, the Fund may buy or sell the securities at different points of time during the trading session at the then prevailing prices which may not correspond to the closing prices on the exchange.
- The potential for trades to fail which may result in the Scheme not having acquired shares at a price necessary to track the index.
- The holding of a cash position and accrued income prior to distribution and accrued expenses.
- Disinvestments to meet redemptions, recurring expenses, dividend payouts etc.
- Securities trading may halt temporarily due to circuit filters.
- Corporate actions such as rights, merger, change in constituents etc.
- Rounding off quantity of shares underlying the index.
- Index providers undertake a periodical review of the scrips that comprise the Underlying Index and may either remove or include new scrips. In such an event, the Scheme will endeavour to reallocate its portfolio but the available investment opportunity may not permit absolute mirroring immediately.

3. Risks associated with investing in fixed income:

- **Interest Rate risk:** This risk is associated with movements in interest rate, which depend on various factors such as government borrowing, inflation, economic performance etc. The values of investments will appreciate/depreciate if the interest rates fall/rise.

- **Credit risk:** This risk arises due to any uncertainty in counterparty's ability or willingness to meet its contractual obligations. This risk pertains to the risk of default of payment of principal and interest
- **Liquidity risk:** The liquidity of a security may change depending on market conditions leading to changes in the liquidity premium linked to the price of the security. At the time of selling the security, the security can become illiquid leading to loss in the value of the portfolio

4. Risks associated with investing in foreign securities: Std.obs. 3 (Consolidated Std. Obs. 11)

The Scheme will not invest in ADR/GDR/Foreign securities.

5. Risks associated with investing in derivatives: Do's 26 Std. obs. 5 (Consolidated Std. Obs. 28)

The scheme may use various derivative products as permitted by the Regulations. Use of derivatives requires an understanding of not only the underlying instrument but also of the derivative itself. Other risks include the risk of mis-pricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

The scheme may use derivatives instruments like Stock /Index Futures or other derivative instruments for the purpose of portfolio balancing, as permitted under the Regulations and guidelines. Usage of derivatives will expose the scheme to certain risks inherent to such derivatives. Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. Derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value.

The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments. The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as below:

- Lack of opportunity available in the market.
- Valuation Risk: The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.
- Basis Risk: This risk arises when the derivative instrument used to hedge the underlying asset does not match the movement of the underlying asset being hedged.
- Stock Exchanges could increase the initial margin, variation margin or other forms of margin on derivative contracts, impose one sided margins or insist that margins be placed in cash. All of these might force positions to be unwound at a loss and might materially impact returns.
- Operational / Systemic Risk: This is the risk arising due to failure of operational processes followed by the exchanges and Over The Counter (OTC) participants for the derivatives trading.
- Exposure Risk: An exposure to derivatives in excess of the hedging requirements can lead to losses. An exposure to derivatives can also limit the profits from a plain investment transaction.
- Implied Volatility: The estimated volatility of an underlying security's price and derivatives price.
- Systemic Risk: The risk inherent in the capital market due to macro-economic factors like Inflation, GDP, Global events.
- Counterparty Risk: Counterparty risk is the risk that losses will be incurred due to the default by the counterparty for OTC derivatives.

- **Credit Risk:** The Credit Risk is the risk that the counter party will default in its obligations and is generally small as in a derivative transaction there is generally no exchange of the principal amount.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

6. Risks associated with investing in securitised debt:

The Scheme will not invest in Securitized Debt.

7. Risks associated with securities lending:

Std. obs. 6

Purchasing a security entails the risk of the security price going down. Short selling of securities (i.e. sale of securities without owning them) entails the risk of the security price going up there by decreasing the profitability of the short position. Short selling is subject to risks related to fluctuations in market price, and settlement/liquidity risks. If required by the Regulations, short selling may entail margin money to be deposited with the clearing house and daily mark to market of the prices and margins. This may impact fund pricing and may induce liquidity risks if the fund is not able to provide adequate margins to the clearing house. Failure to meet margin requirements may result in penalties being imposed by the exchanges and clearing house.

Engaging in securities lending is subject to risks related to fluctuations in collateral value and settlement/liquidity and counter party risks. The risks in lending portfolio securities, as with other extensions of credit, consist of the failure of another party, in this case the approved intermediary, to comply with the terms of agreement entered into between the lender of securities i.e. the scheme and the approved intermediary. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The Mutual Fund may not be able to sell such lent securities and this can lead to temporary illiquidity and in turn cannot protect from the falling market price of the said security.

8. Risks associated with segregated portfolio

- **Liquidity risk** – A segregated portfolio is created when a credit event / default occurs at an issuer level in the scheme. This may reduce the liquidity of the security issued by the said issuer, as demand for this security may reduce. This is also further accentuated by the lack of secondary market liquidity for corporate papers in India. As per SEBI norms, the scheme is to be closed for redemption and subscriptions until the segregated portfolio is created, running the risk of investors being unable to redeem their investments. However, it may be noted that, the proposed segregated portfolio is required to be formed within one day from the occurrence of the credit event.

Investors may note that no redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolio, AMC shall list the units of the segregated portfolio on a recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests. For the units listed on the exchange, it is possible that the market price at which the units are traded may be at a discount to the NAV of such Units. There is no assurance that an active secondary market will

develop for units of segregated portfolio listed on the stock exchange. This could limit the ability of the investors to resell them. There may be possibility that the security comprising the segregated portfolio may not realize any value.

- Valuation risk – The valuation of the securities in the segregated portfolio is required to be carried out in line with the applicable SEBI guidelines. However, it may be difficult to ascertain the fair value of the securities due to absence of an active secondary market and difficulty to price in qualitative factors.

9. Risks associated with investing in Tri-party Repo (TREPS) through CCIL

The Mutual Fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India Limited (CCIL). All transactions of the Mutual Fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL). CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty Repo trades. The Mutual Fund is exposed to the extent of its contribution to the default fund of CCIL at any given point in time i.e. in the event that the default waterfall is triggered and the contribution of the Mutual Fund is called upon to absorb settlement/default losses of another member by CCIL, the Scheme may lose an amount equivalent to its contribution to the default fund. Further, it may be noted that CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.

10. Risks Factors associated with transaction in Units through stock exchange(s)

In respect of transaction in units of the Scheme through stock exchange platform(s), allotment and redemption of Units on any Business Day will depend upon the order processing / settlement by the stock exchange(s) and their respective clearing corporations on which the Fund has no control.

11. Risk associated with investing in companies forming part of Nifty Index:

The scheme tracks benchmark index which comprises of stocks forming part of NIFTY 50 Index. The scheme being passively managed invests in stocks of the underlying index. In addition, the scheme may be subject to following sector specific risks including but not limited to:

1. Composition of NIFTY 50 includes companies with highest float adjusted market capitalization. The Index broadly covers major sectors. However, few subsectors/industries may not be part of NIFTY 50 index. The scheme being passively managed will invest in index constituents.
2. Since, the composition is based on market capitalization, there may be possibility that certain sector(s) have significant concentration. Scheme being passively managed will invest in index constituents.

Apart from the risk factors mentioned above, the scheme is exposed to certain specific risks, which are as mentioned below –

- (i) Performance of the underlying Index will have a direct bearing on the performance of the Scheme. In the event when the index is dissolved or is withdrawn, the Trustee reserves a right to modify the Scheme so as to track a different and suitable index and appropriate intimation will be sent to the unitholders of the Scheme.

- (ii) Tracking errors are inherent in any ETF and such errors may cause the Scheme to generate returns which are not in line with the performance of the Index or one or more securities covered by / included in the Index.
- (iii) In case of investments in derivative instruments, the risk/ reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future. Further, there could be an element of settlement risk, which could be different from the risk in settling physical shares and there is a risk attached to the liquidity and the depth of the index futures market as it is relatively new market for Index and also it is relatively less popular as compared to the Index.
- (iv) In the event of the index mentioned above, is dissolved or is withdrawn by NSE Indices Limited (NSE Indices) or is not published due to any reason whatsoever, the Trustee reserves the right to modify the Scheme so as track a different and suitable index or to suspend tracking the Nifty till such time it is dissolved/ withdrawn or not published and appropriate intimation will be sent to the Unitholders of the Scheme. In such a case, the investment pattern will be modified suitably to match the composition of the securities that are included in the new index to be tracked and the Scheme will be subject to tracking errors during the intervening period.

RISK MANAGEMENT STRATEGIES

Do's 16

(Consolidated Std. Obs. 9)

The Fund by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in debt and equity markets. The risk control process involves identifying & measuring the risk through various risk measurement tools.

The Fund has identified following risks of investing in equity and debt and designed risk management strategies, which are embedded in the investment process to manage such risks.

Risk associated with Debt Investment

Risk Description	Risk Mitigants/management strategy
<p>Market Risk As with all debt securities, changes in interest rates may affect the scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.</p>	<p>The Scheme may invest primarily in money market instruments having a residual maturity upto 91 days thereby mitigating the price volatility due to interest rate changes generally associated with long-term securities</p>
<p>Liquidity or Marketability Risk This refers to the ease with which a security can be sold at or near to its valuation Yield-To- Maturity (YTM).</p>	<p>The Scheme may invest in money market instruments having relatively shorter maturity. While the liquidity risk for short maturity securities may be low, it may be high in case of medium to long maturity securities.</p>
<p>Credit Risk Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security).</p>	<p>Management analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken.</p>

Risks associated with Equity investment

Risk Description	Risk Mitigants/management strategy
<p>Market Risk The scheme is vulnerable to movements in the prices of securities invested by the scheme, which could have a material bearing on the overall returns from the scheme. The value of the scheme's investments, may be affected generally by factors affecting securities markets, such as price and volume, volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets.</p>	<p>Market risk is inherent to an equity scheme. Being a passively managed scheme, it will invest in the securities included in its Underlying Index.</p>
<p>Liquidity risk The liquidity of the scheme's investments is inherently restricted by trading volumes in the securities in which it invests.</p>	<p>As such the liquidity of stocks that the scheme invests into could be relatively low. The fund will try to maintain a proper asset-liability match to ensure redemption / Maturity payments are made on time and not affected by illiquidity of the underlying stocks.</p>
<p>Liquidity Risk In case of Arbitrage trades, under abnormal circumstances it will be difficult to square off the transaction due to liquidity being poor in the underlying stock, stock futures or options market.</p>	<p>The fund will aim at taking exposure only into liquid stocks / derivatives where there will be minimal risk to square off the transaction.</p>
<p>Tracking Error risk (Volatility/ Concentration risk): The performance of the Scheme may not be commensurate with the performance of their underlying Index viz. Nifty 50 Index on any given day or over any given period.</p>	<p>Over a short to medium period, scheme may carry the risk of variance between portfolio composition and Benchmark. The objective of the Scheme is to track the performance of the Underlying Index over the same period, subject to tracking error. The Scheme would endeavor to maintain a low tracking error by actively aligning the portfolio in line with the index.</p>

III. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

As the Scheme is exchange traded fund, the provisions of minimum number of Investors and maximum holding of the Investors are not applicable as per SEBI guidelines.

IV. SPECIAL CONSIDERATIONS, IF ANY

Investors are requested to study the terms of this Scheme Information Document (SID) and Statement of Additional Information (SAI) of Bajaj Finserv Mutual Fund carefully before investing in this scheme and to retain the SID and SAI for future reference. Investors are advised to consult their Legal /Tax and other Professional Advisors in regard to tax/legal implications relating to their investments in the Scheme and before making decision to invest in or redeem the Units. The tax information contained in this SID and SAI of Bajaj Finserv Mutual Fund alone may not be sufficient and should not be used for the development or

implementation of an investment strategy or construed as investment advice. Investors alone shall be fully responsible/ liable for any investment decision taken on the basis of this document.

Investors are advised to rely upon only such information and/or representations as contained in this SID. Any subscription or redemption made by any person on the basis of statements or representations which are not contained in this SID or which are inconsistent with the information contained herein shall be solely at the risk of the Investor. The Investor is required to confirm the credentials of the individual/firm he/she is entrusting his/her application form along with payment instructions for any transaction in this Scheme. The Mutual Fund/ Trustee/AMC shall not be responsible for any acts done by the intermediaries representing or purportedly representing such Investor.

