XX.	Specific attribute of the scheme (such as lock in, duration in case of target maturity scheme/close ended schemes) (as applicable)	Not Applicable
XXI.	Special product/facility available during ongoing basis	<u>Systematic Investment Plan (SIP)</u> Investors can undertake investing on a specified periodic basis and aim to take advantage from rupee cost averaging through SIP in the scheme. The following SIP frequency will be available to the investors: Daily Weekly Fortnightly Monthly Quarterly The applicability of the minimum amount of instalment mentioned is at the time of registration only. In case SIP date falls on a non-business day or on a day that is not available in the particular month, the instalment would be processed on next business day. Investors can subscribe for SIP by using NACH facilities offered by the Banks. The cheque for investment in the scheme should be in favor of "Bajaj Finserv Flexi Cap Fund" and crossed "Account Payee Only", and the cheques must be payable at the center where the applications are submitted to the Investor Service Centre.

		In case of fresh/additional subscription, if the name of the scheme on the application form/transaction slip differs with the name on the Cheque/Demand Draft, then the AMC would allot units under the scheme mentioned on the application form/ transaction slip. In case of fresh/additional subscription, if the scheme name is not mentioned on the application form/transaction slip, then the units will be allotted under the scheme mentioned on the Cheque/Demand Draft. The option that would be considered in such cases if not specified by the customer would be the default option of the Scheme. However, in case additional subscription is under the same scheme as fresh subscription, then the AMC reserves the right to allot units in the option under which units were allotted at the time of fresh subscription. Investors/ unitholders can enroll themselves for SIP by clicking the appropriate box in the application form and filling up the relevant SIP form specifying the amount, period, and SIP date. The detailed terms and conditions are mentioned in the SIP Auto Debit Form. SIP through post-dated cheques will not be accepted. Where the mandate form and the SIP registration form are submitted together, debits for the SIP may happen only on successful registration of the mandate by the Unit holder(s) bank. The Fund / AMC would present the SIP transactions without waiting for the confirmation of the successful registration from the Unit holder(s)' bank. In case the onetime mandate is successfully registered, new SIP registration will take upto five business days. The first debit may happen any time thereafter, based on the dates opted by the Unit holder(s). In case of ISIP, URN Registration must be done by investor within 7 calendar days. The URN will be expired after 7 calendar days. A fresh Account Statement / Transaction Confirmation would be mailed to the investor indicating the new balance in the Account. An investor would have the right to discontinue the SIP, subject to giving 2 working days prior notice to the subsequent date of SIP instalment. <u>Terms and conditions</u> <u>New Investor</u> - If the investor fails to mention the scheme name in the SIP Mandate Form, then the AMC reserves the right to register the SIP as per the scheme name available in the main application. <u>Existing Investor</u> - If the investor fails to mention the scheme name in the SIP Mandate Form, then the AMC reserves the right to register the SIP in the current scheme. For Weekly SIP, Tuesday will be the default day and incase of Fortnightly SIP 1st and 16th of the month will be the default option.
--	--	---

		If the investor has not mentioned the SIP start Month, SIP will start from the next applicable month, subject to completion of 21 working days lead time from the receipt of SIP request. In case the SIP 'End period' is incorrect or not mentioned by the Investor in the SIP form, then the default end period would be 40 years from the start date until further instructions are received from investor. The first SIP cheque/draft could be of any Business Day but subsequent Auto Debit mandate should be for any date from 1st to 28th of a month and there should be a minimum gap of at least 21 working days between the 1st SIP transaction and the 2nd SIP instalment. <u>SIP TOP UP Facility:</u> Investors can opt for SIP TOP UP facility with Fixed Top Up option or Variable Top Up option wherein the amount of the SIP could be increased at fixed intervals. In case the investor opts for both options, the Variable Top Up option would be triggered. The Fixed TOP UP amount shall be for minimum Rs. 500/- and in multiples of Rs. 1/- thereafter. Variable TOP UP would be available in at 5%, 10% and 15% and such other denominations (over and above 5%, 10% and 15%) as opted by the investor in multiples of 5%. An investor can also TOP UP the SIP in amount terms by keeping minimum top up of Rs. 500. The frequency is fixed at Yearly and Half Yearly basis. In case the TOP UP facility is not opted by ticking the appropriate box and frequency is not selected, the TOP UP facility may not be registered. In case of Quarterly SIP, only the Yearly frequency is available under SIP TOP UP. SIP Top-Up facility shall be available to all the investors. <u>Top-Up Cap amount or Top-Up Cap month-year:</u> Top-Up Cap amount: Investor has an option to freeze the SIP Top-Up amount once it reaches a fixed predefined amount. The fixed pre-defined amount should be same as the maximum amount mentioned by the investor in the bank mandate. In case of difference between the Cap amount and the maximum amount mentioned on Bank mandate, then amount which is lower of the two amounts shall be considered as the default amount of SIP Cap amount. Top-Up Cap month-year: It is the date from which SIP Top-Up amount would cease and last SIP instalment including Top-Up amount would remain constant from Cap date till the end of SIP tenure. Investor shall have flexibility to choose either Top-Up Cap amount or Top-Up Cap month- year. In case of multiple selection, Top-Up
--	--	---

		Cap amount would be considered as default selection. All the investors of the scheme subscribing the facility under SIP Variable Top - Up feature are hereby requested to select either Top - Up Cap amount or Top - Up Cap month - year. In case of no selection, the SIP Variable Top - Up amount would be capped at a default amount of Rs. 10 lakhs. Under the said facility, SIP amount would remain constant from Top - Up Cap date/ amount till the end of SIP Tenure. <u>Micro Systematic Investment Plan (Micro SIP):</u> Micro SIP/PAN Exempt Investments In line with SEBI letter no. OW/16541/2012 dated July 24, 2012 addressed to AMFI, Investments in the mutual fund schemes including investments through Systematic Investment Plans (SIPs) up to Rs. 50,000/- per investor per year shall be exempted from the requirement of PAN. The investor will have the facility of investing by Micro SIP under the current SIP facility. The Minimum Investment amount per instalment would be as per applicable minimum investment amount of the scheme. The total investment under Micro SIP cannot exceed Rs. 50,000/-. Micro Investment: If the investment amount (fresh subscription & additional subscription) and Micro SIP instalments by an investor in a financial year i.e April to March does not exceed Rs. 50,000/-, it shall be exempt from the requirement of PAN. However, requirements of Know Your Customer (KYC) shall be mandatory. Accordingly, investors seeking the above exemption for PAN need to submit the KYC Acknowledgement, irrespective of the amount of investment. This exemption will be available only to Micro investment made by the individuals being Indian citizens (including NRIs, Joint holders, minors acting through guardian and sole proprietary firms). PIOs, HUFs, QFIs and other categories of investors would not be eligible for availing this exemption. SIP Top-Up facility shall not be available in case of Micro-SIP. <u>Mode of Payment for SIP:</u> In case of SIP with payment mode as Standing Instruction / NACH, Investors are required to submit a cancelled cheque or a photocopy of a cheque of the bank account, as applicable for which the debit mandate is provided. Investors are requested to note that holding of units through Demat Option is also available. The units would be allotted based on the applicable NAV and would be credited to investors' Demat account on T + 2 days basis upon realization of funds.
--	--	---

		The investors shall note that for holding the units in demat form, the provisions laid down in the SID and SEBI Regulations, procedural requirements as laid by the Depositories (NSDL/CDSL) shall be applicable. In case the investor wishes to convert the units held in non-demat mode to demat mode or vice versa at a later date, such request along with the necessary form should be submitted to their Depository Participant(s). Units held in demat form would be freely transferable, subject to the applicable regulations and the guidelines as may be amended from time to time. Investors/unitholders subscribing for SIP are required to submit SIP request at least 21 business days prior to the date of first debit date and SIP start date shall not be beyond 100 days from the date of submission of request for SIP. <u>Facility of National Automated Clearing House (NACH) Platform in Systematic Investment Plan (SIP):</u> In addition to existing facility available for payments through Standing Instructions for investments in SIP, the NACH facility can also be used by the investors to make payment of SIP instalments. NACH is a centralized system launched by National Payments Corporation of India (NPCI) with an aim to consolidate multiple Electronic Clearing Service (ECS) mandates. This facility would enable the investors of the scheme to make SIP investments through NACH by filling up the SIP Registration cum mandate form. A Unique number will be allotted to every mandate registered under NACH called as Unique Mandate Reference Number (“UMRN”) which can be used for SIP transactions. The NACH facility shall be available subject to terms and conditions contained in the Easy Pay Debit Mandate Form and as prescribed by NPCI from time to time. <u>SIP cancellation:</u> In compliance with SEBI Letter No. SEBI/HO/OW/IMD/IMD-SEC1/P/2024/33679/1 dated October 25, 2024, the AMC will endeavour to have the cancellation of registered SIP mandate within 2 working days from the date of receipt of the cancellation request from the investor. The existing instructions/mandate would continue till the date that when it is confirmed the SIP has been cancelled. Any SIP debit occurs after receipt of SIP Cancellation where debit feed is already triggered shall be refunded. <u>Multiple Purchase or Systematic Investment Plan (“Multiple Purchase/SIP”) facility:</u> The Company has introduced Multiple Purchase/SIP facility which enables the investors to start investments through Purchase/SIP for various eligible schemes (more than one or multiple) using a single
--	--	---

		application form. This facility is available to individuals' investors only. Through this facility, an investor can register SIP for a maximum of five schemes of Bajaj Finserv Mutual Fund. Please refer to the SAI and Multiple Purchase/SIP Form for the instructions and terms and conditions of this facility. <u>Wealth SIP</u> The Company has introduced a Wealth SIP feature where investors would have an option to do a long-term SIP of 8, 10, 12, 15, 20, 25 or 30 years. The corpus on completion of SIP term gets switched to a target scheme and subsequently the desired monthly amount is paid back to the investor through Systematic Withdrawal Plan (SWP) from the target scheme. SIP and SWP shall be registered only in the 'Growth' option of the Scheme. Please refer to the SAI and Wealth SIP Form for the instructions and terms and conditions of this feature. <u>Systematic Investment Plan (SIP) Pause Facility</u> The Company has introduced Systematic Investment Plan Pause facility ("SIP Pause Facility"). Through this facility, an existing investor who has an ongoing SIP will have an option to temporarily pause the SIP instalments for a fixed period of time. Upon expiry of the specified period, SIP instalments will re-start automatically. Please refer to the SAI and SIP pause form for the instructions and terms and conditions of this facility. <u>Systematic Investment Plan (SIP) Modification Facility registered through One Time Bank Mandate (OTM)</u> The Company has introduced Systematic Investment Plan Modification facility ("SIP Modification Facility") registered through One Time Bank Mandate (OTM). Through this facility, investor investing through SIP shall have an option to modify the terms of SIP in the scheme of Bajaj Finserv Mutual Fund. Please refer to the SAI and SIP modification form for the instructions and terms and conditions of this facility. <u>Systematic Withdrawal Plan</u> Investors under the scheme can enrol for the Systematic Withdrawal Plan (SWP) facility. The SWP allows the Investors to withdraw a specified sum of money at pre-determined intervals from the investments undertaken in the scheme. SWP is suitable for investors seeking a regular inflow of funds for their needs. It is also suited to retirees or individuals who wish to invest lump-sum and withdraw from the investment over a period of time. At the time of registration for SWP, an investor can choose any amount for withdrawal under the respective frequencies. An investor may avail this facility by submitting an application form for SWP.

		Monthly, Quarterly, Half Yearly and Annual frequencies are available under this facility. Minimum number of instalments for all the frequencies will be 2 installments. Investors can choose any date as preference for SWP withdrawal to register under any frequency available. In case the date chosen for SWP falls on a Non-Business Day or on a date which is not available in a particular month, the SWP will be processed on the next Business Day. In case none of the frequencies have been opted then Monthly frequency shall be considered as the default frequency and where no withdrawal date has been opted by the investor, 10th business day of the month shall be considered as the default SWP date. The amount thus withdrawn by SWP would be equated into units at Applicable NAV based prices and the number of units so arrived at would be redeemed and subtracted from the units balance held by the investor. SWP may be terminated by a written notice submitted by the Investor of the Scheme atleast 7 business days before the processing of next instalment. SWP would automatically terminate if all units are redeemed from the folio or upon the receipt of notification of death or incapacity of the Investor by the Mutual Fund/AMC. SWP shall be subject to applicable exit load imposed by the Scheme. Registration of SWP request would be processed within 5 working days from the date of receipt of the said request.			

Systematic Transfer Plan (STP)

Systematic Transfer Plan (STP) is an option wherein investors of the source scheme can opt to transfer a fixed amount at periodic intervals to the designated target scheme. Bajaj Finserv Flexi Cap Fund can be a target scheme for investment from other scheme(s) to this Scheme and also a source scheme for investment from this scheme to other scheme(s).

The amount transferred under STP from source scheme to target scheme shall be done by redeeming units of source scheme at Applicable NAV, subject to exit load, if any; and subscribing to the units of target scheme at Applicable NAV as on specified date(s) as given below:

Frequency for STP and number of instalments

Minimum amount for STP – Rs. 500 and in multiples of Re. 1.
Minimum no. of instalments 6 for all frequencies.

Particulars	Frequency	Default
Daily Option	All business day	-
Weekly Option	Any day from Monday to Friday	Tuesday
Monthly & Quarterly Option	Any Date of every month	10 th of the month

In case the STP date falls on a non-business day or on a day which is not available in a particular month, the STP will be processed on the next business day. In case of nil balance in the source scheme, STP for that particular due date would not get processed. STP would cease to be active upon 3 consecutive unsuccessful transactions or if all units are pledged or upon receipt of intimation of death of the investor. All requests for registering or discontinuing STP shall be subject to an advance notice of 5 working days. The provision of minimum redemption amount specified in the SID of the source scheme and minimum application amount in the target scheme would not be applicable for STP.

Flex Systematic Transfer Plan ('Flex STP')

The Company has introduced Flex Systematic Transfer Plan Facility ('Flex STP'). Through this facility, investor under a designated open-ended scheme can opt to transfer variable amounts linked to the value of investments on the date of transfer, at pre-determined intervals, from designated open-ended Source/Transferor Scheme(s) to the growth option of another open-ended Target/Transferee Scheme(s) with. Please refer to the SAI and Flex STP Form for the instructions and terms and conditions of this facility.

