WHAT ARE LIQUID FUNDS

01 Short Maturity

Liquid funds are open ended schemes that invest in debt and money market instruments with a maximum maturity of up to 91 days.

02 High Liquidity

Liquid funds are a type of mutual fund that invest in liquid money market instruments.

03 Suitable for Emergency Funds

Liquid funds are also suitable for creating an emergency fund as they offer easy liquidity and quick redemption options.

04 Alternative to Traditional Savings Products

They are considered as an alternative to traditional short-term products since liquid funds tend to offer relatively better returns*.

*Returns from liquid funds vary depending on underlying money market conditions. The returns on the traditional banking products usually are stable over the long period of time.