Mutual Fund investments are subject to market risks and the Investors should review/study this SID, the SAI and the addenda thereto issued from time to time carefully in its entirety before investing and should not construe the contents hereof or regard the summaries contained herein as advice relating to legal, taxation or financial/investment matters. There can be no assurance or guarantee that the Scheme objectives will be achieved and the investment decisions made by the AMC may not always be profitable.

Neither this SID nor the SAI of Bajaj Finserv Mutual Fund, nor the units of the scheme have been registered in any jurisdiction. The distribution of this SID and SAI of Bajaj Finserv Mutual Fund in certain jurisdictions may be restricted or subject to registration requirements and, accordingly, persons who come into possession of this SID and the SAI of Bajaj Finserv Mutual Fund in such jurisdictions are required to inform themselves about, and to observe, any such restrictions. No person receiving a copy of this SID or any accompanying application form in such jurisdiction may treat this SID or such application form as constituting an invitation to them to subscribe for Units, nor should they in any event use any such application form, unless in the relevant jurisdiction such an invitation could lawfully be made to them and such application form could lawfully be used without compliance of any registration or other legal requirements.

Investors may note that AMC/Fund Manager's investment decisions may not be always profitable or prove to be correct. Various factors in securities market not only affect the prices of securities but may also affect the time taken by the Fund for redemption of units, which could be significant in the event of receipt of a very large number of redemption requests or very large value of redemption requests. In the event of restructuring of the Scheme's portfolio, the time taken by the Scheme for redemption of Units may become significant. The liquidity of the assets may be affected by other factors such as general market conditions, political events, bank holidays and civil strife. In view of this, the Trustee has the right in its sole discretion to limit redemption (including suspension of redemption) under certain circumstances. Please refer to Section titled "Units and Offer". The liquidity of the Scheme's investments may be restricted by trading volumes, settlement periods and transfer procedures.

The Scheme may also invest in overseas financial assets as permitted under the applicable regulations. To the extent that the assets of the Scheme will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital to India may also be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of other restrictions on investment.

The tax benefits described in this SID are as available under the present taxation laws and are available subject to conditions. The information given is included for general purpose only and is based on advice received by the AMC regarding the law and practice in force in India and the Unitholders should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an

investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unitholder is advised to consult his/ her own professional tax advisor.

No person has been authorised to give any information or to make any representations not confirmed in this SID in connection with the SID or the issue of Units, and any information or representations not contained herein must not be relied upon as having been authorised by the Mutual Fund or the Asset Management Company.

The Mutual Fund may disclose details of the investor's account and transactions thereunder to those intermediaries whose stamp appears on the application form. In addition, the Mutual Fund may disclose such details to the bankers / its agents, as may be necessary for the purpose of effecting payments to the investor. Further, the Mutual Fund may disclose details of the investor's account and transactions thereunder to any Regulatory/Statutory entities as per the provisions of law. Neither the Mutual Fund nor the AMC nor any person connected with it accepts any liability arising from the use of this information. The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any of the tax consequences that may arise, in the event that the Schemes are wound up for the reasons and in the manner provided in SAI.

The AMC may freeze/lock the folio(s) of unitholder(s) for further transactions or reject any applications for subscription or redemption of units pursuant to receipt of orders/instructions/directions issued by any Governmental, judicial, quasi-judicial or other similar authority, including orders restricting the unitholder(s) from dealing in securities or for attachment of units held by such unitholder(s).

VII. INFORMATION ABOUT THE SCHEME

A. Type of the Scheme

An open ended exchange traded fund tracking NIFTY 50 Index

B. What is the Investment Objective of the Scheme?

Do's 8

The investment objective of the Scheme is to provide returns that are corresponding with the performance of the NIFTY 50 Index, subject to tracking errors.

However, there can be no assurance or guarantee that the investment objective of the Scheme would be achieved. (Consolidated Std. Obs. 5)

C. How will the Scheme allocate its assets?

Std. obs. 14

Instruments	Indicative allocations		Risk profile
	Maximum	Minimum	
Securities of companies constituting Nifty 50 Index (the Underlying Index)	100%	95%	Very High
Debt and money market instruments* (Consolidated std. obs. 21)	5%	0%	Low to Moderate

*Debt and money market instruments will include Government securities, Treasury Bills, Cash Management Bills, CBLO, Repo, Reverse Repo, TREPS, Certificate of Deposits (CDs), Commercial Paper (CPs) and any other securities / instruments as may be permitted by SEBI and RBI from time to time.

The net assets of the scheme will be invested in stocks constituting the Nifty 50 Index. This would be done by investing in all the stocks comprising the Nifty 50 Index in the same weightage that they represent in the Nifty 50 Index. Exposure in Equity Derivatives – up to 20% of Equity assets of the scheme for non-hedging purpose (Consolidated std. obs. 20). Exposure to equity derivatives of the index or its constituent stocks may be undertaken when equity shares of the underlying index are unavailable or not available in sufficient quantities, or rebalancing in case of corporate actions as mentioned in the section 'Change in Investment Pattern'. However, investment in derivatives will be for a temporary period on defensive considerations. The Scheme shall rebalance the portfolio in case of any deviation to the asset allocation. Such rebalancing shall be done within 7 calendar days from the date of such deviation. Investment in derivatives shall be made in accordance with the SEBI Master Circular for Mutual Funds dated May 19, 2023 and such other guidelines on derivatives as issued by SEBI from time to time. A small portion of the net assets will be invested in debt & money market instruments permitted by SEBI / RBI to meet the liquidity requirements of the scheme and for meeting margin money requirement for Nifty 50 index futures and/or futures of stocks belonging to the Nifty 50 Index.

Do's 23

Do's 19

Invest in stock lending shall be upto 20% of net assets. Further, the Scheme shall not deploy more than 5% of the Scheme's net assets in securities lending through a single intermediary. These limits shall be applicable at the time of participating in the securities lending by the Scheme.

Gross Exposure to Repo of Corporate Debt Securities - up to 5% of total assets. The Scheme may engage in short selling of securities in accordance with the applicable guidelines / regulations.

The Scheme may invest in other scheme(s) under the same AMC or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by all Schemes under the same AMC or

in Schemes under the management of any other asset management shall not exceed 5% of the net asset value of the Mutual Fund. Further, the Scheme shall not invest in any fund of funds scheme.

Do's 20

The scheme will not invest in instruments having special features as stated in SEBI Master Circular for Mutual Funds dated May 19, 2023, as amended from time to time. (Consolidated std. obs. 18)

The Scheme will not make any investment in Debt Derivatives, ADR / GDR / Foreign Securities / Securitized Debt / Credit Default Swaps / structured obligations / REITs and InvITs / corporate debt securities / Credit Enhancements / Commodity Derivatives / Foreign Securitized debt / unrated debt instruments. (Consolidated std. obs. 18)

Don't 2

Do's 14

The cumulative gross exposure through equity, equity derivatives, debt & Money Market instruments, repo transactions and such other securities/assets as may be permitted by the Board from time to time, subject to regulatory approvals if any, should not exceed 100% of the net assets of the scheme. (Consolidated std. obs. 17)

The Scheme would adhere with the requirements stipulated in SEBI Master Circular for Mutual Funds dated May 19, 2023 and other SEBI Guidelines/Circulars issued from time to time. (Consolidated Std. Obs. 40)

Portfolio Concentration Norms

Do's 4

SEBI Master Circular for Mutual Funds dated May 19, 2023 specifies following portfolio concentration norms to be adopted by ETF:

- a. The index shall have a minimum of 10 stocks as its constituents.
- b. For a sectoral/ thematic Index, no single stock shall have more than 35% weight in the index. For other than sectoral/ thematic indices, no single stock shall have more than 25% weight in the index.
- c. The weightage of the top three constituents of the index, cumulatively shall not be more than 65% of the Index.
- d. The individual constituent of the index shall have a trading frequency greater than or equal to 80% and an average impact cost of 1% or less over previous six months.

The underlying Fund i.e. Bajaj Finserv Nifty 50 ETF shall comply with the aforesaid portfolio concentration norms. Further, the Fund shall evaluate and ensure compliance to aforesaid norms at the end of every calendar quarter. The updated constituents of the underlying index have also been made available on the website of the Fund i.e. www.bajajamc.com.

Change in Investment Pattern

Do's 12

(Consolidated std. obs. 22, 23 & 24)

The Scheme, in general, will hold all the securities that comprise the underlying Index in the same proportion as the index.

Expectation is that, over a period of time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low. The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. Under normal market circumstances, such tracking error is not expected to exceed by 2% p.a. However, in case of events like, Income Distribution cum capital withdrawal issuance by constituent members, rights issuance by constituent members, corporate action, and market volatility during rebalancing of the portfolio following the rebalancing of the Underlying Basket, etc. or in abnormal market circumstances, the tracking error may exceed the above limits. Since the scheme is an exchange traded fund, it will endeavor that at no point of

time the scheme will deviate from the index. In the event of the asset allocation falling outside the limits specified in the asset allocation table, the Fund Manager will rebalance the same within 7 calendar days.

In the interest of investors, the AMC reserves the right to change the above asset allocation pattern due to corporate action activity undertaken in the underlying securities. In the event of involuntary corporate action, the fund shall dispose the security not forming part of the Underlying index within 7 calendar days from the date of allotment/ listing.

Portfolio Rebalancing

As per SEBI Master Circular for Mutual Funds dated May 19, 2023, as amended from time to time, in case of change in constituents of the index due to periodic review, the portfolio of the scheme will be rebalanced within 7 calendar days.

Any transactions undertaken in the scheme portfolio of the Fund in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time.

Rebalancing of deviation due to short term defensive consideration

In the event of the asset allocation falling outside the limits specified in the asset allocation table, the Fund Manager will rebalance the same within 7 days. However, at all times the portfolio will adhere to the overall investment objectives of the Scheme. Any alteration in the investment pattern will be for short-term defensive consideration as per SEBI Master Circular for Mutual Funds dated May 19, 2023, the intention being at all times to protect the interests of the Unit Holders.

Disclosure Norms:

I. Portfolio:

- A. The Fund shall disclose the following on monthly basis:
- i. Name and exposure to top 7 issuers and stocks respectively as a percentage of NAV of the scheme
 - ii. Name and exposure to top 7 groups as a percentage of NAV of the scheme.
 - iii. Name and exposure to top 4 sectors as a percentage of NAV of the scheme.
- B. Change in constituents of the index, if any, shall be disclosed on the AMC website on the day of change.

II. Tracking Error:

The Fund shall disclose the tracking error based on past one year rolling data, on a daily basis, on the website of AMC and AMFI.

III. Tracking Difference:

The annualized difference of daily returns between the index and the NAV of the Fund shall be disclosed on the website of the AMC and AMFI, on a monthly basis, for tenures 1 year, 3 year, 5 year, 10 year and since the date of allotment of units.

D. Where will the Scheme Invest?

Do's 5

Std. obs. 15

(Consolidated Std. Obs. 29)

The corpus of the Scheme will be invested in equity and equity related products & in debt and money market instruments. Subject to the Regulations, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities / instruments:

1. Equity and Equity related instruments belonging to Nifty 50 index.
2. Equity Derivatives
3. Debt securities and money market instruments including G-Sec/T-Bills/Cash Management Bills and CBLO/Repo/Reverse Repo
4. Certificate of Deposits (CDs).
5. Commercial Paper (CPs).
6. Any other securities / instruments as may be permitted by SEBI from time to time, subject to regulatory approvals if any.

The securities mentioned above could be listed, privately placed, secured, unsecured and of any maturity. The securities may be acquired through secondary market operations, private placement, rights offers or negotiated deals.

Pending deployment of funds of the Scheme in securities in terms of the investment objective of the Scheme, the AMC may park the funds of the Scheme in short term deposits of scheduled commercial banks, subject to the guidelines mentioned in SEBI Master Circular for Mutual Funds dated May 19, 2023, as amended from time to time. The AMC shall not charge any investment management and advisory fees for parking of funds in such short term deposits of scheduled commercial banks for the scheme.