		<u>Inter-Scheme Switching Facility</u> Bajaj Finserv Mutual Fund provides the investors the flexibility to switch their investments (subject to provisions as regards minimum application amount referred above) from any other scheme(s)/plans managed by Bajaj Finserv Mutual Fund, as per the features of the respective scheme to this scheme. This facility will be useful to unitholders who wish to alter the allocation of their investment among scheme(s) / plan(s) of the Mutual Fund in order to meet their changed investment needs. The switch will be effected by way of a redemption of units from the Source scheme(s) / plan(s) as per the applicable NAV and cut off and investment of the proceeds will be made in the target Scheme(s)/Plan(s). The Switch must comply with the Redemption rules of the Source Scheme/Plan and the issue rules of the Target Scheme/ Plan (for e.g. as to the minimum number of Units that may be redeemed or issued, Exit Load etc). The price at which the units will be switched out of the respective Scheme/Plans will be based on the Redemption Price, and the proceeds will be invested in the Scheme / Plan at the applicable NAV. <u>Application/ Transaction through Fax /Email mode</u> Subject to the investor fulfilling certain terms and conditions as stipulated by the AMC from time to time, the AMC, Mutual Fund, or representative of the AMC, Mutual Fund (“the Recipient”) may (at its sole discretion and without being obliged in any manner to do so and without being responsible and/ or liable in any manner whatsoever) accept and process any application, supporting documents and / or instructions submitted by an Investor / Unit holder by facsimile/email (“Fax/Email Submission”) and the investor / Unit holder voluntarily and with full knowledge takes and assumes any and all risk associated therewith. The Recipient shall have no obligation to check or verify the authenticity or accuracy of Fax/Email Submission purporting to have been sent by the investor and may act thereon as if same has been duly given by the investor. In all cases, the investor will have to submit the original documents/ instruction to the AMC/ Mutual Fund. The original transaction instructions shall clearly bear on every page the statement “Originals for records”. Further, any failure to do so on part of the investor might result in duplication in processing of transaction and the AMC shall not be held liable as such. The investor acknowledges that the Fax/Email submission is not a secure means of giving instructions / transactions requests and that the investor is aware of the risks involved including those arising out of such transmission being inaccurate, imperfect, ineffective, illegible, having a lack of quality or clarity, garbled, altered, distorted, not timely etc.
--	--	---

		The investor's request to the Recipient to act on the Fax/Email submission is for the investor's convenience and the Recipient is not obliged or bound to act on the same. The investor authorizes the recipient to accept and act on any Fax Submission which the Recipient believes in good faith to be given by the investor and the Recipient may at its discretion treat any such transaction as if the same was given to the Recipient under the investor's original signature. The investor accepts that the Fax/ Email submission shall not be considered until acknowledged as a valid transaction request in the Scheme in line with SEBI regulations. The Recipient will also not be liable in case where the transaction sent or purported to be sent is not processed on account of the fact that it was not received by the Recipient. In case there is any difference between the particulars mentioned in the Fax/ Email submission received as against the original document which may be received thereafter, the Recipient shall not be liable for any consequences arising therefrom. The investor agrees that the Recipient may adopt additional security measures including signature verification, telephone call backs or a combination of the same, which may be recorded and the investor consents to such recording and agrees to co-operate with the Recipient to enable confirmation of such transaction requests. In consideration of the Recipient from time to time accepting and at its sole discretion (including but not limited to the AMC extending / discontinuing such facilities from time to time) acting on any Fax/Email submission request received / purporting to be received from the investor, the investor agrees to indemnify and keep indemnified the AMC, Directors, employees, agents, representatives of the AMC, Mutual Fund and Trustees from and against all actions, claims, demands, liabilities, obligations, losses, damages, costs and expenses of whatever nature (whether actual or contingent) directly or indirectly suffered or incurred, sustained by or threatened against the indemnified parties whatsoever arising from or in connection with or any way relating to the indemnified parties in good faith accepting and acting on Fax/ Email submission requests including relying upon such transaction requests purporting to come from the investor even though it may not come from the Investor. The AMC reserves the right to modify the terms and conditions or to discontinue the facility at any point of time. <u>Stock Exchange Infrastructure Facility</u> The investors can subscribe to / switch / redeem the units of the Scheme on platform of National Stock Exchange ("MFSS", "NMFII") and "BSEStAR MF" platform of BSE Ltd. OFFICIAL POINT OF ACCEPTANCE FOR MFCentral

As per the SEBI Master Circular for Mutual Funds dated June 27, 2024, to comply with the requirements of RTA inter-operable Platform for enhancing investors' experience in Mutual Fund transactions / service requests, the QRTA's, Kfin Technologies Private Limited (Kfintech) and Computer Age Management Services Limited (CAMS) have jointly developed MFCentral - A digital platform for Mutual Fund investors. MFCentral is created with an intent to be a one stop portal / mobile app for all Mutual fund investments and service related needs that significantly reduces the need for submission of physical documents by enabling various digital / physical services to Mutual fund investors across fund houses subject to applicable T&Cs of the Platform. MFCentral will be enabling various features and services in a phased manner. MFCentral may be accessed using <https://mfcentral.com> and a Mobile App in future with a view to comply with all provisions of the aforesaid circular and to increase digital penetration of Mutual funds, Bajaj Finserv Mutual Fund ("the Fund") designates MFCentral as its Official point of acceptance (ISC –Investor Service Center). Any registered user of MFCentral, requiring submission of physical document as per the requirements of MFCentral, may do so at any of the designated Investor Service centers or collection centers of Kfintech or CAMS. The AMC reserves the right to modify the terms and conditions or to discontinue the facility at any point of time.

		Empower Platform: Empower platform offers a functionality of investing money in schemes of Bajaj Finserv Mutual Fund over a period of time by authorizing the employer to deduct money from salary before payout and transferring it for the purpose of investing in mutual fund scheme of Bajaj Finserv Mutual Fund opted by the employee. The above mentioned functionality is offered through a portal to employees of the Company that have been onboarded on platform. Transactions on this platform will be permitted only to employees of the organizations that have been onboarded on Empower platform through the Link - https://empowerapp.bajajamc.com/. Through this platform, the employees can choose from the displayed schemes and invest by performing SIP or lumpsum transaction. Investments through Empower platform is an optional facility made available to employees of the Company and it is at the discretion of the employee to invest/not to invest in the schemes of Bajaj Finserv Mutual Fund. The Empower platform is treated as an Official Point of Acceptance of Transaction (OPAT). The uniform cut - off timing as prescribed by SEBI from time to time and mentioned in the SID and KIM of various schemes of the Fund are applicable on transactions received through this facility. The transaction requests received through this facility are processed after appropriate verification of the investor as per applicable guidelines. XXII.	Weblink	The Total Expense Ratio is available to the investors on the website of the AMC at link: https://www.bajajamc.com/downloads?ter=. The scheme factsheet is available to the investors on the website of the AMC at link: https://www.bajajamc.com/downloads?factsheet.
XXIII.	Requirement of minimum investors in the scheme	The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. However, if such limit is breached during the NFO of the Scheme, the Fund will endeavour to ensure that within a period of three months or the end of the succeeding calendar quarter from the close of the NFO of the Scheme, whichever is earlier, the Scheme complies with these two conditions. In case the Scheme does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent

		calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days' notice to redeem his exposure over the 25 % limit. Failure on the part of the said investor to redeem his exposure over the 25 % limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

The AMC shall also disclose any deviation from the mandated asset allocation to investors along with periodic portfolio disclosures as specified by SEBI from the date of lapse of mandated plus extended rebalancing timelines.

As per SEBI Circular No. SEBI/HO/IMD/PoD2/P/CIR/2025/92 dated June 26, 2025, the above timeline for rebalancing of portfolios will also be applicable on passive breaches of various prudential limits specified under SEBI (Mutual Funds) Regulations, 1996 and various circulars issued from time to time.

All of the Scheme's assets will be invested in transferable securities. The corpus of the Scheme shall not in any manner be used in option trading, short selling or carry forward transactions as stipulated in SEBI Regulations and amended from time to time.

Pending deployment of the funds in securities in terms of investment objective of the Scheme, the AMC may park the funds of the Scheme in short term deposits of the Scheduled Commercial Banks, subject to the guidelines mentioned in SEBI Master Circular for Mutual Funds dated June 27, 2024, as may be amended from time to time.

(Consolidated Std. Obs. 24)

Short term defensive consideration: When the Fund Manager/s believes market or economic conditions are unfavourable for investors, the scheme may invest up to 100% of its assets in a temporary defensive manner by holding all or a substantial portion of its assets in cash, cash equivalents or other high quality short-term investments. Temporary defensive investments generally may include permitted money market instruments, TREPS/reverse repo, etc. Such changes in the investment pattern will be for short term and defensive considerations only which would be rebalanced to the above asset allocations within 30 calendar days from the date of deviation and in accordance with SEBI Master Circular for Mutual Funds dated June 27, 2024 and any other circulars issued there under, from time to time. (Consolidated Std. Obs. 23)

B. WHERE WILL THE SCHEME INVEST?

Std. obs. 15

(Consolidated Std. Obs. 29)

The corpus of the Scheme shall be invested in accordance with the investment objective in any (but not exclusively) of the following securities:

- 1) Equity and equity related instruments including Indian Depository Receipts (IDRs) and warrants carrying the right to obtain equity shares.
- 2) Securities created and issued by the Central and State Governments and/or repos/reverse repos in such Government Securities as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
- 3) Securities guaranteed by the Central, State and local Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).

- 4) Debt securities issued by domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee.
- 5) Corporate debt securities (of both public and private sector undertakings)
- 6) Securities issued by banks (both public and private sector) including term deposit with the banks as permitted by SEBI/RBI from time to time, subject to approval from SEBI / RBI as required and development financial institutions.

The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights issue or negotiated deals. Further, the scheme intend to participate in securities lending as permitted under the regulations. Investment in overseas securities shall be made in accordance with the requirements stipulated by SEBI and RBI from time to time. The Scheme may also enter into repurchase and reverse repurchase in various securities as per the guidelines and regulations applicable to such transactions.

Pending deployment of funds of the scheme in securities in terms of the investment objective of the scheme, the AMC may park the funds of the scheme in short term deposits of scheduled commercial banks, subject to the guidelines mentioned in SEBI Master Circular for Mutual Funds dated June 27, 2024 as amended from time to time. The AMC shall not charge any investment management and advisory fees for parking of funds in such short term deposits of scheduled commercial banks for the scheme.

C. WHAT ARE THE INVESTMENT STRATEGIES?

Std. obs. 7

(Consolidated Std. Obs. 27)

To achieve its investment objective, the scheme will allocate funds to equity and equity-linked instruments across different market capitalizations, including large-cap, mid-cap, and small-cap companies. The definition of these company categories is based on SEBI circular no. SEBI/HO/IM/DF3/CIR/P/2017/114 dated October 6, 2017, and any subsequent amendments by SEBI. Currently, large-cap companies are ranked from the 1st to the 100th position, mid-cap companies from the 101st to the 250th position, and small-cap companies from the 251st position onwards, based on full market capitalization. The list of stocks will align with the one published by AMFI according to the mentioned circular, and it will be updated every six months.

The fund manager will seek to invest in companies operating in sectors having large & expanding opportunity with strong growth potential. Within the sector, the fund will prefer to build a portfolio around companies having competitive advantage to benefit from the underlying opportunity. The fund manager will also seek to balance between growth & valuation while building the portfolio.

However, the broad focus will be around selected sectors that are deemed to have growth potential, based on professional judgment. These sectors may be assessed on the basis of their growth prospects, valuations, and the Fund Manager's discretion over a medium to long term. Our investment process adheres to the INQUBE philosophy framework, considering key factors such as business fundamentals, management quality, and valuation.

In bearish market conditions, the Fund Manager may allocate up to 35% of the portfolio to debt and money market instruments with an aim to preserve capital.

Investment Philosophy & Process:

Change is a principal quality of our business environment. There are obviously some businesses that adapt to these changes and ride these mega trends; while some end up losing their market share or profits, failing to adapt to these changes. It is important to consider these mega trends in investing.

Structural changes demand that the incumbent, dominant companies, or business ecosystems, prepare for them if they want to stay in control of their market positions. Challenger companies, or up-and-coming business ecosystems often capitalize on these changes to enter existing markets or establish new ones. These moves are reflected in constantly shifting profit pools. In this fund, it is our endeavour to invest in companies that benefit from these changes.

Investing based on mega trends requires us to look across sector and market capitalisations and hence a flexicap allocation is best to take advantage of this strategy. We will identify companies that benefit from trends in the economy, sector, or industry. Strong tailwinds in the business help these companies with either higher or more sustainable growth over a longer term. We have identified some of the trends in the current environment that will impact the growth rates of many businesses in years to come. These structural changes can impact one or many sectors/industries. Some of these trends are listed below:

- India's demographic dividend – young population and rising middle income group
- Resurgence in Indian manufacturing
- Growth in credit and Easy access to finance
- Increase in infrastructure spend and rise of capital expenditure in the economy
- Formalisation of many market segments
- Rapid Urbanisation
- Focus on health and wellness (especially after Covid19)
- Digital, technology and ecommerce
- Green consciousness and sustainability

These trends together have a significant impact on the growth of companies across sectors and marketcaps. Depending on how businesses react to these trends, determines how much market share or profits share of the industry, they will be able to gain and retain.

Within these trends, there may also be sub-trends that may be quite strong. For example, rising household incomes combined with digital transformation can impact how consumers spend and what they spend on.

The strategy is to create a portfolio of companies in different industries and different market caps who have the business model to benefit from the structural changes in their respective sectors.

Considering the inherent characteristics of the Scheme, equity positions would have to built-up gradually and also sold off gradually. This would necessarily entail having large cash position before the portfolio is fully invested and during periods when equity positions are being sold off to book profits/losses or to meet redemption needs. Investors may note that securities which endeavor to provide higher returns typically, display higher volatility. Accordingly, the investment portfolio of the Scheme would reflect moderate to high volatility in its equity and equity related investments and low to moderate volatility in its debt and money market investments.

INQUBE Investment Philosophy:

The **INQUBE** fund management philosophy is based on first principles understanding of the market dynamics. The process at its core emanates from the studied realisation that fund alpha is an outcome of three edges namely the **I**nformation edge, the **Q**uantitative edge and the **B**ehavioural edge of the investment team. At its core, the INQUBE investment philosophy borrows from human nature and behavioral finance as a knowledge discipline.

To realise the edge at the stock ideas hunting stage, the process shall involve a simultaneous application of top-down and bottom-up research to identify potential investments. It also involves evaluating business cycles and trends, such as momentum and trend reversal patterns, in order to identify potential investment opportunities and the stage of growth such potential ideas may be at.

At the ideas analysis stage, the process involves analysing the business, management and valuation to guide the stock selection process. While undertaking the allocation decisions, the business shall be filtered on account of its size, quality, valuation, growth outlook, and risk; to measure and structure the allocation.

The AMC/Sponsors/Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.

Portfolio Turnover:

Portfolio Turnover is defined as the lower of purchases and sales after reducing all subscriptions and redemptions and derivative transactions there from and calculated as a percentage of the average assets under management of the scheme during a specified period of time.

The AMC's portfolio management style is conducive to a low portfolio turnover rate. However, the AMC will aim to take advantage of the opportunities that present themselves from time to time because of the inefficiencies in the securities markets. The AMC will endeavour to balance the increased cost on account of higher portfolio turnover with the benefits derived there from.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

Std. obs. 9

The Scheme benchmark would be BSE 500 TRI.

The composition of the aforesaid benchmark is such that, it is most suited for comparing performance of the Scheme.

As required under SEBI Master Circular on Mutual Funds dated June 27, 2024, the benchmark has been

selected from amongst those notified by AMFI as the first-tier benchmark to be adopted by mutual funds and which are reflective of the category of the scheme. (Consolidated Std. Obs. 25)

The Trustee reserves the right to change the benchmark for the evaluation of the performance of the Scheme from time to time, keeping in mind the investment objective of the Scheme and the appropriateness of the benchmark, subject to the compliance with Regulations/ circulars issued by SEBI and AMFI in this regard from time to time.

vi. **Investments of AMC in the Scheme:**

Std. obs. 1

Subject to the SEBI MF Regulations, the sponsors & Investment Companies managed by them, their associate companies, subsidiaries of the sponsors, the funds managed by associates and/or the AMC may acquire a substantial portion of the scheme. Accordingly, redemption of units held by such funds, associates and sponsors may have an adverse impact on the units of the scheme because the timing of such redemption may impact the ability of other unit holders to redeem their units.

AMC shall invest in the scheme based on the risk associated with the scheme as specified in SEBI Master Circular for Mutual Funds dated June 27, 2024 read with AMFI Best Practice Guidelines Circular 135/BP/100/2022-23 dated April 26, 2022 and any other circulars issued there under, from time to time.

In addition to investments as mandated above, the AMC may invest in the Scheme subject to the SEBI (MF) Regulations. Under the Regulations, the AMC is not permitted to charge any investment management and advisory services fee on its own investment in the Scheme.

(Consolidated Std. Obs. 58)

The Scheme may invest in other schemes managed by the AMC or in the schemes of any other Mutual Funds, provided it is in conformity to the investment objective of the Scheme and in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments.

The investors can refer to the investments made by the AMC in the scheme on the website of the Company at link: <https://www.bajajamc.com/downloads?statutory-disclosures=>.

Part III - OTHER DETAILS

A. COMPUTATION OF NAV

The NAV of the units of the scheme would be computed by dividing the net assets of the scheme by the number of outstanding units on the valuation date. The AMC shall value the investments according to the valuation norms, as specified in the SEBI MF Regulations. All expenses and incomes accrued up to the valuation date shall be considered for computation of NAV. The NAV of the Scheme would be calculated upto three decimal places and would be declared on each business day.

NAV of units under the scheme shall be calculated as shown below:

NAV (Rs.) =

Market or Fair Value of Scheme's investments + Current Assets - Current Liabilities and Provision

No. of units outstanding under the scheme

Illustration on Computation of NAV: If the net assets of the Scheme are Rs. 10,55,55,000.00 and units outstanding are 1,00,00,000 then the NAV per unit will be computed as follows: 10,55,55,000.00 / 1,00,00,000 = Rs. 10.555 per unit (upto three decimal). (Consolidated Std. Obs. 42)

- **Methodology of calculating the sale price**

The price or NAV a unitholder is charged while investing in an open-ended scheme is called sale / subscription price. Pursuant to the SEBI Master circular for Mutual Funds dated June 27, 2024, no entry load will be charged by the Scheme to the unitholders.

Therefore, Sale / Subscription price = Applicable NAV

- **Methodology of calculating the repurchase price**

Repurchase or redemption price is the price or NAV at which an open-ended scheme purchases or redeems its units from the Unitholders. It may include exit load, if applicable. The exit load, if any, shall be charged as a percentage of Net Assets Value (NAV) i.e. applicable load as a percentage of NAV will be deducted from the “Applicable NAV” to calculate the repurchase price.

Therefore, Repurchase / Redemption Price = Applicable NAV *(1 – Exit Load, if any)

For example, If the Applicable NAV of the Scheme is Rs. 10 and the Exit Load applicable at the time of investment is 1% if redeemed before completion of 1 year from the date of allotment of units and the Unitholder redeems units before completion of 1 year, then the repurchase/redemption price will be:

$$= \text{Rs. } 10 * (1 - 0.01)$$

$$= \text{Rs. } 9.90$$

The Redemption /Repurchase Price will not be lower than 95% of the NAV. (Consolidated Std. Obs. 47)

Std. obs. 17(b)

For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

*SEBI vide letter no. SEBI/HO/IMD/IMD-SEC3/P/OW/2023/5823/1 dated February 24, 2023 and AMFI vide letter no. 35P/MEM-COR/85/2022-23 dated March 02, 2023 has advised AMCs to keep B-30 incentive in abeyance till AMCs put in place effective controls. Accordingly, applicability of this expense ratio will be subject to any further communication issued by SEBI / AMFI in this regard.

[#]As permitted under the Regulation 52 of SEBI (MF) Regulations, 1996 and pursuant to SEBI Master Circular for Mutual Funds dated June 27, 2024.

[&]In terms of SEBI Master Circular for Mutual Funds dated June 27, 2024, the AMC / Mutual Fund shall annually set apart at least 2 basis points (i.e. 0.02%) on daily net assets of the scheme within the maximum limit of Total Expense Ratio as per Regulation 52 of the SEBI (MF) Regulations for investor education and awareness initiatives.

[%]Brokerage and transaction costs incurred for the execution of trades and included in the cost of investment, not exceeding 0.12% of the value of trades of cash market transactions and 0.05% of the value of trades of derivative market transactions. It is hereby clarified that the brokerage and transaction costs incurred for the execution of trades may be capitalized to the extent of 0.12% of the value of trades of cash market transactions and 0.05% of the value of trades of derivative market transactions. Any payment towards brokerage and transaction costs (including Goods & Services Tax, if any) incurred for the execution of trades, over and above the said 0.12% for cash market transactions and 0.05% of the value of trades of derivative market transactions may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (MF) Regulations.

Illustration in returns between Regular and Direct Plan

(Consolidated Std. Obs. 44)

Particulars	Regular Plan	Direct Plan
Amount invested at the beginning of the year (Rs.)	10,000	10,000
Returns before Expenses (Rs.)	1,500	1,500
Expenses other than Distribution Expenses (Rs.)	150	150
Distribution Expenses (Rs.)	50	-
Returns after Expenses at the end of the year (Rs.)	1,300	1,350
Returns (%)	13.00%	13.50%

The expense of 30 bps shall be charged if the new inflows from retail investors from B30 cities as specified from time to time are at least -

(i) 30% of gross new inflows from retail investors in the scheme, or; (ii) 15% of the average assets under management (year to date) of the scheme, whichever is higher:

Provided that if inflows from retail investors from B30 cities is less than the higher of subclause (i) or subclause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis.

Provided further that expenses charged under this clause shall be utilized for distribution expenses incurred for bringing inflows from retail investors from B30 cities.

Provided further that amount incurred as expense on account of inflows from retail investors from B30 cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

In case inflows from retail investors from beyond top 30 cities is less than the higher of (i) or (ii) above, additional TER on daily net assets of the scheme shall be charged as follows:

Daily net assets X 30 basis points X new inflows from individuals beyond top 30 cities

365* X Higher of (i) or (ii) above

* 366, wherever applicable.

For the above purposes, 'B30 cities' shall be beyond Top 30 cities as at the end of previous financial year as communicated by AMFI. Retail investors would mean individual investors from whom inflows into the scheme would amount upto Rs. 2,00,000/- per transaction.

Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc and no commission for distribution of units will be paid / charged under Direct Plan. All fees and expenses charged in a Direct Plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in other than Direct Plan.

The AMC shall adhere provisions of SEBI Master Circular for Mutual Funds dated June 27, 2024 and various guidelines specified by SEBI as amended from time to time, with reference to charging of fees and expenses. Accordingly:

- All scheme related expenses including commission paid to distributors, shall be paid from the scheme only within the regulatory limits and not from the books of the AMC, its associates, sponsor, trustee or any other entity through any route. Provided that, such expenses that are not specifically covered in terms of Regulation 52 (4) can be paid out of AMC books at actual or not exceeding 2 bps of the Scheme AUM, whichever is lower.

- b. The Mutual Fund shall adopt full trail model of commission in the scheme, without payment of any upfront commission or upfronting of any trail commission, directly or indirectly, in cash or kind, through sponsorships, or any other route.
- c. All fees and expenses charged in a Direct Plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in Regular Plan.
- d. No pass back, either directly or indirectly, shall be given by the Fund / the AMC / Distributors to the investors.

Disclosure on Goods & Services Tax:

Goods & Services Tax on investment management and advisory fees shall be in addition to the above expense.

Further, with respect to Goods & Services Tax on other than management and advisory fees:

- Goods & Services Tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit of TER as per regulation 52 of the Regulations.
- Goods & Services Tax on exit load, if any, shall be paid out of the exit load proceeds and exit load net of Goods & Services Tax, if any, shall be credited to the scheme.
- Goods & Services Tax on brokerage and transaction cost paid for asset purchases, if any, shall be within the limit prescribed under regulation 52 of the Regulations.

For the actual current expenses being charged to the scheme, investors should refer to the website of the mutual fund at link: <https://bajajamc.com/downloads?ter=>. Any change proposed to the current expense ratio will be updated on the website at least three working days prior to the change.

As per the Regulations, the total recurring expenses that can be charged to the scheme shall be subject to the applicable guidelines. The total recurring expenses of the scheme will however be limited to the ceilings as prescribed under Regulation 52(6) of the Regulations.

D. LOAD STRUCTURE

Std. obs. 16

(Consolidated Std. Obs. 47)

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website link: <https://www.bajajamc.com/sid-disclosure> or may call at toll free no. 18003093900 or your distributor.

Type of Load	Load chargeable (as %age of NAV)
Entry	Nil
Exit*	For each purchase of units through Lumpsum / switch-in / Systematic Investment Plan (SIP) and Systematic Transfer Plan (STP), exit load will be as follows: ➤ if units are redeemed / switched out within 6 months from the date of allotment: • if upto 10% of units allotted are redeemed/switched out – Nil • any redemption / switch-out of units in excess of 10% of units allotted - 1% of applicable NAV.

	➤ if units are redeemed/switched out after 6 months from the date of allotment, no exit load is payable. The Scheme will not levy exit load in case the timelines for rebalancing portfolio as stated in SEBI Master Circular for Mutual Funds dated June 27, 2024, is not complied with.
--	---

* The load on other types of transaction could be Income Distribution cum Capital Withdrawal reinvestment, Switch in/out, SIP/SWP/STP (as applicable)

In accordance with the requirements specified by the SEBI Master Circular for Mutual Funds dated June 27, 2024, no entry load will be charged for subscription /additional subscription /switches accepted by the Mutual Fund. Similarly, no entry load will be charged with respect to applications for registrations under the SIP/STP accepted by the Mutual Fund. For the purpose of charging of exit load, units would be considered on First in First out (FIFO) basis. Any imposition or enhancement of exit load shall be applicable only on prospective investments.

In case of redemption/switch undertaken in excess of 25% holding of an investor on account of compliance with the requirements of SEBI Master Circular for Mutual Funds dated June 27, 2024 shall not be subject to exit load imposed in the scheme.

The upfront commission on investment made by the investor, if any, shall be paid to the ARN Holder (AMFI registered distributor) directly by the investor, based on the investor's assessment of various factors including service rendered by the ARN Holder.

Exit load (if any) charged to the unitholders by the Mutual Fund on redemption (including switch-out) of units shall be credited to the respective scheme net of Goods & Services Tax. Goods & Services Tax on exit load, if any, shall be paid out of the exit load proceeds.

No exit load would be charged for switch transaction from this scheme to any another equity scheme of Bajaj Finserv Mutual Fund. Further, switches of following kind within the scheme would not attract any exit load:

- (i) switch from Direct Plan to Regular Plan;
- (ii) switch from Regular Plan to Direct Plan;
- (iii) within different Options (Income Distribution cum capital withdrawal /growth) of the same Plan (Direct/Regular) of the scheme.

Load on bonus/ re-investment of Income Distribution cum capital withdrawal units: In terms of SEBI Master Circular for Mutual Funds dated June 27, 2024, no entry and exit load shall be charged on bonus units or units allotted on reinvestment of Income Distribution cum capital withdrawal.

The Trustee / AMC reserves the right to change the load structure any time in future if they so deem fit on a prospective basis. The investor is requested to check the prevailing load structure of the scheme before investing.

In case of changes to load structure, the AMC would endeavour to do the following:

1. An addendum would be attached to the SID and Key Information Memorandum (KIM). The same may be circulated to brokers/distributors so that the same can be attached to all SID and abridged SID in stock. Further the addendum would be sent along with a newsletter to unitholders immediately after the changes.

2. Arrangement would be made to display the changes in the SID in the form of a notice in all the official points of acceptance of transactions and distributor's/broker's office.
3. The introduction of the exit load along with the details may be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
4. A public notice shall be provided on the website in case of changes undertaken to the exit load.

The AMC/Trustee reserves the right to change / modify the Load structure of the Scheme, subject to maximum limits as prescribed under the Regulations. However, the Redemption /Repurchase Price will not be lower than 95% of the NAV. (Consolidated Std. Obs. 47)

Std. obs. 17(b)

Section II

I. Introduction

A. Definitions/interpretation:

The investors may refer to the website of the Company at link: <https://www.bajajamc.com/sid-disclosure> for definition of terms used in this Scheme Information Document.

B. Risk factors:

Std. obs. 2

(Consolidated Std. Obs. 8)

Scheme specific risk factors:

1. Risks associated with investing in equities:

- Investors may note that AMC/Fund Manager's investment decisions may not be always profitable, as actual market movements may be at variance with anticipated trends. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme portfolio would result at times, in potential losses to the Scheme, should there be a subsequent decline in the value of securities held in the Scheme portfolio.
- The value of the Scheme's investments may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Scheme may fluctuate and can go up or down.
- The Mutual Fund may not be able to sell securities, which can lead to temporary illiquidity. There are risks inherent in securities lending, including the risk of failure of the other party, in this case the approved intermediary to comply with the terms of the agreement. Such failure can result in a possible loss of rights to be collateral, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of corporate benefits accruing thereon.
- Investors may note that dividend is due only when declared and there is no assurance that a company (even though it may have a track record of payment of dividend in the past) may continue paying dividend in future. As such, the scheme is vulnerable to instances where investments in securities may not earn dividend or where lesser dividend is declared by a company in subsequent years in which investments are made by scheme. As the profitability of companies are likely to vary and have a material bearing on their ability to declare and pay dividend, the performance of the scheme may be adversely affected due to such factors.
- While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which it invests.
- Fund manager endeavors to generate returns based on certain past statistical trend. The performance of the scheme may get affected if there is a change in the said trend. There can be no assurance that such historical trends would continue.

- In case of abnormal circumstances, it will be difficult to complete the square off transaction due to liquidity being poor in stock futures/spot market. However, the scheme will aim to take exposure only into liquid stocks where there will be minimal risk to square off the transaction.
- Changes in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to investors in the Scheme or business prospects of the Company in any particular sector.
- Investments in equity and equity related securities involve a certain degree of risk and Investors should not invest in the equity scheme unless they can afford to take the risk of losing their investment.