Do's 13

The Scheme may also enter into repurchase and reverse repurchase obligations in all securities held by it as per the guidelines and regulations applicable to such transactions.

The Scheme may participate in securities lending as permitted under the Regulations, from time to time.

E. What are the Investment Strategies?

Std. obs. 7

(Consolidated Std. Obs. 27)

The Scheme will be managed passively with investments in stocks in a proportion to the weights of these stocks in the Nifty 50 Index. The investment strategy would revolve around reducing the tracking error to the least possible through rebalancing of the portfolio, considering the change in weights of stocks in the index as well as the incremental collections/redemptions from the Scheme. The Scheme may invest in debt & money market instruments permitted by SEBI / RBI to meet the liquidity and expenses of the scheme.

Portfolio Turnover

Portfolio Turnover is defined as the lower of purchases and sales after reducing all subscriptions and redemptions and derivative transactions there from and calculated as a percentage of the average assets under management of the scheme during a specified period of time.

The AMC's portfolio management style is conducive to a low portfolio turnover rate. However, the AMC will aim to take advantage of the opportunities that present themselves from time to time because of the inefficiencies in the securities markets. The AMC will endeavour to balance the increased cost on account of higher portfolio turnover with the benefits derived there from.

F. Fundamental Attributes

Std. obs. 8

(Consolidated Std. Obs. 59)

Do's 38

Following are the Fundamental Attributes of the scheme, in terms of Regulation 18 (15A) of the SEBI (MF) Regulations:

- a. Type of the scheme - Please refer to VII. 'Information about the scheme' – Type of the Scheme
- b. Investment Objective – Please refer to VII 'Information about the scheme' – What is the Investment Objective of the Scheme
- c. Terms of Issue
 - Liquidity provisions such as listing, repurchase, redemption – Being an open ended scheme, the Scheme will not be listed on any stock exchange.
 - Aggregate fees and expenses charged to the scheme – The provisions in respect of fees and expenses are as indicated in this SID. Please refer to section "Fees and Expenses".
 - Any safety net or guarantee provided – This scheme is not a guaranteed or an assured return scheme.

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations 1996, the Trustees shall ensure that no change in the fundamental attributes of the scheme or the trust or fee and expenses payable or any other change which would modify the scheme and affect the interests of Unit holders is carried out unless:

- An addendum to the existing SID has been issued and displayed on AMC website immediately.
- SID has been revised and updated immediately after completion of duration of the exit option (not less than 30 days from the notice date).
- A public notice has been given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated.

In addition to the conditions specified above, for effecting any change in the fundamental attributes of the scheme, trustees shall take comments of the SEBI and any change suggested by SEBI would be incorporated before carrying such proposed change(s).

G. How will the Scheme benchmark its performance?

The Scheme benchmark would be Nifty 50 TRI.

Do's 7

Std. obs. 9

Nifty 50

The same has been chosen as the Scheme will invest in stocks which are constituents of NIFTY 50 Index. Thus, the composition of the aforesaid benchmark is such that it is most suited for comparing the performance of the Scheme.

In accordance with the investment objective and tracking error definition, the Scheme performance will be compared with the total returns of NIFTY 50 Index.

ABOUT THE UNDERLYING INDEX NIFTY 50

Do's 1

Do's 29

The NIFTY 50 is the flagship index on the National Stock Exchange of India Ltd. (NSE). The Index tracks the behaviour of a portfolio of blue chip companies, the largest and most liquid Indian securities. It includes 50 of the approximately 1600 companies listed on the NSE, captures approximately 65% of its float-adjusted market capitalization and is a true reflection of the Indian stock market. The NIFTY 50 covers major sectors of the Indian economy and offers investment managers exposure to the Indian market in one efficient portfolio. The NIFTY 50 is a 50 stock, float-adjusted market capitalization weighted index for India. It is used for a variety of purposes, such as benchmarking fund portfolios, index based derivatives and index funds. The NIFTY 50 is derived from economic research and is created for those interested in investing and trading in Indian equities

Eligibility Criteria for Selection of Constituent Stocks:

To be considered for inclusion in NIFTY 50 index.

Eligibility criteria for newly listed security is checked based on the data for a three-month period instead of a six-month period.

Index Re-Balancing:

Index is re-balanced on semi-annual basis. The cut-off date is January 31 and July 31 of each year, i.e. For semi-annual review of indices, average data for six months ending the cut-off date is considered. Four weeks prior notice is given to market from the date of change.

Investment Process

The Scheme will track the underlying Index and is a passively managed scheme. The investment decisions will be determined as per the Underlying Index. In case of any change in the index due to corporate actions or change in the constituents of the Underlying Index, relevant investment decisions will be determined considering the composition of the underlying Index.

The Investment decision of the Fund will be carried out by the Fund Manager of the scheme.

Creation of Units:

'Creation Unit' is a fixed number of Units of the Scheme, which is exchanged for a predefined basket of shares underlying the index called the "Portfolio Deposit" and a "Cash Component". The facility of creating / redeeming units in Creation Unit size is available to the Authorised Participants / Market Makers.

The number of units that investors can create / redeem in exchange of the Portfolio Deposit and Cash Component, is 50,000 Units and in multiples thereof. The Portfolio Deposit and Cash Component are defined as follows:-

- a. **Portfolio Deposit:** This is a pre-defined basket of securities that represent the Underlying Index and will be defined and announced by the Fund on allotment date and on all Business Days thereafter. Portfolio Deposit can change from time to time. The Portfolio Deposit may vary on account of market movements and other related factors.
- b. **Cash Component for subscription/ redemption in Creation Unit:** The Cash Component represents the difference between the applicable net asset value of a Creation Unit and the market value of the Portfolio Deposit. This difference may include accrued IDCW, accrued annual charges including management fees and residual cash in the Scheme. In addition, the Cash Component may include transaction cost as charged by the Custodian/Depository Participant, equalization of IDCW, effect of rounding-off of number of shares in portfolio Deposit and other incidental expenses for Creating Units. The Cash Component will vary from time to time and will be computed and announced by the AMC on its website every Business Day.

Tracking Error

The extent to which the NAV of the scheme moves in a manner inconsistent with the movements of the total returns of the Nifty 50 Index on any given day or over any given period of time arising from any cause or reason whatsoever including but not limited to differences in the weightage of the investments in the securities and the weightage to such securities in the Nifty 50 Index and the time lags in deployment or realization of funds under the Scheme as compared to the movement of or within the Nifty 50 Index as well as the market liquidity, cost of trading, management and other expenses.

Tracking errors may result from a variety of factors including but not limited to:

- Any delay experienced in the purchase or sale of shares due to illiquidity of the market, settlement and realization of sale proceeds and / or the registration of any securities transferred and / or any delays in receiving cash Income Distribution cum capital withdrawal and resulting delays in reinvesting them.
- The Nifty 50 Index reflect the prices of securities at close of business hours. However, the Fund may buy or sell the securities at different points of time during the trading session at the then prevailing prices which may not correspond to the closing prices on the NSE.
- NSE Indices Limited undertakes periodic reviews of the securities that are represented in the Nifty 50 Index and from time to time may exclude existing securities or include new ones. In such an event, the Fund will endeavour to reallocate its portfolio but the available investment/ disinvestment opportunities may not permit precise mirroring of the Nifty 50 Index in a short period of time.
- The charging of expenses to the Fund including investment management fees and custodian fees.
- The potential for trades to fail which may result in the Scheme not having acquired shares at a price necessary to track the index.
- The holding of a cash position and accrued income prior to distribution and accrued expenses.
- Disinvestments to meet redemptions, recurring expenses, Income Distribution cum capital withdrawal payouts etc.

Note on Exchange Traded Funds (ETFs)

ETFs are innovative products that provide exposure to an index or a basket of securities that trade on the exchange like a single stock. ETFs tracks the performance of an index with the ability to buy/sell on an intra-

day basis. ETFs are usually passively managed funds wherein subscription/redemption of units work on the concept of exchange with underlying securities.

ETFs have all the benefits of indexing such as diversification, low cost and transparency. As ETFs are listed on the exchange, costs of distribution are much lower and the reach is wider. These savings in cost are passed on to the investors in the form of lower costs. Furthermore, exchange traded mechanism helps reduce minimal collection, disbursement and other processing charges. The structure of ETFs is such that it protects long-term investors from inflows and outflows of short-term investor. This is because the fund does not bear extra transaction cost when buying/selling due to frequent subscriptions and redemptions.

Tracking Error of ETFs is likely to be low as compared to a normal index fund. Due to the Creation/Redemption of units through the in-kind mechanism the mutual fund can keep lesser funds in cash. Also, time lag between buying/selling units and the underlying shares is much lower.

ETFs are highly flexible and can be used as a tool for gaining instant exposure to the equity markets, equitising cash or for arbitraging between the cash and futures market.

Benefits of ETFs

- a. Can be easily bought / sold like any other stock on the exchange through terminals spread across the country.
- b. Can be bought / sold anytime during market hours at prices that are expected to be close to actual NAV of the Scheme. Thus, investor invests at real-time prices as opposed to end of day prices.
- c. Minimum investment for an ETF is one unit.
- d. Protects long-term investors from the inflows and outflows of short-term investors.
- e. Flexible as it can be used as a tool for gaining instant exposure to the equity markets.
- f. An investor can get a consolidated view of his investments without adding too many different account statements as the units issued would be in demat form

Risks of ETFs

- (i) **Absence of Prior Active Market:** Although the units of ETFs are listed on the Stock Exchange for trading, there can be no assurance that an active secondary market will develop or be maintained.
- (ii) **Lack of Market Liquidity:** Trading in units of ETFs on the Stock Exchange on which it is listed may be halted because of market conditions or for reasons that, in the view of the concerned Stock Exchange or Market Regulator, trading in the ETF Units is inadvisable. In addition, trading in the units of ETFs is subject to trading halts caused by extraordinary market volatility pursuant to 'circuit filter' rules. There can be no assurance that the requirements of the concerned Stock Exchange necessary to maintain the listing of the units of ETFs will continue to be met or will remain unchanged.
- (iii) **Units of Exchange Traded Funds May Trade at Prices Other than NAV:** Units of ETFs may trade above or below their NAV. The NAV of Units of ETFs may fluctuate with changes in the market value of a Scheme's holdings. The trading prices of units of ETF will fluctuate in accordance with changes in their NAVs as well as market supply and demand. However, given that ETFs can be created/ redeemed in Creation Units, directly with the fund, large discounts or premiums to the NAVs will not sustain due to arbitrage possibility available.

 - Such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and
 - The securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

The AMC shall comply with the guidelines mentioned in SEBI Master Circular for Mutual Funds dated May 19, 2023 and such other guidelines as may be notified from time to time. (Consolidated Std. Obs. 30)

3. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided further that the Mutual Fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by SEBI.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the RBI in this regard.
4. The Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.
5. Pending deployment of funds of the scheme in terms of the Investment Objective, the Mutual Fund may invest them in Short Term Deposits of Scheduled Commercial Banks in accordance with SEBI Master Circular for Mutual Funds dated May 19, 2023. Following guidelines shall be followed for parking of funds in Short Term Deposits of Scheduled Commercial Banks pending deployment:
 - a. "Short Term" for such parking of funds by mutual funds shall be treated as a period not exceeding 91 days.
 - b. Such short term deposits shall be held in the name of the concerned scheme.
 - c. No mutual fund scheme shall park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with prior approval of the trustees. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the mutual fund in short term deposits.
 - d. No mutual fund scheme shall park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
 - e. Trustees/Asset Management Companies (AMCs) shall ensure that no funds of a scheme are parked in short term deposit (STD) of a bank which has invested in that scheme. Trustees/AMCs shall also ensure that the bank in which a scheme has STD does not invest in the said scheme until the scheme has STD with such bank.

The above conditions are not applicable to term deposits placed as margins for trading in cash and derivative market.
 - f. Asset Management Company (AMC) shall not be permitted to charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.
6. No mutual fund Scheme shall make any investments in:

 13. The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase/ redemption of units or payment of interest or IDCW to the unit holders. Such borrowings shall not exceed more than 20% of the net assets of the individual scheme and the duration of the borrowing shall not exceed a period of 6 months.
 14. If any company invests more than 5% of the NAV of any of the scheme, investment made by that or any other schemes of the Mutual Fund in that Company or its subsidiaries will be disclosed in accordance with the SEBI (MF) Regulations.
 15. Conditions for undertaking repo in corporate debt securities:
 - a. The scheme shall not lend/borrow more than 10% of its net assets in repo against corporate debt securities.
 - b. The cumulative gross exposure through repo transactions in corporate debt securities along with equity, debt, derivatives and any other permitted assets shall not exceed 100% of the net assets of the scheme.
 - c. The scheme shall borrow through repo transactions only if the tenor of the transaction does not exceed a period of six months.
 - d. The exposure limit/investment restrictions prescribed under the Seventh Schedule of the Regulations and circulars issued there under (wherever applicable) shall be applicable to repo transactions in corporate debt securities.
 - e. Counterparty selection & credit rating:
The AMC follows an issuer selection and approval process for fixed income investments and the same shall be used for selection of counterparties for repo in corporate debt securities. Repo transactions shall be carried out with only those counterparties who have a credit rating of 'AA and above' (Long term rating) or 'A1+' (Short term rating) provided by any credit rating agency as accredited by SEBI from time to time.
 - f. Tenor of Repo:
Tenor of repo shall not exceed 6 months. There shall be no restriction/limitation on the tenor of collateral.
 - g. Applicable haircut:
The AMC would be guided by the parameters for applying haircut as may be specified by RBI and/or SEBI for undertaking repo in corporate debt securities, from time to time.

All investment restrictions shall be applicable at the time of making investment.

J. How has the Scheme performed?

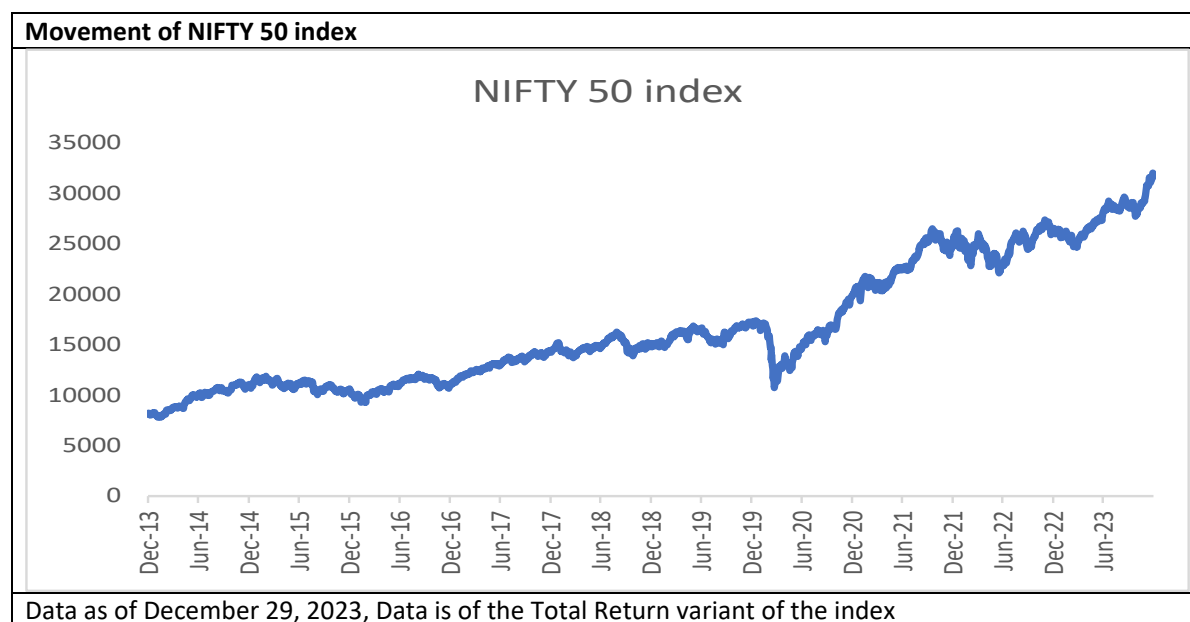

This scheme is a new scheme and does not have any performance track record.

K. Equity Markets in India

The Indian equity market is one of the largest and fastest growing stock markets in the world. The Indian equity market has flourished since the early 1990's, when the Indian economy was liberalized, and foreign direct investments started coming in. Since then, the equity market has grown at a healthy pace, led by strong demand and supply side drivers, such as – steady economic growth, increasing disposable income for households, rising urbanisation, and shift in household savings pattern from physical assets to financial assets, such as stocks and bonds. Several favourable regulatory changes have also encouraged investments in the equity markets and attracted foreign institutional investments.

Majority of trading in the Indian equity market takes place in two leading stock exchanges – the National Stock Exchange of India Limited (NSE) the BSE Limited (BSE). Established in 1875, BSE is one of the oldest stock exchanges in Asia. The NSE was established in 1992 and started operations from 1994. It is the largest stock exchange in India in terms of volumes, as well as among the largest in the world. Both exchanges follow the same trading mechanism, trading hour, and settlement process. As of October 2022, there are over 5,000 companies listed in the BSE and 1,800 companies listed in the NSE. The two most prominent Indian market indices are SENSEX by the BSE and NIFTY 50 by the NSE. SENSEX was created in 1986 and comprises shares of 30 firms listed on the BSE. NIFTY 50 was created in 1996 and includes 50 shares listed on the NSE platform.

Trading at both exchanges occur through an open electronic limit order book, where the trading computer matches the order without the intervention of market makers. This entire process is order driven where orders of buyers are automatically matched with the best limit offer. This technology based, order driven system helps in making the process transparent, as all buy and sell offers are displayed in the trading system and keeps both buyer and seller anonymous. All trades are placed through verified stockbrokers, many of whom also provide online trading platforms to facilitate swift flow of trades. Finalized trades are settled on the T+2 rolling settlement process – which means that trades placed on a particular date are cleared after the specified time of two trading days from the date of the trade. Both exchanges have their clearing houses, which acts as a central counterparty and assumes all settlement risks. The shares are kept in electronic form in a demat account, unlike the physical share certificates used previously.

L. Debt Markets in India

Std. obs. 12

What is a Debt Instrument?

A Debt Instrument is a borrowing obligation which the borrower has to service for mutually agreed period and rate of Interest.

There are a huge variety of Debt or Fixed income instruments, as they are usually called. The sheer variety in these instruments mean that they can be classified on the basis of any of these features.

List of Features (list is indicative)

- Face Value: Stated value of the paper /Principal Amount
- Coupon: Zero, fixed or floating
- Frequency: Semi-annual; annual, sometimes quarterly or Monthly
- Maturity: Bullet, staggered
- Redemption: Face Value; premium or discount
- Options: Call/Put Issue Price: Par (Face Value) or premium or discount.

List of Debt Market Instruments: The Indian Debt market comprises of the Money Market and Debt Market. Money market instruments are Commercial Papers (CPs), Certificates of Deposit (CDs), Treasury bills (T-bills), Repos, Inter-bank Call money deposit, Reverse Repo and TREPS etc. Money market instruments have a tenor of less than one year while debt market instruments typically have a tenor of more than one year. Debt market in India comprises mainly of two segments viz., the Government securities market and the corporate securities market.

Government securities include central, state and quasi govt issues. The main instruments in this market are dated securities (Fixed or Floating) and Treasury bills (Discounted Papers). These securities are generally issued through auctions on the basis of 'uniform price' method or 'Multiple price' method.

Corporate Debt segment on the other hand includes bonds/debentures issued by private corporates, public sector units (PSUs), public financial institutions (PFIs) and development financial institutions (DFIs). These instruments carry a variety of ratings based on the credit profile evaluated by rating agency and are priced accordingly. These bonds too can be Fixed or Floating.

Debt derivatives market comprises mainly of Forward Rate Agreements, Interest rate Futures, Interest rate Swap. Banks and corporates are major players here and of late Mutual Funds have also started hedging their exposures through these products.

The following table gives approximate yields prevailing as on December 12, 2023 on some of the instruments. These yields are indicative and do not indicate yields that may be obtained in future as interest rates keep changing consequent to changes in macro-economic conditions and RBI policy Issuer.

Instruments Maturity Yields

Instrument	Yield level (% per annum)
G-Sec 5 year	7.06%
G-Sec 10 year	7.16%
CP's 3 months	7.50%
CD's 3 months	7.45%
CP's 1 year	7.90%
CD's 1 year	7.85%
PSU	
Corporate Debentures AAA 3 year	7.88%
Corporate Debentures AAA 5 year	7.82%
NBFC	
Corporate Debentures AAA 3 year	8.25%
Corporate Debentures AAA 5 year	8.15%

M. Segregation of Portfolio

Do's 24

(Consolidated Std. Obs. 53)

The AMC may create a segregated portfolio of debt and money market instruments in a mutual fund scheme in case of a credit event and to deal with liquidity risk.

In this regard, the term 'segregated portfolio' shall mean a portfolio comprising of debt or money market instrument affected by a credit event, that has been segregated in a mutual fund scheme and the term 'main portfolio' shall mean the scheme portfolio excluding the segregated portfolio. The term 'total portfolio' shall mean the scheme portfolio including the securities affected by the credit event.

A segregated portfolio may be created in a mutual fund scheme in case of a credit event at issuer level i.e. downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA), as under:

- a) Downgrade of a debt or money market instrument to 'below investment grade', or
- b) Subsequent downgrades of the said instruments from 'below investment grade', or
- c) Similar such downgrades of a loan rating.

In case of difference in rating by multiple CRAs, the most conservative rating shall be considered. Creation of segregated portfolio shall be based on issuer level credit events as detailed above and implemented at the ISIN level.

The AMC may also create a segregated portfolio of unrated debt and money market instruments of an issuer that does not have any outstanding rated debt or money market instruments in case of 'actual default' of either the interest or principal amount.'

Process for creation of segregated portfolio

1. The AMC shall decide on creation of segregated portfolio on the day of credit event, as per the process laid down below:
 - i. The AMC shall seek approval of Trustees, prior to creation of the segregated portfolio.
 - ii. The AMC shall immediately issue a press release disclosing its intention to segregate such debt and money market instrument and its impact on the investors. It shall also be disclosed that the segregation shall be subject to trustee approval. Additionally, the said press release shall be prominently disclosed on the website of the AMC.

- iii. The AMC shall ensure that till the time the Trustee approval is received, which in no case shall exceed 1 business day from the day of credit event, the subscription and redemption in the scheme shall be suspended for processing with respect to creation of units and payment on redemptions.
2. Upon receipt of approval from Trustees:
 - i. The segregated portfolio shall be effective from the day of credit event.
 - ii. The AMC shall issue a press release immediately with all relevant information pertaining to the segregated portfolio. The said information shall also be submitted to SEBI.
 - iii. An e-mail or SMS should be sent to all unit holders of the scheme.
 - iv. The NAV of both segregated and main portfolio shall be disclosed from the day of the credit event.
 - v. All existing investors in the scheme as on the day of the credit event shall be allotted equal number of units in the segregated portfolio as held in the main portfolio.
 - vi. No redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolio, AMC shall enable listing of units of segregated portfolio on the recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests.
 3. If the trustees do not approve the proposal to segregate portfolio, the AMC shall issue a press release immediately informing investors of the same.
 4. Notwithstanding the decision to segregate the debt and money market instrument, the valuation shall take into account the credit event and the portfolio shall be valued based on the principles of fair valuation (i.e. realizable value of the assets) in terms of the relevant provisions of SEBI (Mutual Funds) Regulations, 1996 and Circulars issued thereunder.
 5. All subscription and redemption requests for which NAV of the day of credit event or subsequent day is applicable will be processed as per the existing circular on applicability of NAV as under:
 - a. Upon trustees' approval to create a segregated portfolio -
 - Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.
 - Investors subscribing to the scheme will be allotted units only in the main portfolio based on its NAV.
 - b. In case trustees do not approve the proposal of segregated portfolio, subscription and redemption applications will be processed based on the NAV of total portfolio.
 6. In order to enable the existing as well as the prospective investors to take informed decision, the following shall be adhered to:
 - a. A statement of holding indicating the units held by the investors in the segregated portfolio along with the NAV of both segregated portfolio and main portfolio as on the day of the credit event shall be communicated to the investors within 5 working days of creation of the segregated portfolio.
 - b. Adequate disclosure of the segregated portfolio shall appear in all scheme related documents, in monthly and half-yearly portfolio disclosures and in the annual report of the mutual fund and the scheme.
 - c. The Net Asset Value (NAV) of the segregated portfolio shall be declared on daily basis.
 - d. The information regarding number of segregated portfolios created in a scheme shall appear prominently under the name of the scheme at all relevant places such as SID, KIM-cum-Application Form, advertisement, AMC and AMFI website, etc.