2. Risks associated with investing in fixed income:

- **Market Risk:** The NAV of the scheme, to the extent invested in Debt and Money Market securities, will be affected by changes in the general level of interest rates. The NAV of the scheme is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.
- **Liquidity Risk:** Money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the scheme and may lead to the scheme incurring losses till the security is finally sold. The liquidity of a bond may change, depending on market conditions leading to changes in the liquidity premium attached to the price of the bond. At the time of selling the security, the security can become illiquid, leading to loss in value of the portfolio.
- **Price Risk:** Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The new level of interest rate is determined by the rates at which government raises new money and/or the price levels at which the market is already dealing in existing securities. This risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.
- **Settlement risk:** The inability of the scheme to make intended securities purchases due to settlement problems could cause the scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the scheme's portfolio due to the extraneous factors that may impact liquidity would result, at times, in potential losses in case of a subsequent decline in the value of securities held in the scheme's portfolio.
- **Regulatory Risk:** Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the scheme.
- **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- **Credit Risk:** Investments in Debt Securities are subject to the risk of an issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.
- **Risks associated with investment in unlisted securities:** Subject to applicable Regulations, the scheme can invest in unlisted securities. These securities are subject to greater price fluctuations, less liquidity and greater risk than the listed securities. Except for any security of an associate or group company, the scheme has the power to invest in securities which are not listed on a stock exchange ("unlisted Securities") which in general are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market. Unlisted securities may lack a liquid secondary market and there can be no assurance that the Scheme will realise their investments in unlisted securities at a fair value.

- Different types of fixed income securities in which the scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the scheme risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher level of risk than Government securities. Further even among corporate bonds, bonds, which are AAA rated, are comparatively less risky than bonds, which are AA rated. AA rated corporate bonds are comparatively less risky when compared with A rated corporate bonds.
- The AMC may, considering the overall level of risk of the portfolio, invest in lower rated securities offering higher yields as well as zero coupon securities that offer attractive yields. This may increase the absolute level of risk of the portfolio.
- As zero coupon securities does not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates. Therefore, the interest rate risk of zero coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio.
- The scheme at times may receive large number of redemption requests leading to an asset-liability mismatch and therefore requiring the AMC to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in investment in lower yield instruments.
- Basis Risk: Basis risk arises due to a difference in the price movement of the derivative vis-à-vis that of the security being hedged.
- Spread Risk: In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. In the life of the security, this spread may move adversely leading to loss in value of the portfolio. The yield of the underlying benchmark might not change, but the spread of the security over the underlying benchmark might increase leading to loss in value of the security.
- Counterparty Risk: This is the risk of failure of counterparty to a transaction to deliver securities against consideration received or to pay consideration against securities delivered, in full or in part or as per the agreed specification. There could be losses to the Scheme in case of a counterparty default.
- Duration Risk: Duration risk refers to the movement in price of the underlying invested money market / debt instruments due to movement/change in interest rates over different durations of maturity of instruments. In a portfolio of debt assets, the duration risk is measured by the average duration of the portfolio. Duration, expressed in years, is used as a measure of the sensitivity of the fixed income instrument to a change in interest rates. Usually, individual duration of fixed income instruments in the portfolio is calculated and the portfolio duration is weighted average of such individual instrument duration. A longer portfolio duration is associated with greater price fluctuations. A rise in interest rates could normally lead to decrease in prices and generally negatively affects portfolios having longer duration vis-a-vis portfolios having shorter duration. A fall in interest rate generally benefits portfolio having longer duration. A longer duration portfolio is also generally associated with greater volatility vis-a-vis a shorter duration portfolio.
- Sovereign Risk: Sovereign risk is the likelihood that a Government will default on its loan obligation by failing to meet its principal payments or interest. It comes in different forms and may result in losses to investors in addition to negative political consequences. The Central Government of a country is the issuer of the local currency in that country. The Government (Central / State) raises money to meet its capital and revenue expenditure by issuing debt or discounted securities. Since payment of interest and principal amount has a sovereign status implying no default, such securities are known as securities with sovereign credit. For domestic borrowers and lenders, the credit risk on such sovereign credit is minimal, even lower than a security with "AAA" rating and hence commands a yield, which is lower than a yield on "AAA" security.

3. Risks associated with investing in foreign securities:

Std. obs. 3

(Consolidated Std. Obs. 11)

It is AMC's belief that the investment in overseas securities / Overseas ETFs offers new investment and portfolio diversification opportunities into multi-market and multi-currency products. However, such investments also entail additional risks. Such investment opportunities may be pursued by the AMC provided they are considered appropriate in terms of the overall investment objective of the scheme. Since the scheme would invest only partially in overseas securities/ Overseas ETFs, there may not be readily available and widely accepted benchmarks to measure performance of the scheme. To manage risks associated with foreign currency and interest rate exposure, the scheme may use derivatives for efficient portfolio management including hedging and in accordance with conditions as may be stipulated by SEBI/RBI from time to time.

To the extent that the assets of the Scheme will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by the changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital also may be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of the other restrictions on investment.

Offshore investments will be made subject to any/all approvals, conditions thereof as may be stipulated by SEBI/RBI and provided such investments do not result in expenses to the scheme in excess of the ceiling on expenses prescribed by and consistent with costs and expenses attendant to international investing. The scheme may, where necessary, appoint other intermediaries of repute as advisors, custodian/sub-custodians etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses. The fees and expenses would illustratively include, besides the investment management fees, custody fees and costs, fees of appointed advisors and sub-managers, transaction costs, and overseas regulatory costs.

Keeping in mind the investment limit in foreign securities currently applicable to Mutual Fund under SEBI Master Circular for Mutual Funds dated June 27, 2024, if overall limit for the Mutual Fund in overseas securities reaches USD 1 billion or the overall limit for Mutual Fund Industry in overseas securities reaches USD 7 billion, then Mutual Fund will not be able to invest in overseas securities / will not be able to do incremental overseas investment, unless such limit is increased or further directions is received from SEBI or RBI in this regard. It may be noted that the cap of USD 1 billion will be monitored and enforced at the Mutual Fund level and not at the individual scheme level.

4. Risks associated with investing in derivatives:

Std. obs. 5

(Consolidated Std. Obs. 28)

The scheme may use various derivative products as permitted by the Regulations. Use of derivatives requires an understanding of not only the underlying instrument but also of the derivative itself. Other risks include the risk of mis-pricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

The scheme may use derivatives instruments like Stock /Index Futures or other derivative instruments for the purpose of hedging and portfolio balancing, as permitted under the Regulations and guidelines. Usage of derivatives will expose the scheme to certain risks inherent to such derivatives. Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. Derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value.

The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments. The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as below:

- Lack of opportunity available in the market.
- Valuation Risk: The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.
- Basis Risk: This risk arises when the derivative instrument used to hedge the underlying asset does not match the movement of the underlying asset being hedged.
- Stock Exchanges could increase the initial margin, variation margin or other forms of margin on derivative contracts, impose one sided margins or insist that margins be placed in cash. All of these might force positions to be unwound at a loss and might materially impact returns.
- Operational / Systemic Risk: This is the risk arising due to failure of operational processes followed by the exchanges and Over The Counter (OTC) participants for the derivatives trading.
- Exposure Risk: An exposure to derivatives in excess of the hedging requirements can lead to losses. An exposure to derivatives can also limit the profits from a plain investment transaction.
- Implied Volatility: The estimated volatility of an underlying security's price and derivatives price.
- Systemic Risk: The risk inherent in the capital market due to macro-economic factors like Inflation, GDP, Global events.
- Counterparty Risk: Counterparty risk is the risk that losses will be incurred due to the default by the counterparty for OTC derivatives.
- Credit Risk: The Credit Risk is the risk that the counter party will default in its obligations and is generally small as in a derivative transaction there is generally no exchange of the principal amount.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

(Consolidated Std. Obs. 28)

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

5. Risks associated with investing in securitised debt:

The scheme may invest in domestic securitized debt such as asset backed securities (ABS) or mortgage backed securities (MBS). Asset Backed Securities (ABS) are securitized debts where the underlying assets are receivables arising from various loans including automobile loans, personal loans, loans against consumer durables, etc. Mortgage backed securities (MBS) are securitized debts where the underlying assets are receivables arising from loans backed by mortgage of residential / commercial properties. ABS/MBS instruments reflect the undivided interest in the underlying pool of assets and do not represent the obligation of the issuer of ABS/MBS or the originator of the underlying receivables. The ABS/MBS holders have a limited recourse to the extent of credit enhancement provided. If the delinquencies and credit losses in the underlying pool exceed the credit enhancement provided, ABS/MBS holders will suffer credit losses. ABS/MBS are also normally exposed to a higher level of reinvestment risk as compared to the normal corporate or sovereign debt.

Different types of Securitised Debts in which the scheme would invest carry different levels and types of risks. Accordingly the scheme's risk may increase or decrease depending upon its investments in Securitised Debts. e.g. AAA securitised bonds will have low Credit Risk than a AA securitised bond. Credit Risk on Securitised Bonds may also depend upon the Originator, if the Bonds are issued with Recourse to Originator. A Bond with Recourse will have a lower Credit Risk than a Bond without Recourse. Underlying Assets in Securitised Debt may be the Receivables from Auto Finance, Credit Cards, Home Loans or any such receipts. Credit risk relating to these types of receivables depends upon various factors including macro-economic factors of these industries and economies. To be more specific, factors like nature and adequacy of property mortgaged against these borrowings, loan agreement, mortgage deed in case of Home Loan, adequacy of documentation in case of Auto Finance and Home Loan, capacity of borrower to meet its obligation on borrowings in case of Credit Cards and intentions of the borrower influence the risks relating to the assets (borrowings) underlying the Securitised Debts. Holders of Securitised Assets may have Low Credit Risk with Diversified Retail Base on Underlying Assets, especially when Securitised Assets are created by High Credit Rated Tranches. Risk profiles of Planned Amortisation Class Tranches (PAC), Principal Only Class Tranches (PO) and Interest Only Class Tranches (IO) will also differ, depending upon the interest rate movement and Speed of Pre-payments. A change in market interest rates/prepayments may not change the absolute amount of receivables for the investors, but affects the reinvestment of the periodic cashflows that the investor receives in the securitised paper.

Presently, secondary market for securitised papers is not very liquid. There is no assurance that a deep secondary market will develop for such securities. This could limit the ability of the investor to resell them. Even if a secondary market develops and sales were to take place, these secondary transactions may be at a discount to the initial issue price due to changes in the interest rate structure.

Securitised transactions are normally backed by pool of receivables and credit enhancement as stipulated by the rating agency, which differ from issue to issue. The Credit Enhancement stipulated represents a limited loss cover to the Investors. These Certificates represent an undivided beneficial interest in the underlying receivables and there is no obligation of either the Issuer or the Seller or the originator, or the parent or any affiliate of the Seller, Issuer and Originator. No financial recourse is available to the Certificate Holders against the Investors' Representative. Delinquencies and credit losses may cause depletion of the amount available under the Credit Enhancement and thereby the Investor Payouts may get affected if the amount available in the Credit Enhancement facility is not enough to cover the shortfall. On persistent default of an Obligor to repay his obligation, the Seller may repossess and sell the underlying Asset. However, many factors may affect, delay or prevent the repossession of such Asset or the length of time required to realize the sale proceeds on such sales. In addition, the price at which such Asset may be sold may be lower than the amount due from that Obligor.

At present in Indian market, following types of loans are securitised:

- Auto Loans (cars / commercial vehicles /two wheelers)
- Residential Mortgages or Housing Loans
- Consumer Durable Loans
- Personal Loans
- Corporates Loans

The main risks pertaining to each of the asset classes above are described below:

- Auto Loans (cars / commercial vehicles /two wheelers)

The underlying assets (cars etc) are susceptible to depreciation in value whereas the loans are given at high loan to value ratios. Thus, after a few months, the value of asset becomes lower than the loan outstanding. The borrowers, therefore, may sometimes tend to default on loans and allow the vehicle to be repossessed.

These loans are also subject to model risk. i.e. if a particular automobile model does not become popular, loans given for financing that model have a much higher likelihood of turning bad. In such cases, loss on sale of repossession vehicles is higher than usual.

Commercial vehicle loans are susceptible to the cyclicity in the economy. In a downturn in economy, freight rates drop leading to higher defaults in commercial vehicle loans. Further, the second hand prices of these vehicles also decline in such economic environment.

- Housing Loans

Housing loans in India have shown very low default rates historically. However, in recent years, loans have been given at high loan to value ratios and to a much younger borrower class. The loans have not yet gone through the full economic cycle and have not yet seen a period of declining property prices. Thus, the performance of these housing loans is yet to be tested and it need not conform to the historical experience of low default rates.

- Consumer Durable Loans

The underlying security for such loans is easily transferable without the bank's knowledge and hence repossession is difficult. The underlying security for such loans is also susceptible to quick depreciation in value. This gives the borrowers a high incentive to default.

- Personal Loans

These are unsecured loans. In case of a default, the bank has no security to fall back on. The lender has no control over how the borrower has used the borrowed money. Further, all the above categories of loans have the following common risks:

All the above loans are retail, relatively small value loans. There is a possibility that the borrower takes different loans using the same income proof and thus the income is not sufficient to meet the debt service obligations of all these loans.

In India, there is insufficiency of ready comprehensive and complete database regarding past credit record of borrowers. Thus, loans may be given to borrowers with poor credit record. In retail loans, the risks due to frauds are high.

- Corporate Loans

These are loans given to single or multiple corporates. The receivables from a pool of loans to corporate are assigned to a trust that issues Pass Through Certificates (PTC) in turn. The credit risk in such PTCs is on the underlying pool of loans to corporates. The credit risk of the underlying loans to the corporates would in turn depend on economic cycles.

The rating agencies define margins, over collateralization and guarantees to bring risk in line with similar AAA rated securities. The factors typically analyzed for any pool are as follows:

a. Assets securitized and Size of the loan: This indicates the kind of assets financed with the loan and the average ticket size of the loan. A very low ticket size might mean more costs in originating and servicing of the assets.

b. Diversification: Diversification across geographical boundaries and ticket sizes might result in lower delinquency.

c. Loan to Value Ratio: Indicates how much % value of the asset is financed by borrower's own equity. The lower this value the better it is. This suggests that where the borrowers own contribution of the asset cost is high; the chances of default are lower.

d. Average seasoning of the pool: This indicates whether borrowers have already displayed repayment discipline. The higher the number, the more superior it is. The other main risks pertaining to Securitized debt are as follows:

- **Prepayment Risk:** This arises when the borrower pays off the loan sooner than expected. When interest rates decline, borrowers tend to pay off high interest loans with money borrowed at a lower interest rate, which shortens the average maturity of ABSs. However, there is some prepayment risk even if interest rates rise, such as when an owner pays off a mortgage when the house is sold or an auto loan is paid off when the car is sold.
- **Reinvestment Risk:** Since prepayment risk increases when interest rates decline, this also introduces reinvestment risk, which is the risk that the principal can only be reinvested at a lower rate.

6. Risks associated with short selling and securities lending:

Purchasing a security entails the risk of the security price going down. Short selling of securities (i.e. sale of securities without owning them) entails the risk of the security price going up there by decreasing the profitability of the short position. Short selling is subject to risks related to fluctuations in market price, and settlement/liquidity risks. If required by the Regulations, short selling may entail margin money to be deposited with the clearing house and daily mark to market of the prices and margins. This may impact fund pricing and may induce liquidity risks if the fund is not able to provide adequate margins to the clearing house. Failure to meet margin requirements may result in penalties being imposed by the exchanges and clearing house.

Engaging in securities lending is subject to risks related to fluctuations in collateral value and settlement/liquidity and counter party risks. The risks in lending portfolio securities, as with other extensions of credit, consist of the failure of another party, in this case the approved intermediary, to comply with the terms of agreement entered into between the lender of securities i.e. the scheme and the approved intermediary. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The Mutual Fund may not be able to sell such lent securities and this can lead to temporary illiquidity and in turn cannot protect from the falling market price of the said security.

7. Risks associated with segregated portfolio

- **Liquidity risk** – A segregated portfolio is created when a credit event / default occurs at an issuer level in the scheme. This may reduce the liquidity of the security issued by the said issuer, as demand for this security may reduce. This is also further accentuated by the lack of secondary market liquidity for corporate papers in India. As per SEBI norms, the scheme is to be closed for redemption and subscriptions until the segregated portfolio is created, running the risk of investors being unable to

redeem their investments. However, it may be noted that, the proposed segregated portfolio is required to be formed within one day from the occurrence of the credit event.

Investors may note that no redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolio, AMC shall list the units of the segregated portfolio on a recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests. For the units listed on the exchange, it is possible that the market price at which the units are traded may be at a discount to the NAV of such Units. There is no assurance that an active secondary market will develop for units of segregated portfolio listed on the stock exchange. This could limit the ability of the investors to resell them. There may be possibility that the security comprising the segregated portfolio may not realize any value.

- Valuation risk - The valuation of the securities in the segregated portfolio is required to be carried out in line with the applicable SEBI guidelines. However, it may be difficult to ascertain the fair value of the securities due to absence of an active secondary market and difficulty to price in qualitative factors.

8. Risks associated with Securities Lending & Borrowing (SLB)

Securities lending is lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed.

The risks in security lending consist of the failure of intermediary / counterparty, to comply with the terms of agreement entered into between the lender of securities i.e. the scheme and the intermediary / counterparty. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The scheme may not be able to sell lent out securities, which can lead to temporary illiquidity & loss of opportunity.

9. Risks associated with Repo Transactions in Corporate Debt Securities

Lending transactions:

The scheme may be exposed to counter party risk in case of repo lending transactions in the event of the counterparty failing to honour the repurchase agreement. However, in repo lending transactions, the collateral may be sold and a loss is realized only if the sale price is less than the repo amount. The risk may be further mitigated through over-collateralization (the value of the collateral being more than the repo amount). Further, the liquidation of underlying securities in case of counterparty default would depend on liquidity of the securities and market conditions at that time. It is endeavoured to mitigate the risk by following an appropriate counterparty selection process, which include their credit profile evaluation and over-collateralization to cushion the impact of market risk on sale of underlying security.

Collateral risk also arises when the market value of the securities is inadequate to meet the repo obligations or there is downward migration in rating of collateral. Further if the rating of collateral goes below the minimum required rating during the term of repo or collateral becomes ineligible for any reason, counterparty will be expected to substitute the collateral. In case of failure to do so, the AMC / Scheme will explore the option for early termination of the trade.

Borrowing transactions:

In the event of the scheme being unable to pay back the money to the counterparty as contracted, the counter party may dispose of the assets (as they have sufficient margin). This risk is normally mitigated by better cash flow planning to take care of such repayments. Further, there is also a Credit Risk that the Counterparty may fail to return the security or Interest received on due date. It is endeavoured to mitigate the risk by following an appropriate counterparty selection process, which include their credit profile evaluation.

10. Risk Factors Associated with Investments in REITs and InvITs

Market Risk:

REITs and InvITs are volatile and prone to price fluctuations on a daily basis owing to market movements. Investors may note that AMC/Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with the anticipated trends. The NAV of the scheme is vulnerable to movements in the prices of securities invested by the scheme, due to various market related factors like changes in the general market conditions, factors and forces affecting capital market, level of interest rates, trading volumes, settlement periods and transfer procedures. The scheme will undertake active portfolio management as per the investment objective to reduce the market risk.

Liquidity Risk:

This refers to the ease with which REIT/InvIT units can be sold. There is no assurance that an active secondary market will develop or be maintained. Hence there would be time when trading in the units could be infrequent. The subsequent valuation of illiquid units may reflect a discount from the market price of comparable securities for which a liquid market exists.

As the liquidity of the investments made by the scheme could, at times, be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for liquidating the investments in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk. The Fund will try to maintain a proper asset-liability match to ensure redemption payments are made on time and not affected by illiquidity of the underlying units.

Reinvestment Risk:

Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or dividend pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns. However, the reinvestment risk will be limited as the proceeds are expected to be a small portion of the portfolio value.

Risk of lower than expected distributions:

The distributions by the REIT or InvIT will be based on the net cash flows available for distribution. The amount of cash available for distribution principally depends upon the amount of cash that the REIT/INVIT receives as dividends or the interest and principal payments from portfolio assets. The cash flows generated by portfolio assets from operations may fluctuate based on, among other things:

- success and economic viability of tenants and off-takers
- economic cycles and risks inherent in the business which may negatively impact

- valuations, returns and profitability of portfolio assets
- force majeure events related such as earthquakes, floods etc. rendering the portfolio assets inoperable
- debt service requirements and other liabilities of the portfolio assets
- fluctuations in the working capital needs of the portfolio assets
- ability of portfolio assets to borrow funds and access capital markets
- changes in applicable laws and regulations, which may restrict the payment of dividends by portfolio assets
- amount and timing of capital expenditures on portfolio assets
- insurance policies may not provide adequate protection against various risks associated with operations of the REIT/InvIT such as fire, natural disasters, accidents
- taxation and other regulatory factors

11. Risk associated with Interest Rate Future (IRF):

An Interest Rate Futures is an agreement to buy or sell a debt instruments at a specified future date at a price that is fixed today. Interest Rate Futures are Exchange Traded and are cash settled. Hedging using Interest Rate Futures can be perfect or imperfect. Perfect hedging means hedging the underlying using IRF contract of same underlying.

- Market risk: Derivatives carry the risk of adverse changes in the market price.
- Price Risk- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Liquidity risk – This occurs where the derivatives cannot be sold (unwound) at prices that reflect the underlying assets, rates and indices.
- Model Risk - The risk of mispricing or improper valuation of derivatives.
- Basis Risk – This risk arises when the instrument used as a hedge does not match the movement in the instrument/ underlying asset being hedged. The risks may be inter-related also; for e.g. interest rate movements can affect equity prices, which could influence specific issuer/industry assets. Correlation weakening and consequent risk of regulatory breach: SEBI Regulations mandates minimum correlation criterion of 0.9 (calculated on a 90-day basis) between the portfolio being hedged and the derivative instrument used for hedging. In cases where the correlation falls below 0.9, a rebalancing period of 5 working days has been permitted. Inability to satisfy this requirement to restore the correlation level to the stipulated level, within the stipulated period, due to difficulties in rebalancing would lead to a lapse of the exemption in gross exposure computation. The entire derivative exposure would then need to be included in gross exposure, which may result in gross exposure in excess of 100% of net asset value.

12. Risks associated with investing in Tri-party Repo (TREPS) through CCIL

The Mutual Fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India Limited (CCIL). All transactions of the Mutual Fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL). CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty Repo trades. The Mutual Fund is exposed to the extent of its contribution to the default fund of CCIL at any given point in time i.e. in the event that the default waterfall is triggered and the contribution of the Mutual Fund is called upon to absorb settlement/default losses of another

member by CCIL, the Scheme may lose an amount equivalent to its contribution to the default fund. Further, it may be noted that CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.

13. Performance Risk:

Performance risk refers to the risk of a scheme being unable to generate returns matching / above the returns of the scheme's benchmark. It would also mean the scheme underperforming against its peer set of other mutual fund schemes having similar portfolios, scheme classification, objective, benchmark and asset allocation. These risks could arise due to a variety of market and economic activities, government policies, global economic changes, currency fluctuations, tax policies, political changes, corporate actions and investors' behaviour.

14. Risks associated with 'Right to limit redemptions'

Subject to the approval of Board of Directors of the AMC and Trustee Company and immediate intimation to SEBI, a restriction on redemptions may be imposed by the Scheme under certain exceptional circumstances, which the AMC / Trustee believe that may lead to a systemic crisis or event that constrict liquidity of most securities or the efficient functioning of markets. Please refer to the paragraph "Right to Limit Redemptions" for further details including the procedure to be followed while imposing restriction on redemptions.

15. Risks Factors associated with transaction in Units through stock exchange(s)

In respect of transaction in units of the Scheme through stock exchange platform(s), allotment and redemption of Units on any Business Day will depend upon the order processing / settlement by the stock exchange(s) and their respective clearing corporations on which the Fund has no control.

C. Risk mitigation strategies:

(Consolidated Std. Obs. 9)

The Fund by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in debt and equity markets. The risk control process involves identifying & measuring the risk through various risk measurement tools.

The Fund has identified following risks of investing in equity and debt and designed risk management strategies, which are embedded in the investment process to manage such risks.

Risk associated with Debt Investment

Risk Description	Risk Mitigants/management strategy
Market Risk As with all debt securities, changes in interest rates may affect the scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate	In a rising interest rates scenario, the Fund Manager will endeavor to increase investment in money market securities whereas if the interest rates are expected to fall, the allocation to debt securities with longer maturity will be increased thereby mitigating risk to that extent.

Risk Description	Risk Mitigants/management strategy
changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.	
Liquidity or Marketability Risk This refers to the ease with which a security can be sold at or near to its valuation Yield-To- Maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today characteristic of the Indian fixed income market.	The scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds. Liquidity risk is today characteristic of the Indian fixed income market. The fund will however, endeavor to minimise liquidity risk by investing in securities having a liquid market.
Credit Risk Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security). Because of this risk corporate debentures are sold at a higher yield above those offered on Government Securities which are sovereign obligations and free of credit risk. Normally, the value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.	A traditional SWOT analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk, a detailed assessment of the issuer's financial statements will be undertaken to review its ability to undergo stress on cash flows and asset quality. A detailed evaluation of accounting policies, off balance sheet exposures, notes, auditors' comments and disclosure standards will also be made to assess the overall financial risk of the potential borrower. In case of securitized debt instruments, the fund will ensure that these instruments are sufficiently backed by assets.
Reinvestment Risk This risk refers to the interest rate levels at which cash flows received from the securities in the scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.	Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.
Derivatives Risk As and when the scheme trades in the derivatives market, there are risk factors and issues concerning the use of derivatives that Investors should understand. Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the	The fund has provision for using derivative instruments for portfolio balancing and hedging purposes. Interest Rate Swaps will be done with approved counter parties under pre approved ISDA agreements. Mark to Market of swaps, netting off of cash flow and default provision clauses will be provided as per international best practice on a reciprocal basis. Interest rate swaps and other derivative instruments will be used as per local (RBI and SEBI) regulatory guidelines.

transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the “counter party”) to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.	
Currency Risk The Scheme may invest in Foreign Securities as permitted by the concerned regulatory authorities in India. Since the assets may be invested in securities denominated in foreign currency, the INR equivalent of the net assets, distributions and income may be adversely affected by changes / fluctuations in the value of the foreign currencies relative to the INR.	The scheme subject to applicable regulations shall have the option to enter into forward contracts for the purposes of hedging against the foreign exchange fluctuations. The Schemes may employ various measures (as permitted by SEBI/RBI) including but not restricted to currency hedging (such as currency options and forward currency exchange contracts, currency futures, written call options and purchased put options on currencies and currency swaps), to manage foreign exchange movements arising out of investment in foreign securities.

Risks associated with Equity investment

Risk Description	Risk Mitigants/management strategy
Market Risk The scheme is vulnerable to movements in the prices of securities invested by the scheme, which could have a material bearing on the overall returns from the scheme. The value of the scheme’s investments, may be affected generally by factors affecting securities markets, such as price and volume, volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets.	Market risk is a risk which is inherent to an equity scheme. The scheme may use derivatives for hedging purpose.
Liquidity risk The liquidity of the scheme’s investments is inherently restricted by trading volumes in the securities in which it invests.	The fund seeks to control such risk by investing in such stocks having strong fundamentals, sound financial strength and superior quality of management and highly liquid papers. The fund will try to maintain a proper asset-liability match to ensure redemption payments are made on time

Risk Description	Risk Mitigants/management strategy
	and not affected by illiquidity of the underlying stocks.
Derivatives Risk As and when the scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that Investors should understand. Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the “counter party”) to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.	The fund has provision for using derivative instruments for portfolio balancing and hedging purposes. Investments in derivative instruments will be used as per local (RBI and SEBI) regulatory guidelines. The fund will endeavor to maintain adequate controls to monitor the derivatives transactions entered into.
Liquidity Risk In case of Arbitrage trades, under abnormal circumstances it will be difficult to square off the transaction due to liquidity being poor in the underlying stock, stock futures or options market.	The fund will aim at taking exposure only into liquid stocks / derivatives where there will be minimal risk to square off the transaction.
Currency Risk The Scheme may invest in Foreign Securities as permitted by the concerned regulatory authorities in India. Since the assets may be invested in securities denominated in foreign currency, the INR equivalent of the net assets, distributions and income may be adversely affected by changes / fluctuations in the value of the foreign currencies relative to the INR.	The scheme subject to applicable regulations shall have the option to enter into forward contracts for the purposes of hedging against the foreign exchange fluctuations. The Schemes may employ various measures (as permitted by SEBI/RBI) including but not restricted to currency hedging (such as currency options and forward currency exchange contracts, currency futures, written call options and purchased put options on currencies and currency swaps), to manage foreign exchange movements arising out of investment in foreign securities.

II. Information about the scheme:

A. Where will the scheme invest –

Std. obs. 15

(Consolidated Std. Obs. 29)

The corpus of the Scheme shall be invested in accordance with the investment objective in any (but not exclusively) of the following securities:

- a) Equity and equity related instruments including Indian Depository Receipts (IDRs) and warrants carrying the right to obtain equity shares.
- b) Securities created and issued by the Central and State Governments and/or repos/reverse repos in such Government Securities as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).

Repo

As per Section 45U (c) of RBI Act, 1934, “repo” means an instrument for borrowing funds by selling securities with an agreement to repurchase the securities on a mutually agreed future date at an agreed price which includes interest for the funds borrowed.

Reverse repo

As per Section 45U (c) of RBI Act, 1934, “reverse repo” means an instrument for lending funds by purchasing securities with an agreement to resell the securities on a mutually agreed future date at an agreed price which includes interest for the funds lent.