- e. The scheme performance required to be disclosed at various places shall include the impact of creation of segregated portfolio. The scheme performance should clearly reflect the fall in NAV to the extent of the portfolio segregated due to the credit event and the said fall in NAV along with recovery(ies), if any, shall be disclosed as a footnote to the scheme performance.
 - f. The disclosures at paragraph (d) and (e) above regarding the segregated portfolio shall be carried out for a period of at least 3 years after the investments in segregated portfolio are fully recovered/ written-off.
 - g. The investors of the segregated portfolio shall be duly informed of the recovery proceedings of the investments of the segregated portfolio. Status update may be provided to the investors at the time of recovery and also at the time of writing-off of the segregated securities.
7. In order to ensure timely recovery of investments of the segregated portfolio, the Trustees to the fund would continuously monitor the progress and take suitable action as may be required.
 8. TER for the Segregated Portfolio:
 - a. AMC shall not charge investment and advisory fees on the segregated portfolio. However, TER (excluding the investment and advisory fees) can be charged, on a pro-rata basis only upon recovery of the investments in segregated portfolio.
 - b. The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the main portfolio (in % terms) during the period for which the segregated portfolio was in existence.
 - c. The legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio in proportion to the amount of recovery. However, the same shall be within the maximum TER limit as applicable to the main portfolio. The legal charges in excess of the TER limits, if any, shall be borne by the AMC.
 - d. The costs related to segregated portfolio shall in no case be charged to the main portfolio.

Investors may also note that the process followed by the AMC/Trust regarding creation of segregated portfolios shall be in accordance with the provisions laid down by SEBI in this regard, from time to time.

Numerical illustration explaining how segregated portfolios will work

Total Assets under Fixed Income instruments: Rs. 10 lakhs and Total 2 investors in the scheme:

Investors	Units	Amount (Rs.)	Portfolio	Value (Rs.)
A	30,000	3,75,000	Portfolio 1	5,00,000
B	50,000	6,25,000	Portfolio 2	3,00,000
			Portfolio 3	2,00,000
Total	80,000	10,00,000	Total	10,00,000

NAV Rs. 12.50 per unit

Credit Event: Security 2 downgrades and value falls from Rs. 3,00,000 to Rs. 280,000

Post Segregation (Main Portfolio):

Investors	Units	Amount (Rs.)	Portfolio	Value (Rs.)
A	30,000	2,62,500	Portfolio 1	5,00,000
B	50,000	4,37,500	Portfolio 3	2,00,000
Total	80,000	7,00,000	Total	7,00,000

NAV of main portfolio Rs. 8.75 per unit

Post Segregation (Segregated Portfolio):

Investors	Units	Amount (Rs.)	Portfolio	Value (Rs.)
A	30,000	1,05,000	Portfolio 2	2,80,000
B	50,000	1,75,000	-	-
Total	80,000	2,80,000	Total	2,80,000

NAV of segregated portfolio Rs. 3.50 per unit

Investors	Units	Main Portfolio	Segregated Portfolio	Amount (Rs.)
A	30,000	2,62,500	1,05,000	3,67,500
B	50,000	4,37,500	1,75,000	6,12,500
Total	80,000	7,00,000	2,80,000	9,80,000

Notes:

- Investors who invest / subscribe to the units of the scheme post creation of segregated portfolio shall be allotted units in the Main Portfolio only.
- Investors redeeming their units post creation of segregated portfolio will get redemption proceeds based on NAV of main portfolio and will continue to hold units in Segregated portfolio.
- No redemption and / or subscription shall be allowed in the Segregated Portfolio.
- Units of Segregated portfolio shall be listed on a recognised stock exchange

In order to ensure timely recovery of investments of the segregated portfolio, trustees shall ensure that:

- a. The AMC puts in sincere efforts to recover the investments of the segregated portfolio.
- b. Upon recovery of money, whether partial or full, it shall be immediately distributed to the investors in proportion to their holding in the segregated portfolio. Any recovery of amount of the security in the segregated portfolio even after the write off shall be distributed to the investors of the segregated portfolio.
- c. An Action Taken Report (ATR) on the efforts made by the AMC to recover the investments of the segregated portfolio is placed in every trustee meeting till the investments are fully recovered/ written-off.
- d. The trustees shall monitor the compliance of this circular and disclose in the half-yearly trustee reports filed with SEBI, the compliance in respect of every segregated portfolio created.

In order to avoid mis-use of segregated portfolio, trustees shall ensure to have a mechanism in place to negatively impact the performance incentives of Fund Managers, Chief Investment Officers (CIOs), etc. involved in the investment process of securities under the segregated portfolio, mirroring the existing mechanism for performance incentives of the AMC, including claw back of such amount to the segregated portfolio of the scheme.

N. Investment by the AMC, Sponsors, Associate and its Investment Companies
(Consolidated Std. Obs. 58)

Std. obs. 1

Subject to the SEBI MF Regulations, the sponsors & Investment Companies managed by them, their associate companies, subsidiaries of the sponsors. The funds managed by associates and/or the AMC may acquire a substantial portion of the scheme. Accordingly, redemption of units held by such funds, associates and sponsors may have an adverse impact on the units of the scheme because the timing of such redemption may impact the ability of other unit holders to redeem their units.

The AMC may invest in the Scheme subject to the SEBI (MF) Regulations. Under the Regulations, the AMC is not permitted to charge any investment management and advisory services fee on its own investment in the Scheme.

O. Investment in Derivatives

Do's 26

Std. obs. 5

The scheme intends to use derivatives for purposes that may be permitted by SEBI Mutual Fund Regulations from time to time. Derivatives instruments may take the form of Futures, Options, Swaps or any other instrument, as may be permitted from time to time.

The Margin for derivatives transactions may be placed in the form of such securities/instruments/deposits as may be permitted/eligible to be placed as margin from the assets of the Scheme. The securities/instruments/deposits so placed as margin shall be classified under the applicable category of assets for the purposes of asset allocation.

SEBI Master Circular for Mutual Funds dated May 19, 2023 specifies the guidelines pertaining to trading by Mutual Fund in derivatives. All Derivative positions taken in the portfolio would be guided by the following principles:

i. Position limit for the Fund in index options contracts

- a. The Fund position limit in all index options contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index options, whichever is higher per Stock Exchange.
- b. This limit would be applicable on open positions in all options contracts on a particular underlying index.

ii. Position limit for the Fund in index futures contracts:

- a. The Fund position limit in all index futures contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.
- b. This limit would be applicable on open positions in all futures contracts on a particular underlying index.

iii. Position limit for the Fund for stock based derivative contracts

The Fund position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts:-

- a. The combined futures and options limit shall be 20% of applicable Market Wide Position Limit (MWPL)
- b. The MWPL and client level position limits however would remain the same as prescribed

iv. Position limit for the Scheme

The position limits for the Scheme and disclosure requirements are as follows–

- a. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a Fund shall not exceed the higher of:
 - 1% of the free float market capitalisation (in terms of number of shares) Or
 - 5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).
- b. This position limit shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.
- c. For index based contracts, the Fund shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.”

Illustration of some derivative transactions:

i) Index Futures:

Benefits

- a) Investment in Stock Index Futures can give exposure to the index without directly buying the individual stocks. Appreciation in Index stocks can be effectively captured through investment in Stock Index Futures.
- b) The scheme can sell futures to hedge against market movements effectively without actually selling the stocks it holds.

The Stock Index futures are instruments designed to give exposure to the equity market indices. BSE Limited and National Stock Exchange of India Limited have started trading in index futures of 1, 2 and 3-month maturities. The pricing of an index future is the function of the underlying index and interest rates.

Example (For illustration purpose only)

Spot Index: 1070

1 month Nifty Future Price on day 1: 1075

Scheme buys 1000 lots

Each lot has a nominal value equivalent to 200 units of the underlying index

Let us say that on the date of settlement, the future price = Closing spot price = 1085

Profits for the Scheme = $(1085-1075) * 1000 \text{ lots} * 200 = \text{Rs. } 20,00,000$

The net impact for the scheme will be in terms of the difference between the closing price of the index and cost price (ignoring margins for the sake of simplicity). Thus, it is clear from the example that the profit or loss for the scheme will be the difference of the closing price (which can be higher or lower than the purchase price) and the purchase price. The risks associated with index futures are similar to the one with equity investments. Additional risks could be on account of illiquidity and hence mispricing of the future at the time of purchase.

Basic Structure of a Stock & Index Future

The Stock Index futures are instruments designed to give exposure to the equity markets indices.

Example using hypothetical figure (For illustration purpose only)

1 month NIFTY 50 Index Future

Say, Fund buys 10,000 futures contracts; each contract value is 50 times futures index price

Purchase Date: December 27, 2022

Spot Index: 6036.25

Future Price: 6081.90

Say, Date of Expiry: January 25, 2023

Say, Margin: 20%

Assuming the exchange imposes total margin of 20%, the Investment Manager will be required to provide total margin of approx. Rs. 60.81 Cr (i.e. $20\% * 6081.90 * 10000 * 50$) through eligible securities and cash.

Date of Expiry

Assuming on the date of expiry, i.e. Jan 25, 2023, Nifty 50 Index closes at 6100, the net impact will be a profit of Rs 90,50,000 for the fund i.e. $(6100-6081.90)*10000*50$

Futures price = Closing spot price = 6100.00

Profits for the Fund = $(6100-6081.90)*10000*50 = \text{Rs. } 90,50,000$

The net impact for the Fund will be in terms of the difference of the closing price of the index and cost price. Thus, it is clear from the example that the profit or loss for the Fund will be the difference of the

closing price (which can be higher or lower than the purchase price) and the purchase price. The risks associated with index futures are similar to those associated with equity investments. Additional risks could be on account of illiquidity and potential mis-pricing of the futures.

ii) Buying Options:

Benefits of buying a call option:

Buying a call option on a stock or index gives the owner the right, but not the obligation, to buy the underlying stock / index at the designated strike price. Here the downside risks are limited to the premium paid to purchase the option.

Illustration

For example, if the scheme buys a one month call option on ABC Limited at a strike of Rs. 100, the current market price being say Rs.101. The scheme will have to pay a premium of say Rs. 10 to buy this call. If the stock price goes below Rs. 100 during the tenure of the call, the scheme avoids the loss it would have incurred had it straightaway bought the stock instead of the call option. The scheme gives up the premium of Rs. 10 that has to be paid in order to protect the fund from this probable downside. If the stock goes above Rs. 100, it can exercise its right and own ABC Limited at a cost price of Rs. 100, thereby participating in the upside of the stock.

Benefits of buying a put option

Buying a put option on a stock originally held by the buyer gives him/her the right, but not the obligation, to sell the underlying stock at the designated strike price. Here the downside risks are limited to the premium paid to purchase the option.

Example (for illustration purpose only)

For example, if the scheme owns XYZ Limited and also buys a three month put option on XYZ Limited at a strike of Rs. 100, the current market price being say Rs. 101. The scheme will have to pay a premium of say Rs. 8 to buy this put. If the stock price goes below Rs. 100 during the tenure of the put, the scheme can still exercise the put and sell the stock at Rs. 100, avoiding therefore any downside on the stock below Rs. 100. The scheme gives up the fixed premium of Rs. 8 that has to be paid in order to protect the scheme from this probable downside. If the stock goes above Rs. 100, say to Rs. 120, it will not exercise its option. The scheme will participate in the upside of the stock, since it can now sell the stock at the prevailing market price of Rs. 120.