Triparty Repo

According to Repurchase Transactions (Repo) (Reserve Bank) Directions, 2018, triparty repo means a repo contract where a third entity (apart from the borrower and lender), called a Triparty Agent, acts as an intermediary between the two parties to the repo to facilitate services like collateral selection, payment and settlement, custody, and management during the life of the transaction.

- c) Securities guaranteed by the Central, State and local Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
- d) Debt securities issued by domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee
- e) Corporate debt securities (of both public and private sector undertakings)
- f) Securities issued by banks (both public and private sector) including term deposit with the banks as permitted by SEBI/RBI from time to time, subject to approval from SEBI / RBI as required and development financial institutions.
- g) Money market instruments as permitted by SEBI/RBI
- h) Securitised Debt
- i) The non-convertible part of convertible securities

“Convertible Security” means a security which is convertible into or exchangeable with equity shares of the issuer at a later date, with or without the option of the holder of such security.

- j) Derivative instruments like Stock/Index Futures, Stock/Index Options, Interest Rate Future, Interest Rate Swap, Forward Rate Agreement and such other derivative instruments permitted by SEBI.

- k) Foreign Securities as permitted by Reserve Bank of India and Securities and Exchange Board of India. As per SEBI Circular dated November 04, 2024, the scheme may invest in overseas Mutual Funds/Unit Trusts that have exposure to Indian securities, provided that the total exposure to Indian securities by these overseas MF/UTs shall not be more than 25% of their assets.
- l) Units of Mutual Fund Schemes/Exchange Traded Funds
- m) Cash & cash equivalents
- n) Preference shares.
- o) Repo transactions in corporate debt securities.
- p) Units of REITs & InvITs.

“REIT” or “Real Estate Investment Trust” under SEBI (Real Estate Investment Trusts) Regulations, 2014 means a person that pools rupees fifty crores or more for the purpose of issuing units to at least two hundred investors so as to acquire and manage real estate asset(s) or property(ies), that would entitle such investors to receive the income generated therefrom without giving them the day-to-day control over the management and operation of such real estate asset(s) or property(ies).

“InvIT” or “Infrastructure Investment Trust” shall mean the trust registered as such under SEBI (Infrastructure Investment Trusts) Regulations, 2014.

- q) Any other domestic fixed income securities as permitted by SEBI/ RBI subject to requisite approvals from SEBI/RBI, if needed.

Subject to the Regulations, the securities mentioned above could be listed, unlisted, privately placed, secured, unsecured and of varying maturity. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights issue or negotiated deals. Further, the scheme intend to participate in securities lending as permitted under the regulations. Investment in overseas securities shall be made in accordance with the requirements stipulated by SEBI and RBI from time to time. The Scheme may also enter into repurchase and reverse repurchase in various securities as per the guidelines and regulations applicable to such transactions.

Pending deployment of funds of the scheme in securities in terms of the investment objective of the scheme, the AMC may park the funds of the scheme in short term deposits of scheduled commercial banks, subject to the guidelines mentioned in SEBI Master Circular for Mutual Funds dated June 27, 2024 as amended from time to time. The AMC shall not charge any investment management and advisory fees for parking of funds in such short term deposits of scheduled commercial banks for the scheme.

Debt Markets in India:

Std. obs. 12

What is a Debt Instrument?

A Debt Instrument is a borrowing obligation which the borrower has to service for mutually agreed period and rate of Interest.

There are a huge variety of Debt or Fixed income instruments, as they are usually called. The sheer variety in these instruments mean that they can be classified on the basis of any of these features.

List of Features (list is indicative)

- Face Value: Stated value of the paper /Principal Amount
- Coupon: Zero, fixed or floating
- Frequency: Semi-annual; annual, sometimes quarterly or Monthly
- Maturity: Bullet, staggered
- Redemption: Face Value; premium or discount
- Options: Call/Put Issue Price: Par (Face Value) or premium or discount.

List of Debt Market Instruments: The Indian Debt market comprises of the Money Market and Debt Market. Money market instruments are Commercial Papers (CPs), Certificates of Deposit (CDs), Treasury bills (T-bills), Repos, Inter-bank Call money deposit, Reverse Repo and TREPS etc. Money market instruments have a tenor of less than one year while debt market instruments typically have a tenor of more than one year. Debt market in India comprises mainly of two segments viz., the Government securities market and the corporate securities market.

Government securities include central, state and quasi govt issues. The main instruments in this market are dated securities (Fixed or Floating) and Treasury bills (Discounted Papers). These securities are generally issued through auctions on the basis of 'uniform price' method or 'Multiple price' method.

Corporate Debt segment on the other hand includes bonds/debentures issued by private corporates, public sector units (PSUs), public financial institutions (PFIs) and development financial institutions (DFIs). These instruments carry a variety of ratings based on the credit profile evaluated by rating agency and are priced accordingly. These bonds too can be Fixed or Floating.

Debt derivatives market comprises mainly of Forward Rate Agreements, Interest rate Futures, Interest rate Swap. Banks and corporates are major players here and of late Mutual Funds have also started hedging their exposures through these products.

The following table gives approximate yields prevailing as on October 29, 2025 on some of the instruments. These yields are indicative and do not indicate yields that may be obtained in future as interest rates keep changing consequent to changes in macro-economic conditions and RBI policy Issuer.

Instrument	Yield level (% per annum)
G-Sec 5 year	6.20%
G-Sec 10 year	6.57%
CP's 3 months	6.10%
CD's 3 months	6.00%
CP's 1 year	6.55%
CD's 1 year	6.45%

Corporate Debentures AAA 3 year	6.74%
Corporate Debentures AAA 5 year	6.84%
NBFC	
Corporate Debentures AAA 3 year	7.13%
Corporate Debentures AAA 5 year	7.28%

B. What are the investment restrictions?

Std. obs. 11

Pursuant to the Regulations and amendments thereto and subject to the investment pattern of the scheme, following investment restrictions are applicable:

1. The Scheme shall not invest more than 10% of debt portfolio in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the Act. Such investment limit may be extended to 12% of the debt portfolio of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company.

Further, the scheme shall not invest more than:

- a. 10% of the debt portfolio in debt and money market securities rated AAA; or
- b. 8% of the debt portfolio in debt and money market securities rated AA; or
- c. 6% of the debt portfolio in debt and money market securities rated A and below

issued by a single issuer.

The above investment limits may be extended by up to 2% of the debt portfolio of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit.

Provided that such limit shall not be applicable for investments in Government Securities, Treasury Bills and Tri-party Repos on Government securities or treasury bills TREPS.

Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with the Board.

2. A mutual fund scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging.

However, mutual fund scheme may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio, as per respective investment limits and timelines mentioned in Circular dated October 1, 2019, of the debt portfolio of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

For the above purposes, listed debt instruments shall include listed and to be listed debt instruments.

3. The Scheme shall not invest more than 5% of its net assets in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. All such investments shall be made with the prior approval of the Board of Trustees and the Board of AMC.

Investments should only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.

4. The Fund under all its Schemes shall not own more than 10% of any company's paid up capital carrying voting rights.

Provided that investment in the AMC or the trustee company of a mutual fund shall be governed by clause (a), of sub-regulation (1) of regulation 7B of SEBI MF Regulations.

5. Transfer of investments from one scheme to another scheme in the same Mutual Fund is permitted provided:

- Such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and
- The securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

The AMC shall comply with the guidelines issued by SEBI vide its Circular dated October 8, 2020 and such other guidelines as may be notified from time to time. (Consolidated Std. Obs. 30)

6. The Scheme may invest in other schemes under the same AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-scheme investment made by all the schemes under the same management or in schemes under management of any other asset management company shall not exceed 5% of the Net Asset Value of the Mutual Fund. No investment management fees shall be charged for investing in other schemes of the Mutual Fund or in the schemes of any other mutual fund.
7. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided further that the Mutual Fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by SEBI.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the RBI in this regard.

8. The Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.
9. Pending deployment of funds of the scheme in terms of the Investment Objective, the Mutual Fund may invest them in Short Term Deposits of Scheduled Commercial Banks in accordance with SEBI Master Circular for Mutual Funds dated June 27, 2024. Following guidelines shall be followed for parking of funds in Short Term Deposits of Scheduled Commercial Banks pending deployment:
 - a. "Short Term" for such parking of funds by mutual funds shall be treated as a period not exceeding 91 days.
 - b. Such short term deposits shall be held in the name of the concerned scheme.
 - c. No mutual fund scheme shall park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with prior approval of the trustees. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the mutual fund in short term deposits.
 - d. No mutual fund scheme shall park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
 - e. Trustees/Asset Management Companies (AMCs) shall ensure that no funds of a scheme are parked in short term deposit (STD) of a bank which has invested in that scheme. Trustees/AMCs shall also ensure that the bank in which a scheme has STD does not invest in the said scheme until the scheme has STD with such bank.The above conditions are not applicable to term deposits placed as margins for trading in cash and derivative market.
- f. Asset Management Company (AMC) shall not be permitted to charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.
10. No mutual fund Scheme shall make any investments in:
 - a. any unlisted security of an associate or group company of the Sponsor; or
 - b. any security issued by way of private placement by an associate or group company of the Sponsor; or
 - c. the listed securities of group companies of the Sponsor which is in excess of 25% of its net assets.
11. The scheme shall not invest in Fund of Funds scheme.
12. All investments by a mutual fund scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed.
13. No mutual fund scheme shall invest more than 10% of its NAV in equity shares or equity related instruments of any company.
14. No loans for any purpose can be advanced by the scheme.
15. The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase/ redemption of units or payment of interest or IDCW to the unit holders. Such borrowings shall not exceed more than 20% of the net assets of the individual scheme and the duration of the borrowing shall not exceed a period of 6 months.
16. If any company invests more than 5% of the NAV of any of the scheme, investment made by that or any other schemes of the Mutual Fund in that Company or its subsidiaries will be disclosed in accordance with the SEBI (MF) Regulations.
17. The Mutual Fund having an aggregate of securities which are worth Rs.10 crores or more, as on the latest balance sheet date, shall subject to such instructions as may be issued from time to time by the Board, settle their transactions only through dematerialised securities. Further all transactions in government securities shall be in dematerialised form.

18. The Scheme will comply with provisions specified in SEBI Master Circular for Mutual Funds dated June 27, 2024 related to overall exposure limits applicable for derivative transactions as stated below:
- The cumulative gross exposure across all asset classes should not exceed 100% of the net assets of the Scheme.
 - The total exposure related to option premium paid must not exceed 20% of the net assets of the Scheme.
 - Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. (Consolidated Std. Obs. 14)
 - Mutual Fund shall not write options or purchase instruments with embedded written options.
 - Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:
 - Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
 - Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point 1.
 - Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
 - The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.

Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in Point 19(i) above.
 - Mutual Funds may enter into plain vanilla interest rate swaps for hedging purposes. The counterparty in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme. However, if the Mutual Fund is transacting in interest rate swaps through an electronic trading platform offered by the Clearing Corporation of India Ltd. (CCIL) and CCIL is the central counterparty for such transactions guaranteeing settlement, the single counterparty limit of 10% shall not be applicable.
 - Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point 1.

Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position Exposure	Position Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option Bought	option Premium Paid * Lot Size * Number of Contracts

- Exposure limit for participating in Interest Rate Futures - In addition to the existing provisions of SEBI Master Circular for Mutual Funds dated June 27, 2024, the following are prescribed:
 - To reduce interest rate risk in a debt portfolio, mutual fund may hedge the portfolio or part of the portfolio (including one or more securities) on weighted average modified duration basis by using Interest Rate Futures (IRFs). The maximum extent of short position that may be taken

in IRFs to hedge interest rate risk of the portfolio or part of the portfolio, is as per the formula given below:

$$\frac{(\text{Portfolio Modified Duration} * \text{Market Value of the Portfolio})}{(\text{Futures Modified Duration} * \text{Future Price/ PAR})}$$

- In case the IRF used for hedging the interest rate risk has different underlying security(s) than the existing position being hedged, it would result in imperfect hedging.
- Imperfect hedging using IRFs may be considered to be exempted from the gross exposure, upto maximum of 20% of the net assets of the scheme, subject to the following:
 - Exposure to IRFs is created only for hedging the interest rate risk based on the weighted average modified duration of the bond portfolio or part of the portfolio.
 - Mutual Funds are permitted to resort to imperfect hedging without it being considered under the gross exposure limits if and only if the correlation between the portfolio or part of the portfolio (excluding the hedged portions, if any) and the IRF is atleast 0.9 at the time of initiation of hedge. In case of any subsequent deviation from the correlation criteria, the same may be rebalanced within 5 working days and if not rebalanced within the timeline, the derivative positions created for hedging shall be considered under the gross exposure computed in terms of Para 3 of SEBI Master Circular for Mutual Funds dated June 27, 2024. The correlation should be calculated for a period of last 90 days.

Explanation: If the fund manager intends to do imperfect hedging upto 15% of the portfolio using IRFs on weighted average modified duration basis, either of the following conditions need to be complied with:

- i. The correlation for past 90 days between the portfolio and the IRF is at least 0.9 or
 - ii. The correlation for past 90 days between the part of the portfolio (excluding the hedged portions, if any) i.e. at least 15% of the net asset of the scheme (including one or more securities) and the IRF is at least 0.9.
- At no point of time, the net modified duration of part of the portfolio being hedged should be negative.
 - The portion of imperfect hedging in excess of 20% of the net assets of the scheme should be considered as creating exposure and shall be included in the computation of gross exposure in terms of Para 3 of SEBI Master Circular for Mutual Funds dated June 27, 2024.
 - The basic characteristics of the scheme should not be affected by hedging the portfolio or part of the portfolio (including one or more securities) based on the weighted average modified duration.
 - The interest rate hedging of the portfolio should be in the interest of the investors.

19. The scheme can write call options under a covered strategy for constituent stocks of NIFTY 50 and BSE SENSEX subject to the following:
 - a. The total notional value (taking into account strike price as well as premium value) of call options written by a scheme shall not exceed 15% of the total market value of equity shares held in that scheme.
 - b. The total number of shares underlying the call options written shall not exceed 30% of the unencumbered shares of a particular company held in the scheme. The unencumbered shares in a scheme shall mean shares that are not part of Securities Lending and Borrowing Mechanism (SLBM), margin or any other kind of encumbrances.
 - c. At all points of time the scheme shall comply with the provisions at points (a) and (b) above. In case of any passive breach of the requirement at paragraph (a) above, the scheme shall have 7 trading days to rebalance the portfolio. During the rebalancing period, no additional call options can be written in the scheme.
 - d. In case a scheme needs to sell securities on which a call option is written under a covered call strategy, it must ensure compliance with paragraphs (a) and (b) above while selling the securities.