The following section describes some of the more common equity derivatives transactions long with their benefits:

Basic Structure of an Equity Option

An option gives a buyer the right but does not cast the obligation to buy or sell the underlying. An option is a contract between two parties wherein the buyer receives a privilege for which he pays a fee (premium) and the seller accepts an obligation for which he receives a fee. The premium is the price negotiated and set when the option is bought or sold. A person who buys an option is said to be long in the option. A person who sells (or writes) an option is said to be short in the option.

Example using hypothetical figures on Index Options (For illustration purpose only):

Market type: N

Instrument Type: OPTIDX
 Underlying: Nifty
 Purchase date: Dec 27, 2022
 Expiry date: January 25, 2023
 Option Type: Put Option (Purchased)
 Strike Price: Rs. 6,000.00
 Spot Price: Rs. 6,036.00
 Premium: Rs. 84.00
 Lot Size: 50
 No. of Contracts: 1000

Say, the Scheme purchases on December 27, 2022, 1 month Put Options on Nifty on the NSE i.e. put options on 50,000 shares (1000 contracts of 50 shares each) of Nifty.

Date of Exercise

As these are European style options, they can be exercised only on the exercise date i.e. January 27, 2022. If the share price of Nifty falls to Rs.5,500 on expiry day, the net impact will be as follows:

Premium expense = Rs.84*1000* 50 Rs. 42,00,000

Option Exercised at = Rs. 5,500

Profits for the Fund = (6000.00–5,500.00) * 1000*50 = Rs. 2,50,00,000

Net Profit = Rs. 2,50,00,000 – Rs. 42,00,000 = Rs. 2,08,00,000

In the above example, the Investment Manager hedged the market risk on 50,000 shares of Nifty Index by purchasing Put Options.

The premium paid for the option is treated as an expense. Additional risks could be on account of illiquidity and potential mis–pricing of the options.

The Scheme will use derivatives instruments for the purpose of portfolio rebalancing or for any other stock and / or index derivative strategies as allowed under the SEBI regulations.

Various Derivatives Strategies:

If and where Derivative strategies are used under the scheme the Fund Manager will employ a combination of the following strategies:

1. Index Arbitrage:

As the Nifty 50 Index derives its value from fifty underlying stocks, the underlying stocks can be used to create a synthetic index matching the Nifty Index levels. Also, theoretically, the fair value of a stock/ index futures is equal to the spot price plus the cost of carry i.e. the interest rate prevailing for an equivalent credit risk, in this case is the Clearing Corporation of the NSE.

Therefore, the pricing of Nifty Index futures should be equal to the pricing of the synthetic index created by futures on the underlying stocks. However, due to market imperfections, the index futures may not exactly correspond to the synthetic index futures.

The Nifty Index futures normally trades at a discount to the synthetic Index due to large volumes of stock hedging being done using the Nifty Index futures giving rise to arbitrage opportunities.

The fund manager shall aim to capture such arbitrage opportunities by taking long positions in the Nifty Index futures and short positions in the synthetic index. The strategy is attractive if this price differential (post all costs) is higher than the investor's cost-of-capital.

Objective of the Strategy

The objective of the strategy is to lock-in the arbitrage gains.

Risks Associated with this Strategy

- Lack of opportunity available in the market.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices:

Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

2. Cash Futures Arbitrage: (Only one way as funds are not allowed to short in the cash market)

The scheme would look for market opportunities between the spot and the futures market. The cash futures arbitrage strategy can be employed when the price of the futures exceeds the price of the underlying stock.

The scheme will first buy the stocks in cash market and then sell in the futures market to lock the spread known as arbitrage return.

Buying the stock in cash market and selling the futures results into a hedge where the Scheme has locked in a spread and is not affected by the price movement of cash market and futures market. The arbitrage position can be continued till expiry of the future contracts. The future contracts are settled based on the last half an hour's weighted average trade of the cash market. Thus, there is a convergence between the cash market and the futures market on expiry. This convergence helps the scheme to generate the arbitrage return locked in earlier. However, the position could even be closed earlier in case the price differential is realized before expiry or better opportunities are available in other stocks. The strategy is attractive if this price differential (post all costs) is higher than the investor's cost-of-capital.

Objective of the Strategy

The objective of the strategy is to lock-in the arbitrage gains.

Risk Associated with this Strategy

Lack of opportunity available in the market

The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

3. Alpha strategy

The fund manager shall either use index futures and options or stock futures and options to hedge the stocks in the portfolio. The Scheme will seek to generate alpha by superior stock selection and removing market risks by selling appropriate index. For example, one can seek to generate positive alpha by buying an IT stock and selling Nifty IT Index future or a bank stock and selling Bank Index futures or buying a stock and selling the Nifty Index.

Objective of the Strategy

The objective of the strategy is to generate alpha by superior stock selection and removing market risks by hedging with appropriate index.

Risk Associated with this Strategy

- The stock selection under this strategy may under-perform the market and generate a negative alpha.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

4. Other Derivative Strategies: As allowed under the SEBI guidelines on derivatives, the fund manager will employ various other stock and index derivative strategies by buying or selling stock/index futures and/or options.

Objective of the Strategy

The objective of the strategy is to earn low volatility consistent returns.

Risk Associated with this Strategy

The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices

Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

Covered Call Strategy

A call option gives the holder (buyer) the right but not the obligation to buy an asset by a certain date for a certain price. The covered call is a strategy in which a seller sells a call option on a stock he owns.

Benefits of using Covered Call strategy in Mutual Funds:

The covered call strategy can be followed by the Fund Manager in order to hedge risk thereby resulting in better risk adjusted returns of the scheme. The strategy offers the following benefits:

- a. Hedge against market risk - Since the fund manager sells a call option on a stock already owned by the mutual fund scheme, the downside from fall in the stock price would be lower to the extent of the premium earned from the call option.
- b. Generating additional returns in the form of option premium in a range bound market.

Thus, a covered call strategy involves gains for unit holders in case the strategy plays out in the right direction.

Additional risks for writing covered call options for equity shares:

1. Writing call options are highly specialized activities and entail higher than ordinary investment risks. In such investment strategy, the profits from call option writing is capped at the option premium, however the downside depends upon the increase in value of the underlying equity shares.
2. The scheme may write covered call option only in case it has adequate number of underlying equity shares as per regulatory requirement. This would lead to setting aside a portion of investment in underlying equity shares. If covered call options are sold to the maximum extent allowed by regulatory authority, the scheme may not be able to sell the underlying equity shares immediately if the view changes to sell and

exit the stock. The covered call options need to be unwound before the stock positions can be liquidated. This may lead to a loss of opportunity or can cause exit issues if the strike price at which the call option contracts have been written become illiquid. Hence, the scheme may not be able to sell the underlying equity shares, which can lead to temporary illiquidity of the underlying equity shares and result in loss of opportunity.

3. The writing of covered call option would lead to loss of opportunity due to appreciation in value of the underlying equity shares. Hence, when the appreciation in equity share price is more than the option premium received the scheme would be at a loss.

4. The total gross exposure related to option premium paid and received must not exceed the regulatory limits of the net assets of the scheme. This may restrict the ability of Scheme to buy any options.

Illustration – Covered Call strategy using stock call options:

Suppose a fund manager buys equity stock of ABC Ltd. For Rs. 1000 and simultaneously sells a call option on the same stock at a strike price of Rs. 1100. The scheme earns a premium of say, Rs. 50. Here, the fund manager does not think that the stock price will exceed Rs. 1100.

Scenario 1: Stock price exceeds Rs. 1100

The call option will get exercised and the fund manager will sell the stock to settle his obligation on the call at Rs. 1100 (earning a return of 10% on the stock purchase price). Also, the scheme has earned a premium of Rs. 50.

Net Gain –

Rs. 1100 (strike price) – Rs. 1000 (stock purchase price) + Rs. 50 (premium earned) = Rs. 150

Scenario 2: Stock prices stays below Rs. 1100

The call option will not get exercised and will expire worthless. The premium earned on call option will generate alpha for the scheme.

Net Gain – Rs. 50 (premium earned).

	<p>Directly with the Fund:</p> <p>a. Subscription (Purchase) The Fund may allow purchases of units of the Scheme in 'Creation Unit' size or multiples thereof in exchange of the Portfolio Deposit/equivalent amount of cash and Cash Component by Market Maker.</p> <p>b. Redemption (Sale)/Switch-out The Fund will redeem units only in Creation Unit size or in multiples thereof, in exchange of the Portfolio Deposit/equivalent amount of Cash and Cash Component.</p> <p>Note: For the aforesaid purpose, the terms 'Cash' means RTGS, NEFT or transfer Cheque. The subscription & redemption of units would be based on the portfolio deposit & cash component as defined by the fund for the respective business day.</p> <p>Investors can sell units in less than Creation Unit Size of the Scheme directly to the Mutual Fund in the following cases:</p> <ul style="list-style-type: none"> • if the traded price of the ETF units is at a discount of more than 3% to the NAV for continuous 30 days; • if discount of bid price to applicable NAV is more than 3% over a period of 7 consecutive trading days; • if no quotes are available on exchange for 3 consecutive trading days; • when the total bid size on the exchange(s) is less than half creation unit size daily, averaged over a period of 7 consecutive trading days. <p>Under these circumstances, investors, as specified above, can redeem units of the Scheme directly with the fund house without any payment of exit load. In case of redemptions by NRIs, requisite TDS will be deducted from the respective redemption proceeds.</p> <p>The aforesaid criteria for the direct redemption with the fund house are also available at the website of the AMC at www.bajajamc.com. The mutual fund will track aforesaid liquidity criteria and display it on its website viz., www.bajajamc.com if the same is triggered, no exit load would be applicable in such cases.</p>

	<p>On Stock Exchange:</p> <p>The units of the Scheme will be listed on NSE/BSE to provide liquidity through secondary market. The Scheme may also be listed on any other exchanges subsequently. All categories of Investors may purchase the units through secondary market on any Trading Day at the prevailing price (plus transaction handling charges) on the stock exchanges.</p>
<p>Ongoing price for redemption (sale) / switch outs (to other schemes/plans of the Mutual Fund) by investors. This is the price you will receive for redemptions/switch outs.</p>	<p>The Redemption Price of the Units will be based on the Applicable NAV subject to the prevalent exit load provisions. The Redemption Price of the Units will be computed as follows:</p> <p>Redemption Price = Applicable NAV * (1 – Exit Load, if any).</p> <p>Applicable exit load shall be subject to the tenure of investment of the investor in the scheme vis-à-vis the exit load structure applicable when investor had invested in the scheme.</p> <p>Example: An investor invests on April 1, 2021 when the applicable exit load for the scheme was 2% if redeemed within 1 year, else nil.</p> <p>Scenario 1) In case investor redeems before April 1, 2022, then applicable exit load would be 2%. Now suppose the same investor decides to redeem his 1000 units. The prevailing NAV is Rs 25/-. Hence, the sale or redemption price per unit becomes Rs. 24.50/- i.e. $25 \times (1 - 2\%)$. The investor therefore gets $1000 \times 24.50 = \text{Rs. } 24,500/-$.</p> <p>Scenario 2) In case investor redeems on or after April 1, 2022, then applicable exit load would be nil. Now suppose the same investor decides to redeem his 1000 units. The prevailing NAV is Rs 30/-. Hence, the sale or redemption price per unit will be Rs. 30/- i.e. $30 \times (1 - 0)$. The investor therefore gets $1000 \times 30 = \text{Rs. } 30,000/-$.</p> <p>Directly with the Fund:</p> <p>a. Subscription (Purchase) The Fund may allow purchases of units of the Scheme in 'Creation Unit' size or multiples thereof in exchange of the Portfolio Deposit/equivalent amount of cash and Cash Component by Market Maker</p>