- e. In no case, a scheme shall write a call option without holding the underlying equity shares. A call option can be written only on shares which are not hedged using other derivative contracts.
 - f. The premium received shall be within the requirements prescribed in terms of SEBI Master Circular for Mutual Funds dated June 27, 2024 i.e. the total gross exposure related to option premium paid and received must not exceed 20% of the net assets of the scheme.
 - g. The exposure on account of the call option written under the covered call strategy shall not be considered as exposure in terms of paragraph 3 of f SEBI Master Circular for Mutual Funds dated June 27, 2024.
 - h. The call option written shall be marked to market daily and the respective gains or losses factored into the daily NAV of the scheme until the position is closed or expired.
20. The Scheme may invest in the units of REITs and InvITs subject to the following:
- a. No mutual fund under all its schemes shall own more than 10% of units issued by a single issuer of REIT and InvIT; and
 - b. The scheme shall not invest-
 - i. more than 10% of its NAV in the units of REIT and InvIT; and
 - ii. more than 5% of its NAV in the units of REIT and InvIT issued by a single issuer.
- Provided that the limits mentioned in sub-clauses (i) and (ii) above shall not be applicable for investments in case of index fund or sector or industry specific scheme pertaining to REIT and InvIT.
21. Conditions for undertaking repo in corporate debt securities:
- i. The scheme shall not lend/borrow more than 10% of its net assets in repo against corporate debt securities.
 - ii. The cumulative gross exposure through repo transactions in corporate debt securities along with equity, debt, derivatives and any other permitted assets shall not exceed 100% of the net assets of the scheme.
 - iii. The scheme shall borrow through repo transactions only if the tenor of the transaction does not exceed a period of six months.
 - iv. The exposure limit/investment restrictions prescribed under the Seventh Schedule of the Regulations and circulars issued there under (wherever applicable) shall be applicable to repo transactions in corporate debt securities.
 - v. Counterparty selection & credit rating:
The AMC follows an issuer selection and approval process for fixed income investments and the same shall be used for selection of counterparties for repo in corporate debt securities. Repo transactions shall be carried out with only those counterparties who have a credit rating of 'AA and above' (Long term rating) or 'A1+' (Short term rating) provided by any credit rating agency as accredited by SEBI from time to time.
 - vi. Tenor of Repo:
Tenor of repo shall not exceed 6 months. There shall be no restriction/limitation on the tenor of collateral.
 - vii. Applicable haircut:
The AMC would be guided by the parameters for applying haircut as may be specified by RBI and/or SEBI for undertaking repo in corporate debt securities, from time to time.
22. The Scheme's total exposure in a particular sector (excluding investments in Bank CDs, TREPS, Government Securities, T-Bills and AAA rated securities issued by Public Financial Institutions and Public Sector Banks) shall not exceed 20% of the net assets of the Scheme;

Provided that an additional exposure to financial services sector (over and above the limit of 25%) not exceeding 10% of the net assets of the Scheme shall be allowed by way of increase in exposure to Housing Finance Companies (HFCs) only. Further, an additional exposure of 5% of the net assets of the scheme has been allowed for investments in securitized debt instruments based on retail housing loan portfolio/ an affordable housing loan portfolio

Provided further that the additional exposure to such securities issued by HFCs are rated AA and above and these HFCs are registered with National Housing Bank (NHB) and the total Investment/exposure in HFCs shall not exceed 20% of the net assets of the Scheme. (Consolidated Std. Obs. 31)

23. The Scheme's total exposure in a group (excluding investments in securities issued by Public Sector Units, Public Financial Institutions and Public Sector Banks) shall not exceed 20% of the net assets of the Scheme. Such investment limit may be extended to 25% of the net assets of the Scheme with the prior approval of the Board of Trustee.

The investments by the Scheme in debt and money market instruments of group companies of both the Sponsors and the AMC shall not exceed 10% of the net assets of the scheme. Such investment limit may be extended to 15% of the net assets of the scheme with the prior approval of the Board of Trustees.

For this purpose, a group means a group as defined under regulation 2 (mm) of the Regulations and shall include an entity, its subsidiaries, fellow subsidiaries, its holding company and its associates.

The AMC/Trustee may alter these above stated restrictions from time to time to the extent the Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective.

All investment restrictions shall be applicable at the time of making investment.

There are no internal norms vis-à-vis limiting exposure to a particular scrip or sector, etc. apart from the aforementioned investment restrictions.

G. Other Scheme Specific Disclosures:

Listing and transfer of units	The scheme is an open ended equity scheme and is not listed on any of the stock exchanges. The AMC, at its discretion, can undertake listing on any of the stock exchange. The units of the scheme can be transferred in demat form or in such form as may be permitted under SEBI Regulations, as amended from time to time. Additions/ deletion of names will not be allowed under any folio of the scheme. This however will not apply in case of death of unitholder (in respect of joint holdings) as this would be treated as transmission of units and not transfer.
Dematerialization of units (Consolidated Std. Obs. 57(b))	The Applicants intending to hold units in Demat mode would be required to have a beneficiary account with a Depository Participant of the NSDL/CDSL and would be required to mention in the application form DP's Name, DP ID No. and Beneficiary Account No. with the DP at the time of purchasing Units during the NFO. The Units allotted will be credited to the DP account of the investor as per the details provided in the application form. The statement of holding of the beneficiary account holder for units held in Demat mode would be sent by the respective DPs periodically. It may be noted that trading and settlement in the units of the scheme over the stock exchange(s) (where the units are listed/ will be listed) will be permitted only in electronic form. However, the Trustee / AMC reserves the right to change the dematerialization / rematerialization process in accordance with the procedural requirements laid down by the Depositories, viz. NSDL/ CDSL and/or in accordance with the provisions laid under the Depositories Act, 1996. All units will rank pari passu among units within the same option in the scheme concerned as to

	assets, earnings and the receipt of IDCW distributions, if any, as may be declared by the Trustee.
Dividend Policy (IDCW)	The Scheme may declare IDCW subject to the availability of distributable surplus and approval from Trustees. IDCW would become payable to the unitholders whose names appear on the register of unitholders on the record date as fixed for the scheme. The IDCW declared will be paid net of tax deducted at source, wherever applicable. There is no assurance or guarantee to the Unit holders as to the rate of IDCW distribution nor that the IDCW will be paid regularly. If the Fund declares IDCW, the NAV of the Scheme would stand reduced by the amount of IDCW paid. All the IDCW payments shall be in accordance and compliance with SEBI, Stock Exchange Guidelines, as applicable from time to time. IDCW is the amount that can be distributed out of equalisation reserve which is part of the sale price that represents realised gains. Any IDCW upto Rs. 100/- shall be compulsorily reinvested in the same option under the scheme at prevailing NAV on record date.
Allotment (Detailed procedure) Std. obs. 18 (Consolidated Std. Obs. 60)	• The AMC shall issue to the investor whose application has been accepted, an account statement specifying the number of units allotted within five business days of closure of NFO/transaction. • For allotment undertaken in demat form, the account statement shall be sent by the depository / depository participant and not by the AMC. For NFO allotment in demat form, the AMC shall issue units in dematerialized form to a unit holder within two working days of the receipt of request from the investor. • For those investors who have provided an e-mail address, the AMC would send the account statement by e-mail instead of physical statement. The investor may request for an account statement by contacting us at any of the service centers and the AMC shall provide the account statement to the investor within five business days from the receipt of such request. • Consolidated Account Statement (CAS) for each calendar month would be issued to the investors within 12 days from the month end in case of delivery through electronic mode and within 15 days from the month end in case of delivery through physical mode. Further, in case of electronic mode, CAS would be sent by email to the email id of the first unitholder as per KYC records. • Half-yearly CAS shall be issued at the end of every six months (i.e. September/ March) on or before the eighteenth day of April and October, to all investors providing the prescribed details across all schemes of mutual funds and securities held in dematerialized form across demat accounts, if applicable. In case CAS is requested through physical mode, same shall be sent on or before the twenty-first day of April and October.

	• In case for any reason if any particular folio of an investor is not included in the CAS, the AMC would issue an account statement to the investors on a monthly basis pursuant to any financial transaction in such folio on or before fifteenth day of succeeding month. • The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 Business Days of receipt of valid application/transaction to the unitholders to their registered e-mail address and/ or mobile number. • In case of a specific request received from the unitholder, the AMC shall provide the account statement to such unitholder within 5 business days from the receipt of such request. • In the case of joint holding in a folio, the first named unitholder shall receive the CAS/account statement. The holding pattern must be the same across all folios across all the Mutual Funds for the unitholder(s) to receive CAS. • In case no transactions have taken place in a folio during the period of six months ended September 30 and March 31, CAS detailing holdings across all schemes across all mutual funds shall be emailed at the registered email address of the unitholders on half yearly basis, on or before the eighteenth day of April and October, unless a specific request is made to receive the same in physical form. In case CAS is requested through physical mode, same shall be sent on or before the twenty-first day of April and October. • Each CAS issued to the investors shall also provide the total purchase value / cost of investment in each scheme. • Further, CAS issued for the half-year (September/ March) shall also provide: ○ The amount of actual commission paid by the Mutual Fund to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each MF scheme. The term 'commission' here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by AMCs/MFs to distributors. ○ The scheme's average Total Expense Ratio (in percentage terms) along with the break up between Investment and Advisory fees, commission paid to the distributor and other expenses for the period for each scheme's applicable plan where the concerned investor has actually invested in. • This CAS on a half year basis shall be issued to all MF investors excluding those investors who do not have any holdings in mutual fund schemes and where no commission against their investment has been paid to distributors during the concerned half year period. • In case of the units are held in dematerialized (demat) form, the statement of holding of the beneficiary account holder will be sent by the respective Depository Participant
--	---

	periodically. • CAS for investors having Demat account: ○ Investors having mutual fund investments and holding securities in demat account shall receive a single CAS from the Depository. ○ CAS shall be done on the basis of Permanent Account Number (PAN). In case of multiple holding, it shall be PAN of the first holder and pattern of holding. The CAS shall be generated on a monthly basis. ○ If there is any transaction in any of the demat accounts of the investor or in any of his mutual fund folios, depositories shall send the CAS within 12 days from the month end in case of delivery through electronic mode and within 15 days from the month end in case of delivery through physical mode. In case, there is no transaction in any of the mutual fund folios and demat accounts, CAS with holding details shall be sent to the investor on half yearly basis on or before the eighteenth day of April and October, unless a specific request is made to receive the same in physical form. In case CAS is requested through physical mode, same shall be sent on or before the twenty-first day of April and October. ○ In case an investor has multiple accounts across two depositories, the depository with whom the account has been opened earlier will be the default depository for the purpose of sending CAS to such investor. • The dispatch of CAS by the depositories would constitute compliance with the requirement under Regulation 36(4) of SEBI (Mutual Funds) Regulations. • The asset management company shall issue units in dematerialized form to a unit holder in a scheme within two working days of the receipt of request from the unit holder.
Who can invest This is an indicative list and investors shall consult their financial advisor to ascertain whether the scheme is suitable to their risk profile.	The following persons are eligible and may apply for subscription to the units of the scheme (subject, wherever relevant, to subscription of units of Mutual Fund being permitted under relevant statutory regulations): • Resident adult individual either singly or jointly (not exceeding three) • Minor through parent/lawful guardian • Companies, Bodies Corporate, Public Sector Undertakings, association of persons or bodies of individuals and societies registered under the Societies Registration Act, 1860 (so long as the subscription of units is permitted under their respective constitutions) • Religious and Charitable Trusts under the provisions of Section 11(5)(xii) of the Income Tax Act, 1961 read with Rule 17C of Income-tax Rules, 1962 • Partnership Firms • Karta of Hindu Undivided Family (HUF) • Banks and Financial Institutions

	• Non-resident Indians (NRI)/Persons of Indian Origin (PIO) residing abroad on full repatriation basis or on non repatriation basis • Army, Air Force, Navy and other para-military funds • Scientific and Industrial Research Organizations • Mutual fund Schemes, as per applicable regulations • Foreign Portfolio Investor subject to the applicable regulations • Any other category of investor who may be notified by Trustees from time to time by display on the website of the AMC. Every investor, depending on any of the above category under which he/she/ it/they fall are required to provide relevant documents alongwith the application form as may be prescribed by AMC.
Who cannot invest	The following persons are not eligible to invest in the scheme and apply for subscription to the units of the scheme: • A person who falls within the definition of the term “U.S. Person” under ‘Regulation S’ promulgated under the Securities Act of 1933 of the United States, as amended, and corporations or other entities organised under the laws of the U.S. are not eligible to invest in the schemes and apply for subscription to the units of the schemes, except for lump sum subscription, systematic transactions and switch transactions requests received from NRI/PIO who at the time of such investment, are present in India and submit a physical transaction request along with such documents as may be prescribed by the AMC. The AMC shall accept such investments subject to the applicable laws and such other terms and conditions as may be notified by the AMC. The investor shall be responsible for complying with all the applicable laws for such investments. • A person who is resident of Canada • Such other individuals/institutions/body corporate etc., as may be decided by the AMC from time to time The AMC reserves the right to put the transaction requests on hold/reject the transaction request/reverse allotted units, as the case may be, as and when identified by the AMC, which are not in compliance with the terms and conditions notified in this regard. Investors are requested to note that the AMC shall not be liable for any loss or expenses incurred in respect of those transaction requests/allotted units which have been kept on hold or rejected or reversed.

of acceptance.	subscription/purchase as per the application/Switch-in request, are available for utilization before the cut-off time i.e. 3.00 p.m. - the closing NAV of the day shall be applicable. • In respect of valid applications received after 3.00 p.m. on a Business Day at the official point of acceptance of transactions and where the funds for the entire amount of subscription/purchase as per the application/Switch-in request, are available for utilization either on the same day or before the cut-off time of the next business day - the closing NAV of the next Business Day shall be applicable. • Irrespective of the time of receipt of application at the official point of acceptance of transactions, where the funds for the entire amount are available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable. In case of investments through Systematic Investment Plan (SIP), Systematic Transfer Plans (STP), Other STP methods as may be offered by the AMC, IDCW Transfer, Trigger etc. the units would be allotted as per the closing NAV of the day on which the funds are available for utilization irrespective of the instalment date of the SIP, STP or record date of IDCW etc. Since different payment modes have different settlement cycles including electronic transactions (as per arrangements with Payment Aggregators/Banks/Exchanges etc), it may happen that the investor's account is debited, but the money is not credited within cut-off time on the same date to the Scheme's bank account, leading to a gap/delay in Unit allotment. Investors are therefore urged to use the most efficient electronic payment modes to avoid delays in realization of funds and consequently in Unit allotment. Redemptions including switch-outs: In respect of valid applications received upto 3.00 pm on a business day by the Mutual Fund, same day's closing NAV shall be applicable. In respect of valid applications received after the cut off time by the Mutual Fund, the closing NAV of the next business day shall be applicable.
Minimum amount for purchase/redemption/swiches (mention the provisions for ETFs, as may be applicable, for direct subscription/redemption with AMC.)	Fresh Purchase (lumpsum): Rs. 500/- and in multiples of Re. 1/- thereafter Systematic Investment Plan (SIP): • From Rs. 500 upto Rs. 1,000: minimum 60 instalments. • Above Rs. 1,000: minimum 6 instalments. Minimum amount for switch-in: Rs. 500 and in multiples of Re. 1.