Suspension of Sale and Redemption of Units / Right to Limit Redemptions	<p>Suspension of Sale and Redemption of Units</p> <p>Suspension or restriction of repurchase/redemption facility under the scheme shall be made applicable only after obtaining the approval from the Boards of Directors of the AMC and the Trustees. Additionally, the following requirements would be undertaken before imposing restriction on redemptions:</p> <ol style="list-style-type: none"> i. Restriction may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as: <ul style="list-style-type: none"> • Liquidity issues - when market at large becomes illiquid affecting almost all securities rather than any issuer specific security. • Market failures, exchange closures - when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies. • Operational issues – when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). Such cases can only be considered if they are reasonably unpredictable and occur in spite of appropriate diligence of third parties, adequate and effective disaster recovery procedures and systems. ii. Restriction on redemption may be imposed for a specified period of time not exceeding 10 working days in any 90 days period. iii. Any imposition of restriction would require specific approval of Board of AMC and Trustees and the same should be informed to SEBI immediately. iv. When restriction on redemption is imposed, the following procedure shall be applied: <ul style="list-style-type: none"> - No redemption requests up to Rs. 2 lakh shall be subject to such restriction. - Where redemption requests are above Rs. 2 lakh, the AMC shall redeem the first Rs. 2 lakh without such restriction and

Cash Investments	The AMC would not accept cash for investment in the scheme.
Listing	The Scheme will be listed on NSE and BSE Ltd. Units of the Scheme may also be listed on such other stock exchange(s) as may be decided from time to time. The trading will be as per the normal settlement cycle.
Settlement of Purchase / Sale on stock exchange(s)	<p>Buying/ Selling units of the Scheme on the stock exchange is similar to buying / selling any other listed securities. If an investor has bought units, the investor has to pay the purchase amount to the broker / subbroker such that the amount paid is realized before funds pay-in day of the settlement cycle on the exchange. If an investor has sold units, the investor has to deliver the units to the broker/ sub-broker before the securities pay-in day of the settlement cycle on the exchange. The units (in case of units bought) and the funds (in the case of units sold) are paid out to the broker on the payout day of the settlement cycle on the exchange. The trading member would pay the money or units to the investor in accordance with the time prescribed by the stock exchange regulation. If an investor has bought units, he/she should give standing instructions for 'Delivery-In' to his/her DP for accepting units in his/her beneficiary account. An investor should give the details of his/her beneficiary account and the DP-ID of his/her DP to his/her trading member. The trading member will transfer the units directly to his/her beneficiary account on receipt of the same from exchange's clearing corporation.</p> <p>An investor who has sold units should instruct his/her Depository Participant (DP) to give 'Delivery Out' instructions to transfer the units from his/her beneficiary account to the Pool Account of his/her trading member through whom he/she has sold the units. The details of the Pool Account of investor's trading member to which the units are to be transferred, unit quantity, etc. should be mentioned in the delivery out instructions given by him/her to the DP. The instructions should be given well before the prescribed securities pay-in day. SEBI has advised that the delivery out instructions should be given atleast 24 hours prior to the cut off time for the prescribed securities pay in to avoid any rejection</p>

	<p>of instructions due to data entry errors, network problems, etc.</p> <p>All investors including Authorized Participants, Investors and other investors may sell their units in the stock exchange(s) on which these units are listed on all the Trading Days of the stock exchange. The Mutual Fund will repurchase units from Authorized Participants and Investors on any Business Day provided the units offered for repurchase is not less than the Creation Unit Size and multiples thereafter.</p>												
Rolling Settlement	<p>The Fund intends to follow the settlement pattern and practices of National Stock Exchange and BSE Limited as per the trade/s executed on the respective exchange.</p> <p>Rolling Settlement As per the SEBI's circular dated March 4, 2003, the rolling settlement on T+1 basis for all trades has commenced from April 1, 2003 onwards. The Pay-in and Pay-out of funds and the units will take place 2 working days after the trading date.</p> <p>The pay-in and pay-out days for funds and securities are prescribed as per the Settlement Cycle. Procedure for Purchasing in Creation Unit Size	<p>Creation of Units</p> <p>The requisite securities constituting the Portfolio Deposit have to be transferred to the DP account of the respective Scheme on the day of receipt of the application, while the Cash Component, as applicable on that business day; has to be paid to the Fund. On confirmation of the receipt of Portfolio Deposit/ equivalent amount of cash by</p>

	<p>the Custodian/AMC, the AMC will credit the equivalent number of units of the Scheme into the investor's DP account.</p> <p>In case of cash subscription of units of the Scheme in 'Creation Unit' Size, the purchase request for creation of units shall be made by such investor to the Fund/AMC where upon the Fund/AMC will arrange to buy the underlying portfolio of securities on behalf of the investor. The cost of purchase of securities including brokerage charges, transaction handling charges and all other incidental costs/profits/losses arising out of market movement during the purchase of securities shall be borne by the investor.</p> <p>The AMC may at its discretion create "Creation Unit" prior to receipt of all or a portion of the relevant Portfolio Deposit or equivalent amount in cash and Cash Component.</p> <p>The Portfolio Deposit and Cash Component for units of the Scheme may change from time to time due to changes in the Underlying Index on account of corporate actions and changes to the index constituents.</p> <p>The creation request can be made to the AMC/Fund in a duly filled application form. Application Forms for Creation of units can be obtained from the office of AMC.</p> <p>Note: For the aforesaid purpose, the terms 'Cash' means RTGS, NEFT or transfer Cheque</p>
<p>Procedure for Redeeming in Creation Unit Size</p>	<p>Redemption of Units:</p> <p>The requisite number of units of the Scheme equivalent to the Creation Unit lot size has to be transferred to the DP account of the respective Scheme, while the Cash Component, as applicable on that business day to be paid to the Scheme. On confirmation of the receipt of unit of the Scheme by the Custodian/AMC, the AMC shall extinguish the units and credit the Portfolio Deposit to the investor's DP account and pay the Cash Component, as applicable.</p> <p>The Fund may allow cash redemption of the units of the Scheme in Creation Unit Size. Redemption request shall be made by such investor to the Fund before the stipulated cut-off time whereupon the Fund shall arrange to sell the underlying portfolio</p>

	<p>of securities on behalf of the investor. Accordingly, the cost of sale of securities including brokerage charges, transaction handling charges and any other incidental costs/profits/losses arising out of market movement during the sale of securities shall be borne by investor. Payment will then be made to the Investor net of all the above mentioned charges.</p> <p>The Portfolio Deposit and Cash Component for the units of the Scheme may change from time to time due to changes in the Underlying Index on account of corporate actions and changes to the index constituents.</p> <p>Note: For the aforesaid purpose, the terms 'Cash' means RTGS, NEFT or transfer Cheque.</p> <p>Any order placed for redemption or subscription directly with the AMC must be of greater than INR 25 Cr. The aforesaid threshold shall not be applicable for MMs and shall be periodically reviewed.</p> <p>Investors can directly approach the AMC for redemption of units of the Scheme, for transaction upto INR 25 Cr. without any exit load, in case of the following scenarios:</p> <ul style="list-style-type: none"> i. Other requirements	<p>A. <u>Transmission of units</u></p> <p>In cases of transmission of units consequent to the death of a unitholder, the transferee’s name would be recorded by the AMC / its Registrar subject to production of satisfactory evidence and completing the requisite procedure / documentation and upon executing suitable indemnities in favor of the Mutual Fund and the AMC. In case units are held in demat form by the</p>

investor, the nomination registered with the Depository Participant would be applicable to the units. A Nominee / legal heir approaching the AMC for Transmission of units must have beneficiary account with a Depository Participant of CDSL or NSDL since the units would be in demat mode. The stamp duty payable by the claimant with respect to the indemnity bond and affidavit shall be in accordance with the stamp duty prescribed by applicable laws.

In accordance with SEBI Master Circular for Mutual Funds dated May 19, 2023, the AMC shall not accept requests for redemption from a claimant pending completion of the transmission of units in favour of the claimant. Accordingly, the AMC would not entertain or accept any 'Transmission-cum-Redemption' request.

B. Pledge of units

The units held under the scheme by an investor can be pledged as security for raising loans subject to the conditions prescribed by the lending institution. The Depository will take note of such pledge (by marking a lien etc.)/charge in their records. Disbursement of such loans would be entirely at the discretion of the lending institution and the AMC/Mutual Fund assumes no responsibility thereof. The pledgor would not be able to redeem units held under the scheme that are pledged until the entity to which the units are pledged provides written authorisation to the AMC that the pledge/lien charge may be removed. As long as units remain pledged, the pledgee would have complete authority to redeem such units. Decision of the AMC shall be final in all cases of lien marking.

C. Treatment of business through suspended distributors

Pursuant to AMFI Best Practices Guidelines Circular dated September 24, 2019, regarding provisions pertaining to treatment of subscription /switch-out/ transactions received through distributors whose AMFI Registration Number (ARN) has been suspended temporarily or terminated permanently by Association of Mutual Funds in India (AMFI):

	<p>a. During the period of suspension, no commission shall be accrued or payable to the distributor whose ARN is suspended. Accordingly, during the period of suspension, commission on the business canvassed prior to the date of suspension shall stand forfeited, irrespective of whether the suspended distributor is the main AMFI Registration Number (“ARN”) holder or a sub-distributor.</p> <p>b. All subscription and switch-out transactions, including SIP/ STP registered prior to the date of suspension and fresh SIP / STP registrations received under the ARN code of a suspended distributor during the period of suspension, shall be processed under “Direct Plan” and shall be continued under Direct Plan perpetually*. A suitable intimation in this regard shall be sent to the investor informing them of the suspension of the Distributor.</p> <p>*Note: In case the AMC receives a written request / instruction from the unitholder/s to shift the investments back to Regular Plan under the ARN of the distributor post the revocation of ARN suspension, the same would be honored.</p> <p>c. All subscription and switch-out transactions including SIP/ STP transactions received through the stock exchange platforms through a distributor whose ARN is suspended shall be rejected.</p> <p>d. In case where the ARN of a distributor has been permanently terminated, the unitholder would have the following options:</p> <ul style="list-style-type: none"> - switch their existing investments under the Regular Plan to Direct Plan (Investors may be liable to bear capital gains taxes and exit load, if any, which may arise at the time of switch from Regular Plan to Direct Plan); or - continue their existing investments under the Regular Plan under ARN of another distributor of their choice. <p>D. <u>Consolidation of Folios</u></p> <p>In case an investor has multiple folios, the AMC reserves the right to consolidate all the folios into one folio, based on any criteria decided by the AMC from time to time.</p>
--	---

	<p>In case of additional subscription in the scheme, if the investor does not provide the folio number, the AMC reserves the right to allot units in the existing folio held by the investor, based on such criteria and undertaking any such verification as may be determined by the AMC from time to time.</p> <p>E. <u>Transactions without scheme/option name</u></p> <p>In case of fresh/additional subscription in the scheme, if the name of the scheme/plan on the application form/transaction slip differs with from the name mentioned on the cheque/demand draft, then the AMC would process the application and allot units at the applicable Net Asset Value, under the scheme/plan mentioned on the application form/transaction slip duly signed by the investor(s). The AMC reserves the right to call for other additional documents as may be necessary for processing such transaction(s). Further, such applications may also get rejected at the discretion of the AMC. The AMC shall not be responsible or liable for any loss suffered by the investor due to the discrepancy of a scheme/plan name mentioned in the application form/transaction slip and cheque/demand draft. In case of fresh subscription undertaken by the investor, if the plan name is not mentioned on the application form/transaction slip then the units would be allotted under the plan mentioned on the cheque/demand draft. The plan/option that would be considered in such cases if not specified by the customer will be the default option as stated the SID.</p> <p>F. <u>Multiple Requests</u></p> <p>If an investor makes multiple requests in a transaction slip i.e. redemption/switch-out and change of Address or redemption/switch-out and change of Bank Mandate or any combination thereof, but the signature is appended only under one such request and not on the other request being submitted, the AMC reserves the right to process the request under which signature is appended and reject the request where signature is not appended by the investor.</p>

Capital Gains^{2 6:}			
Long Term (period of holding more than 12 months)	10% without indexation ⁷ + applicable Surcharge + 4% Cess ³	10% without indexation and foreign currency fluctuation benefit + applicable surcharge + 4% Cess	Nil
Short Term (period of holding less than or equal to 12 months)	15% + applicable surcharge + 4% Cess	15% + applicable surcharge + 4% Cess	Nil

¹Equity Oriented Funds will also attract Securities Transaction Tax at applicable rates.