	Minimum Redemption/switch out amount: Rs. 500 and in multiples of Re. 0.01/- or the account balance of the investor, whichever is less. Two-Factor Authentication will be applicable for subscription as well as redemption transactions in the units of Mutual Fund. Minimum application amount will not be applicable for investments made in the scheme pursuant to SEBI Master Circular for Mutual Funds dated June 27, 2024, on alignment of interest of designated employees of the AMC with the unitholders of mutual fund schemes. For more information, please refer SAI.
Accounts Statements (Consolidated Std. Obs. 60) Std. obs. 18	As per SEBI Master Circular for Mutual Funds dated June 27, 2024, the AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 working days of receipt of valid application/transaction to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form). A Consolidated Account Statement (CAS) detailing all the transactions across all mutual funds (including transaction charges paid to the distributor) and holding at the end of the month shall be sent to the Unit holders in whose folio(s) transaction(s) have taken place during the month by mail or email within 12 days from the month end and within 15 days from the month end in case of delivery through physical mode. Half-yearly CAS shall be issued at the end of every six months (i.e. September/ March) on or before the eighteenth day of April and October, to all investors providing the prescribed details across all schemes of mutual funds and securities held in dematerialized form across demat accounts, if applicable. In case CAS is requested through physical mode, same shall be sent on or before the twenty-first day of April and October. For further details, refer SAI.
Dividend/ IDCW	The Scheme may declare IDCW subject to the availability of distributable surplus and approval from Trustees. IDCW would become payable to the unitholders whose names appear on the register of unitholders on the record date as fixed for the scheme. The IDCW declared will be paid net of tax deducted at source, wherever applicable. There is no assurance or guarantee to the Unit holders as to the rate of IDCW distribution nor that the IDCW will be paid regularly. If the Fund declares IDCW, the NAV of the Scheme would stand reduced by the amount of IDCW paid. All the IDCW payments shall be in accordance and compliance with SEBI, Stock Exchange Guidelines, as applicable from time to time.

	IDCW is the amount that can be distributed out of equalisation reserve which is part of the sale price that represents realised gains. Any IDCW upto Rs. 100/- shall be compulsorily reinvested in the same option under the scheme at prevailing NAV on record date. IDCW will not be available under the Growth option. Growth option is suitable for investors who are seeking capital appreciation and not seeking periodic income through IDCW. In case IDCW payout option, payment shall be made to the bank account of the investors. In the case of IDCW reinvestment, the IDCW declared shall be invested back into the scheme as per the applicable NAV. The scheme also permits IDCW Transfer where the IDCW amount would be transferred to the scheme as selected by the investor. Investment in IDCW transfer would be made as per the applicable NAV. IDCW payments shall be dispatched/transferred to the investors within seven working days from the IDCW record date. In case the AMC fails to make IDCW payment within seven working days, the AMC shall be liable to pay interest to investors at 15% per annum. The interest on delayed payment would be computed from the record date for IDCW. Physical dispatch of IDCW payments shall be carried out only in exceptional circumstances and the AMC shall be required to maintain records along with reasons for all such physical dispatches. The Trustee reserves the right to declare IDCW under the IDCW option of the scheme depending on the net distributable surplus available under the scheme. It should however be noted that the actual distribution of IDCW and the frequency of distribution would depend, inter-alia, on the availability of distributable surplus and would be entirely at the discretion of the Trustees. Equalisation Reserve: When units are sold and the sale price (NAV) is higher than face value of the unit, a portion of sale price that represents realized gains is credited to an Equalization Reserve Account and which can be used to pay IDCW. IDCW can be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains.
Redemption	The redemption or repurchase proceeds shall be dispatched to the unitholders within three working days from the date of redemption or repurchase. For list of exceptional circumstances refer para 14.1.3 of SEBI Master Circular for Mutual Funds dated June 27, 2024.

Bank Mandate (Consolidated Std. Obs. 61) Std. obs. 19	<u>Bank Mandate Requirement</u> For all fresh subscription transactions made by means of a cheque, if cheque provided alongwith fresh subscription/new folio creation does not belong to the bank mandate opted in the application form, any one of the following documents needs to be submitted. 1) Original cancelled cheque having the First Holder Name printed on the cheque. 2) Original bank statement reflecting the First Holder Name, bank account number and bank name as specified in the application. 3) Photocopy of the bank statement duly attested by the bank manager with designation, employee number and bank seal. 4) Photocopy of the bank passbook duly attested by the bank manager with designation, employee number and bank seal. 5) Photocopy of the bank statement/passbook/cheque duly attested by the AMC officials after verification of original bank statement/passbook shown by the investor or their representative. 6) Confirmation by the bank manager with seal, designation and employee number on the bank's letter head confirming the name of investor, account type, bank branch, MICR and IFSC code of the bank branch. The letter should not be older than 3 months. This condition is also applicable to all subscription transactions made by means of a Demand Draft. In case the application is not accompanied by the aforesaid documents, the AMC reserves the right to reject the application, also the AMC will not be liable in case the redemption/IDCW proceeds are credited to wrong account in absence of above documents. In case the bank account details are not mentioned or found to be incomplete or invalid in a subscription application, then the AMC may consider the account details as appearing in the investment amount cheque and the same shall be updated under the folio as the payout bank account for the payment of redemption/IDCW amount etc. The aforementioned updation of bank account shall however be subject to compliance with the third party investment guidelines issued by Association of Mutual Funds in India (AMFI) from time to time. The AMC reserves the right to call for any additional documents as may be required, for processing of such transactions with missing/incomplete/invalid bank account details. The AMC also reserves the right to reject such applications.
Delay in payment of redemption / repurchase proceeds/dividend	Redemption shall be processed by the AMC within three working days of the receipt of redemption request. In case of delay beyond three working days, the AMC is liable to pay interest to the investors at 15% per annum. IDCW payments shall be dispatched/transferred to the investors within seven working days from the IDCW record date. In case

	the AMC fails to make IDCW payment within seven working days, the AMC shall be liable to pay interest to investors at 15% per annum. The interest on delayed payment would be computed from the record date for IDCW. Physical dispatch of IDCW/ redemption payments shall be carried out only in exceptional circumstances and the AMC shall be required to maintain records along with reasons for all such physical dispatches.
Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount (Consolidated Std. Obs. 52)	In accordance with No SEBI/HO/IMD/DF2/CIR/P/2016/37 dated February 25, 2016, the unclaimed Redemption amount and Income Distribution cum capital withdrawal amount may be deployed by the Mutual Fund in call money market or money market Instruments as well as in a separate plan or liquid scheme/overnight scheme / money market mutual fund scheme floated by mutual funds. Investors who claim these amounts during a period of three years from the due date shall be paid initial unclaimed amount along with the income earned on its deployment. Investors who claim these amounts after 3 years, shall be paid initial unclaimed amount along with the income earned on its deployment till the end of the third year. After the third year, the income earned on such unclaimed amounts shall be used for the purpose of investor education. AMC shall play a proactive role in tracing the rightful owner of the unclaimed amounts considering the steps suggested by regulator vide the referred circular. Further, AMC shall not charge any exit load in this plan and TER (Total Expense Ratio) of such plan shall be capped at 50 bps.
Disclosure w.r.t investment by minors (Consolidated Std. Obs. 37)	Payment for investment by means of Cheque, Demand Draft or any other mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian only, else the transaction is liable to get rejected. However, irrespective of the source of payment for subscription, all redemption proceeds shall be credited only in the verified bank account of the minor, i.e. the account the minor may hold with the parent/ legal guardian after completing all KYC formalities. For systematic transactions in a minor's folio, AMC would register standing instructions till the date of the minor attaining majority, though the instructions may be for a period beyond that date. Upon the minor attaining the status of major, the minor in whose name the investment was made, shall be required to provide all the KYC details, updated bank account details including cancelled original cheque leaf of the new account. No further transactions shall be allowed till the status of the minor is changed to major.
Risk-o-meter (Consolidated Std. Obs. 38)	AMC shall disclose risk-o-meter of the scheme and benchmark while disclosing the performance of scheme vis-à-vis benchmark and shall send the details of the scheme portfolio while

	communicating the monthly and half-yearly statement of scheme portfolio by email. Any change in risk-o-meter shall be communicated by way of addendum and by way of an e-mail or SMS to unitholders of the scheme. Risk-o-meter shall be evaluated on a monthly basis and AMC shall disclose the Risk-o-meter along with portfolio disclosure for the scheme on the AMC website at link: https://www.bajajamc.com/downloads?portfolio and that of AMFI (www.amfiindia.com) within 10 days from the close of each month.
Scheme Summary Document (Consolidated Std. Obs. 38)	The AMC will provide on its website a standalone scheme document for all the Schemes which contains all the details of the Scheme including but not limited to Scheme features, Fund Manager details, investment details, investment objective, expense ratios, portfolio details, etc. Scheme summary document will be uploaded on the websites of AMC, AMFI and stock exchanges in 3 data formats i.e. PDF, Spreadsheet and a machine readable format).
Minimum balance to be maintained and consequences of non maintenance (Consolidated Std. Obs. 36)	There is no minimum balance to be maintained in the scheme and accordingly there are no consequences on the investors for failure to maintain minimum balance in the scheme.
Option to hold units in Demat form (Consolidated Std. Obs. 57(a))	Investor has an option to subscribe units of the scheme in demat form in accordance with the provisions of the Scheme Information Document and in terms of the guidelines as laid by the Depositories (NSDL/CDSL) from time to time. In case, the investor desires to hold units in a Demat/Remat form at a later date, the request for conversion of units held in non-demat form into Demat form or vice-versa should be submitted along with a Demat/Remat Request Form to the Depository Participants. Units held in demat form would be transferable subject to the provisions of the Scheme Information Document and in accordance with provisions of Depositories Act, 1996 and the Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018 as may be amended from time to time.
Nomination Facility	- As per SEBI Master Circular for Mutual Funds dated June 27, 2024 Investors subscribing to mutual fund units shall have choice of providing nomination as per the prescribed format or opting out of nomination through a signed declaration. The folios of all existing individual unitholders holding units solely or joint mode that have not complied with the above requirement were supposed to be frozen for debits with effect from June 30, 2024. - However, pursuant to SEBI Circular No. SEBI/HO/MIRSD/POD-1/P/CIR/2024/81 dated June 10, 2024, non-submission of 'choice of nomination' shall not result in freezing of mutual fund folios.

	- All new investors/unitholders shall continue to be required to mandatorily provide the 'Choice of Nomination' for Mutual Fund Folios (except for jointly held Mutual Fund Folios). - All existing investors/ unitholders are encouraged, in their own interest, to provide 'choice of nomination' for ensuring smooth transmission of securities held by them as well as to prevent accumulation of unclaimed assets in securities market. For more information, please refer SAI.

Short Term (where the units of the listed mutual fund are held for not more than 12 months)	20% + applicable surcharge + 4% Cess	20% + applicable surcharge + 4% Cess	Nil

¹ As per section 112A of the Act, Equity Oriented Mutual Funds has been defined as:

- a. In case where the fund invests a minimum of 90% of the total proceeds in units of another fund, which is traded on recognized stock exchange, and such other fund also invests a minimum of 90% of its total proceeds in the equity shares of domestic companies listed on a recognized stock exchange; and
- b. In any other case, a minimum of 65% of the total proceeds of such fund is invested in the equity shares of domestic companies listed on a recognized stock exchange.
 Provided that the percentage of equity shareholding or unit held in respect of the fund, as the case may be, shall be computed with reference to the annual average of the monthly averages of the opening and closing figures.

Further, they will also attract Securities Transaction Tax ('STT') at applicable rates.

²Section 196A of the Act (read with amendment under Finance Act 2023) provides that a person responsible for paying to a non-resident (other than FPI) any income in respect of units of mutual fund shall withhold taxes at the rate of 20% (plus applicable surcharge and cess) or rate provided in the relevant Double Taxation Avoidance Agreement (DTAA), whichever is lower, provided the payee furnishes a tax residency certificate and such other information and documents as may be prescribed to claim treaty benefit. However, the income distributed by mutual fund to unitholders is unlikely to fall within the definition of dividend under the tax treaty. Given this and the language of the newly inserted proviso to section 196A, claiming tax treaty benefit in respect of income distributed by mutual fund to unitholders for withholding tax purpose may not be possible.

As per the provisions of section 196D of the Act which is specifically applicable in case of FPI/FII, the withholding tax rate of 20% (plus applicable surcharge and cess) on any income in respect of securities referred to in section 115AD(1)(a) credited/paid to FII shall apply. The proviso to section 196D(1) of the Act grants relevant tax treaty benefits at the time of withholding tax on income with respect to securities of FPIs, subject to furnishing of tax residency certificate and such other documents as may be required. As per section 196D(2) of the Act, no TDS shall be made in respect of income by way of capital gain arising from the transfer of securities referred to in section 115AD of the Act.

³Health and education Cess shall be applicable at 4% on aggregate of base tax and surcharge.

⁴In case of domestic company, the rate of income-tax shall be 25% for financial year 2025-26 if its total turnover or gross receipts in the financial year 2023-24 does not exceed Rs. 400 crores.

⁵In case of domestic company whose income is chargeable to tax under section 115BAB or section 115BAA of the Income-Tax Act, 1961, tax rate @ 22% shall be applicable, subject to conditions mentioned therein. The tax computed in case of domestic companies whose income is chargeable to tax under section 115BAA or section 115BAB shall be increased by a surcharge at the rate of 10%.

⁶Short term/ long term capital gain tax will be deducted at the time of redemption of units in case of non-resident investors only (other than FPI). However, as per section 196A of the Act the withholding tax of 20% (plus applicable surcharge and cess) is applicable on any income in respect of units of mutual fund in case of non-residents.

⁷Section 112A provides that long term capital gains arising from transfer of a long-term capital asset being a unit of an equity oriented fund shall be taxed at 12.5% (without indexation and foreign currency fluctuation benefit) of such capital gains exceeding one lakh twenty-five thousand rupees.

The concessional rate of 12.5% shall be available only if STT has been paid on transfer in case of units of equity-oriented mutual funds. Further, the limit of one lakh twenty-five thousand rupees shall apply for all other long term capital assets taxed under section 112A of the Act.

*As per provisions of section 206AA of the Act, the payer would be obliged to withhold tax at penal rates of TDS in case of payments to investors who have not furnished their PAN to the payer. The penal rate of TDS higher of 20% or rate specified under the relevant provisions of the Act or rate in force (including surcharge and health and education cess), as may be applicable.

The provisions of this section shall not apply to a non-resident subject to furnishing of necessary documents as may be prescribed.

Note: Taxability in the hands of non-residents shall be subject to Double Taxation Avoidance Agreement (DTAA) benefits which can be claimed in the return of income to be filed by such investors. The investors should obtain specific advice from their tax advisors regarding the availability of the tax treaty benefits.