²Section 196A of the Act (read with proposed amendment under FB 2023) provides that a person responsible for paying to a non-resident (other than FPI) any income in respect of units of mutual fund shall withhold taxes at the rate of 20% (plus applicable surcharge and cess) or rate provided in the relevant DTAA, whichever is lower, provided the payee furnishes a tax residency certificate and such other information and documents as may be prescribed to claim treaty benefit.

As per the provisions of section 196D of the Act which is specifically applicable in case of FPI/FII, the withholding tax rate of 20% (plus applicable surcharge and cess) on any income in respect of securities referred to in section 115AD(1)(a) credited/paid to FII shall apply. The proviso to section 196D(1) of the Act grants relevant tax treaty benefits at the time of withholding tax on income with respect to securities of FPIs, subject to furnishing of tax residency certificate and such other documents as may be required. As per section 196D(2) of the Act, no TDS shall be made in respect of income by way of capital gain arising from the transfer of securities referred to in section 115AD of the Act.

³Health and education Cess shall be applicable at 4% on aggregate of base tax and surcharge.

⁴In case of domestic company, the rate of income-tax shall be 25% if its total turnover or gross receipts in the financial year 2021-22 does not exceed Rs. 400 crore.

⁵In case of domestic company whose income is chargeable to tax under section 115BAB or section 115BAA of the Income-Tax Act, 1961, tax rate @ 22% shall be applicable, subject to conditions mentioned therein. The tax computed in case of domestic companies whose income is chargeable to tax under section 115BAA or section 115BAB shall be increased by a surcharge at the rate of 10%.

⁶Short term/ long term capital gain tax will be deducted at the time of redemption of units in case of non-resident investors only (other than FPI). However, as per section 196A of the Act the withholding tax of 20% (plus applicable surcharge and cess) is applicable on any income in respect of units of mutual fund in case of non-residents.

⁷Section 112A provides that long term capital gains arising from transfer of a long term capital asset being a unit of an equity oriented fund shall be taxed at 10% (without indexation and foreign currency fluctuation benefit) of such capital gains exceeding one lakh rupees. The concessional rate of 10% shall be available only if STT has been paid on transfer in case of units of equity-oriented mutual funds.

*Section 206AB would apply on any sum or income or amount paid, or payable or credited, by a person to a specified person, as defined. The TDS rate in this section is higher of the followings rates:

- twice the rate specified in the relevant provision of the Act; or
- twice the rate or rates in force; or
- the rate of five per cent.

‘Specified person’ means a person (excluding non-residents who do not have a permanent establishment in India) who has not filed income-tax return under section 139(1) for the preceding year and aggregate of TDS and TCS in his case is INR 50,000 or more in the said year.

As per provisions of section 206AA of the Act, the payer would be obliged to withhold tax at penal rates of TDS in case of payments to investors who have not furnished their PAN to the payer. The penal rate of TDS higher of 20% or rate specified under the relevant provisions of the Act or rate in force (including surcharge and health and education cess), as may be applicable.

The provisions of this section shall not apply to a non-resident subject to furnishing of necessary documents as may be prescribed. In case, both provisions i.e section 206AB and 206AA triggers, TDS shall be deducted at higher of the rates under such provisions.

D. Computation of NAV

The NAV of the units of the scheme would be computed by dividing the net assets of the scheme by the number of outstanding units on the valuation date. The AMC shall value the investments according to the valuation norms, as specified in the SEBI MF Regulations. All expenses and incomes accrued up to the valuation date shall be considered for computation of NAV. The NAV of the Scheme would be calculated upto four decimal places and would be declared on each business day.

NAV of units under the scheme shall be calculated as shown below:

NAV (Rs.) =

Market or Fair Value of Scheme's investments + Current Assets - Current Liabilities and Provision

No. of units outstanding under the scheme

Illustration on Computation of NAV:

If the net assets of the Scheme are Rs. 10,55,55,555 and units outstanding are 1,00,00,000 then the NAV per unit will be computed as follows: $10,55,55,555 / 1,00,00,000 = \text{Rs. } 10.5555$ per unit. (rounded off to four decimals) (Consolidated Std. Obs. 42)

V. FEES AND EXPENSES

#As permitted under the Regulation 52 of SEBI (Mutual Funds) Regulations, 1996 and pursuant to SEBI Master Circular for Mutual Funds dated May 19, 2023, SEBI (Mutual Funds) Second Amendment Regulations, 2012 and SEBI (Mutual Funds) (Fourth Amendment) Regulations, 2018.

&In terms of SEBI Master Circular for Mutual Funds dated May 19, 2023, the AMC / Mutual Fund shall annually set apart at least 1 basis points (i.e. 0.01%) on daily net assets of the scheme within the maximum limit of Total Expense Ratio as per Regulation 52 of the SEBI (MF) Regulations for investor education and awareness initiatives. (Consolidated Std. Obs. 43)

%Brokerage and transaction costs incurred for the execution of trades and included in the cost of investment, not exceeding 0.12% of the value of trades of cash market transactions and 0.05% of the value of trades of derivative market transactions. It is hereby clarified that the brokerage and transaction costs incurred for the execution of trades may be capitalized to the extent of 0.12% of the value of trades of cash market transactions and 0.05% of the value of trades of derivative market transactions. Any payment towards brokerage and transaction costs (including Goods & Services Tax, if any) incurred for the execution of trades, over and above the said 0.12% for cash market transactions and 0.05% of the value of trades of derivative market transactions may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (MF) Regulations.

The expense of 30 bps shall be charged if the new inflows from retail investors from B30 cities as specified from time to time are at least -

(i) 30% of gross new inflows from retail investors in the scheme, or; (ii) 15% of the average assets under management (year to date) of the scheme, whichever is higher:

Provided that if inflows from retail investors from B30 cities is less than the higher of subclause (i) or subclause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis.

Provided further that expenses charged under this clause shall be utilized for distribution expenses incurred for bringing inflows from retail investors from B30 cities.

Provided further that amount incurred as expense on account of inflows from retail investors from B30 cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

In case inflows from retail investors from beyond top 30 cities is less than the higher of (i) or (ii) above, additional TER on daily net assets of the scheme shall be charged as follows:

Daily net assets X 30 basis points X new inflows from individuals beyond top 30 cities

365* X Higher of (i) or (ii) above

* 366, wherever applicable.

For the above purposes, 'B30 cities' shall be beyond Top 30 cities as at the end of previous financial year as communicated by AMFI. Retail investors would mean individual investors from whom inflows into the scheme would amount upto Rs. 2,00,000/- per transaction.

Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc and no commission for distribution of units will be paid / charged under Direct Plan. Goods & Services Tax on investment management and advisory fees shall be in addition to the above expense.

Further, with respect to Goods & Services Tax on other than management and advisory fees:

- Goods & Services Tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit of TER as per regulation 52 of the Regulations.
- Goods & Services Tax on exit load, if any, shall be paid out of the exit load proceeds and exit load net of Goods & Services Tax, if any, shall be credited to the scheme.
- Goods & Services Tax on brokerage and transaction cost paid for asset purchases, if any, shall be within the limit prescribed under regulation 52 of the Regulations.

For the actual current expenses being charged to the scheme, investors should refer to the website of the mutual fund at www.bajajamc.com. Any change proposed to the current expense ratio will be updated on the website at least three working days prior to the change.

As per the Regulations, the total recurring expenses that can be charged to the scheme shall be subject to the applicable guidelines. The total recurring expenses of the scheme, will however be limited to the ceilings as prescribed under Regulation 52(6) of the Regulations.

C. Load Structure

Std. obs. 16

Load is an amount which is paid by the investor to redeem the units from the scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website www.bajajamc.com or may call at (toll free no. 18003093900 or your distributor.

Type of Load	Load chargeable (as % of NAV)
Entry Load	Not applicable
Exit Load	Nil

In accordance with the requirements specified by the SEBI Master Circular for Mutual Funds dated May 19, 2023, no entry load will be charged for subscription /additional subscription accepted by the Mutual Fund.

In case of redemption/switch-out undertaken in excess of 25% holding of an investor on account of compliance with the requirements of SEBI Master Circular for Mutual Funds dated May 19, 2023 shall not be subject to exit load imposed in the scheme.

There will be no exit load for units sold through the secondary market on the NSE/BSE. Investors shall note that the brokerage on sales of the units of the scheme on the stock exchanges shall be borne by the investors.

Authorized Participant and Investor can redeem units directly with the fund at Applicable NAV based prices. Currently there is no exit load applicable for the said transactions.

However, during the process of creation/redemption there may be transaction costs and/or other incidental expenses (forming part of the Cash Component), which are liable to be borne by the investors/Authorized Participants.

- Investors can directly approach the AMC for redemption of units of the Scheme, for transaction upto INR 25 Cr. without any exit load, in case of the following scenarios:
- Traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or
- No quotes for such ETFs are available on stock exchange(s) for 3 consecutive trading days, or
- Total bid size on the exchange is less than half of creation unit size daily, averaged over a period of 7 consecutive trading days.

Under these circumstances, investors, as specified above and can redeem units of the Scheme directly with the the Fund/the AMC without any exit load. The Fund/the AMC will track the aforesaid liquidity criteria and display it on its website viz., www.bajajamc.com if the same is triggered, no exit load would be applicable in such cases.

The investor is requested to check the prevailing load structure of the Scheme before investing. Any imposition or enhancement in the load shall be applicable on prospective investments only. Units issued on reinvestment of IDCW shall not be subject to entry and exit load.

Subject to the Regulations, the Trustee reserves the right to modify/alter the load structure on the Units subscribed/redeemed on any Business Day. At the time of changing the load structure, the AMC / Mutual Fund may adopt the following procedure:

- (i) The addendum detailing the changes will be attached to Scheme Information Documents and key information memorandum. The addendum will be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and key information memoranda already in stock.
- (ii) Arrangements will be made to display the addendum in the Scheme Information Document in the form of a notice in all the investor service centres and distributors/brokers office.
- (iii) The introduction of the exit load along with the details will be stamped in the acknowledgement slip issued to the investors on submission of the application form and will also be disclosed in the statement of accounts issued after the introduction of such load.
- (iv) A public notice shall be provided on the website of the AMC in respect of such changes.

The upfront commission on investment made by the investor, if any, shall be paid to the ARN Holder (AMFI registered distributor) directly by the investor, based on the investor's assessment of various factors including service rendered by the ARN Holder.

Exit load (if any) charged to the unitholders by the Mutual Fund on redemption (including switch-out) of units shall be credited to the respective scheme net of Goods & Services Tax.

Goods & Services Tax on exit load, if any, shall be paid out of the exit load proceeds.

Load on bonus/ re-investment of Income Distribution cum capital withdrawal units: In terms of SEBI Master Circular for Mutual Funds dated May 19, 2023, no entry and exit load shall be charged on bonus units or units allotted on reinvestment of Income Distribution cum capital withdrawal.

The Trustee / AMC reserves the right to change the load structure any time in future if they so deem fit on a prospective basis. The investor is requested to check the prevailing load structure of the scheme before investing.

In case of changes to load structure, the AMC would endeavour to do the following:

1. An addendum would be attached to the SID and Key Information Memorandum (KIM). The same may be circulated to brokers/distributors so that the same can be attached to all SID and abridged SID in stock. Further the addendum would be sent along with a newsletter to unitholders immediately after the changes.
2. Arrangement would be made to display the changes in the SID in the form of a notice in all the official point of acceptance of transactions and distributor's/broker's office.
3. The introduction of the exit load alongwith the details may be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
4. A public notice shall be provided on the website in case of changes undertaken to the exit load.

D. Waiver of load for direct applications

Not applicable

VI. RIGHT OF UNITHOLDERS

Please refer to Statement of Additional Information for details.
